Ex-Service Men In Uniforms to Solicit In Roll Call Saturday.

LAST CHANCE TO JOIN

No Reports Friday; Estimate Total Memberships at 2,500.

Ex-service men in uniform will work side by side with Red Cross Roll Call solicitors in the downtown district Saturday in an effort to swell the city's membership in the American Red Cross.

The intensive citywide drive launched morning by more than 150 women convassers will normally close Saturday night, it was announced Friday by drive leaders.

Members of the executive committee of the city drive organization will be at the campaign headquarters in the Chamber of Commerce rooms Friday night from 7 to 9 o'clock to receive reports from the ward chairmen and precinct captains. Over 1,600 adult memberships were reported Thursday from scattered precincts.

Complaint that the city has only been partially canvassed was voiced Friday. Canvassers are centering their attention upon the house-to-house solicitations and visits to business establishments and downtown banking institutions. No effort has been made to reach the workmen in the various potteries and other industrial plants.

SALEM IS FIRST "OVER TOP" IN MERCY DRIVE

CLEVELAND, Nov. 7. — Salem, Ohio, is the first town to go over the top in the third Red Cross Roll Call with an extra enrollment of over 500 members.

Cities in Ohio, Indiana and Kentucky are vieing with each other to be among the first to report 100 per cent of their quota obtained. The ones farthest ahead in the race, according to figures today at the Lake division headquarters, are Toledo, Cincinnati, Indianapolis and Louisville.

Today is Junior Red Cross day in the schools. On Saturday solicitors will concentrate on the business men of the country.

Ohio's quota is 1,590,000.

NO DATE FOR FEUSTEL CASE

Hearing on Change of Venue Motion Not Set.

No date has been set for the hearing before Common Pleas Judge J. G. Moore on the motion filed by counsel for Herman B. Feustel, secretary-treasurer of the Empire Investment company, for a change of venue in the trial of Feustel on embezzlement charges growing out of the collapse of the bankrupt brokerage concern.

Judge Moore has been in poor health for several weeks and was given another judge by Supreme Judge Nichols at Columbus to help clear the civil docket for the September term of court. Judge Charles F. Close of Upper Sandusky will begin his duties next Monday morning.

Whether Judge Moore will hear the Feustel case will depend upon the outcome of the hearing on the change of venue motion filed by the defense. If the motion is granted, the case will be heard in an adjoining county.

CAR INJUNCTION CASE DISMISSED BY COURT

The motion filed by City Solicitor R. G. Thompson in behalf of C. R. Boyce of Chester, seeking to restrain the Steubenville, East Liverpool and Beaver Valley Traction company from placing an increased fare schedule in effect on its city lines was dismissed by Common Pleas Judge J. G. Moore in Lisbon Friday morning.

Action of Wellsville electors Tuesday in annulling the ordinance passed by Wellsville City Council granting the traction the right to increase its fares caused the automatic suspension of a similar ordinance enacted by East Liverpool's city council and left nothing in the case to be contended.

NEAR FAMINE OF COAL HERE IS RELIEVED

Three Carloads Reach Yards of Enterprise Coal Co.

SUPPLY APPORTIONED

Situation In Miners' Strike In County Is Unchanged.

Placing Thursday of three carloads of coal in the yards of the Enterprise Coal company for immediate distribution here relieved, for a time at least, the threatened coal famine in East Liverpool.

The three cars, totally about 200 tons of coal, arrived here several days ago from the Allegheny county coal fields in Western Pensylvania, but were held by the Pennsylvania Railroad company in its own yards. When the coal shortage threatened to reach an acute stage here, the railroad company issued orders to place the cars in the coal company's yards.

The supply of coal is now being distributed proportionately among orders long standing on the books and wherever needed. The City hospital has sufficient coal to heat the building for at least a week. The water works plant also has a fair supply of the commodity. With the exception of the high school building and a few rural schools, the local school buildings are heated by gas and are not affected by the coal shortage.

The situation throughout Columbiana county remained practically unchanged Friday. Large mines in the Salineville, West Point ad Salem districts were closed down and deserted except for a few mine foremen retained on duty to keep the workings in readiness for re-opening at short notice. Very few of the 1,000 or more miners in the county are seeking other employment during the strike. A pottery and a brick works are the only other industries in Salineville to which the idle miners can turn for employmet and these have not accepted any great number of the men. A few miners in West Point are now working on the county roads in that vicinity.

To alleviate any suffering that might be occasioned by the tieup of coal mines in the Salem district, the John T. Reese and Sons Coal company of Salem, has applied for a permit from the district officials of the United Mine Workers of America to re-open their mine. Coal mined from the Reese workings would be used in supplying the Salem municipal pumping station and other needy public utilities and domestic consumers.

J. T. McGILL TO RE-ENTER HOSPITAL

John T. McGill, superintendent of transportation for the Steubenville, East Liverpool & Beaver Valley Traction company, will leave Saturday for Cleveland, where he will re-enter Lakeside hospital for a third operation upon his thyroid gland. McGill returned home but a few weeks ago where he went under a second operation for the same ailment.

FRACTURES SHOULDER IN FALL FRIDAY

Frank Allen, aged 12, of Bradshaw avenue, sustained a fracture of his right shoulder in a fall from a curbstone shortly after 2 o'clock Friday afternoon. The lad was playing with several companions and pitched headlong to the street, alighting upon his shoulder. He was removed to the City hospital.

PALMER SAYS HE WILL NOT ASK VACATION OF INJUNCTION

Declares "Department of Justice Will Not Surrender."

GOMPERS MAKES PROTEST

Leaders Will Go to Jail Before They Rescind Strike Order.

BULLETIN

WASHINGTON, Nov. 7. — The government will continue its injunction proceedings against the leaders of the coal strike.

President Wilson's cabinet made this decision today after considering the protests which organized labor has made against the proceedings.

WASHINGTON, Nov. 7.—"The department of justice will not surrender" declared Attorney General Palmer today after a conference with Samuel Gompers and other labor leaders who urged him to take steps to have the government vacate its injunction proceedings in the coal strike.

The attorney general went directly to the white house from the conference. He did not stop at the cabinet rooms but went to the white house.

Gompers declared he had protested against the injunction proceedings to the attorney general. Frank Morrison and Matthew Woll, who accompanied Gompers, refused to talk of their conference.

"The department of justice will not surrender," said Attorney General Palmer as he hurried to the white house. "The situation is unchanged. There must be an unconditional surrender."

After a brief stop at the white house the attorney general went into the cabinet meeting, evidently having left a message for the president with Mrs. Wilson.

Upon reaching his office Samuel Gompers declared he had emphatically warned the attorney general there was no hope for a settlement of the strike while the injunction was in effect.

"I told him of the great danger that exists if this strike order is not vacated," Gompers said. "I told him there may be chances left yet of settling the strike, but that there may be no settlement so long as the injunction order remains in effect. I pointed out this great danger to him." necessity. They were forced into the strike by the operators."

Gompers appealed to the attorney general, it was learned, to vacate the injunction and return the coal controversy to the hands of Secretary of Labor Wilson.

LOSS OF OHIO WILL NOT AFFECT PROHIBITION

WASHINGTON, Nov. 7. — Prohibition was back in the limelight today. With the outcome of the Ohio elections still uncertain as to the prohibition referendum, leaders of both the drys and the wets were making substantial claims.

The loss of Ohio will have no effect at all, according to Wayne B. Wheeler, general counsel of the Anti-Saloon league. Wheeler was not ready to concede the loss of Ohio, but he declared that even should the final vote be against prohibition that it would merely spur other states on toward great "dry" activities.

'LIGHTLESS NIGHTS' MAY RESULT FROM STRIKE

WASHINGTON, Nov. 7. — The coal strike threatens to put the lights out.

Dr. Garfield, fuel administrator, was today making plans for putting into effect an order for "lightless nights" if the coal strike is not brought to an end abruptly.

Dr. Garfield stated that the "lightless nights" during the war saved approximately 500,000 tons of coal in a year.

THE WOMAN WHO FED ENGLAND

Eleanor Hopwood.

Here is the woman who was called upon to act as food administrator during the recent railway strike in England. Though most feminine in appearance, Eleanor Hopwood proved during the strike that she possessed in abundance certain qualities that some misguided males had hitherto considered purely marculine. She has long been assistant commissioner in the ministry of food and was previously secretary to a large commercial firm.

MAY DISPLACE PEACE PACT WITH RAIL BILL

WASHINGTON, Nov. 7.—"If I see there is no possibility of immediate action on the peace treaty I will make an effort to displace it with the railroad bill as the order of business in the senate next Monday or Tuesday," Senator Cummins of Iowa, chairman of the senate interstate commerce committee, said today.

SPECIAL STRIKE COP SHOT AND KILLED

NILES, Nov. 7. — James Cheer, ex-councilman, who acted as a special officer during the steel strike, was shot and killed late yesterday on the street by Mrs. Ollie Romanal, as he was arresting her husband, Ollie Romanal, for making alleged insulting remarks about Cheer. It is said Romanal resisted arrest and that Cheer was attempting to use his mace when when Mrs. Romanal fired a shot striking the officer between the yes.

In the excitement following the shooting, Mrs. Ramanal escaped and had not been apprehended up to noon today.

BANQUET FOR WAR VETERANS

Sons of St. George to Entertain Soldier Members of Lodge.

Members of Josiah Wedgewood lodge No. 235, Sons of St. George, who answered the call to the colors during the world war, will be guests of honor at a banquet to be staged Thursday evening, Nov. 13, in the St. Stephen's Episcopal church parish house, West Fourth street.

Thirty-two members of the lodge served with the allied forces during the war. Places are being arranged for at least 150 ex-service men and lodge members at the banquet which is to begin at 6:30 p. m. Samuel Mountford, grand president of the Ohio Sons of St. George and secretary of the local lodge, will act as toastmaster for the occasion.

The Scot Kilties band of Youngstown will furnish the entertainment for the evening. The Highlanders will parade over the down town streets beginning at 8 o'clock. They will appear in full Scottish regalia and will carry with them a comedian and a tenor singer.

OLSON DENIES COMPLICITY IN BANK ROBBERY

BROUGHT TO PITTSBURGH

Smoky City Lad Is Believed Innocent of Beaver Falls Hold-up.

Confronted by A. J. Bergman driver of the bandits' automobile, and Herberft J. Piersonl, teller of the state Deposit bank, Beaver Falls, Pa., Art Olson, 19-year old Pittsburg youth Thursday night stoutly denied complicity in the looting two weeks ago of the Beaver Falls bank, killing of a director and wounding of the cashier.

Olson, who was arested in Philadelphia early this week was brought back to Pittsburg Thursday morning and held for possible identification as one of the three bank robbers. He was ordered to don the light gray overcoat one of the three practically new outer garments found in the deserted banditts' car, recovered a few hours after

SISTERHOOD OF B'NAI ISRAEL ENTERTAINED

The first event on the season's special calendar for the Sisterhood of B'nai Israel was held Thursday afternoon the in Odd Felows' Temple, Sixth street.

Following an afternoon of cards and other diversions, luncheon was served. Hostesses for the day were Mrs. Harry Moyer, chairman; Mrs. Leon Rubin, Mrs. Gus Bendheim, Misses Rebecca Rich and Ethel Wasbutzky. Proceeds of the affair are to be contributed to the fund for the erection of the new synagogue.

THE WEATHER

Ohio and West Virginia: Generally cloudy tonight and Saturday; probably light rain tonight.

RATIFICATION VOTE CLOSE; STATE DRY; BEER TURNED DOWN

Returns From 78 of Ohio's 88 Counties Give Wets Lead of 9, 154 on Federal Dry Amendment ---State-Wide Prohibition Gets Majority of 26,817 Votes.

COLUMBUS, Nov. 7.—That the Crabbe act is defeated, that it will require the official count to determine whether federal prohibition has been ratified, but that the drys have won on the state-wide prohibition and the 2.75 per cent beer and wine proposals was the belief expressed at noon today by election officials at the secretary of state's office.

This belief is based upon the tabulation of practically complete returns from 78 of Ohio's 88 counties. Of the returns, those from 30 counties are official and complete, while those from the remaining 48 counties, although unofficial, are practically complete.

Tabulation of these returns gave the following results:

Crabbe act: Yes, 438,526; no, 471,246; wet majority, 32,720.

Ratification of national prohibition: Yes, 461,926; no, 471,080; wet majority, 9,154.

Repeal of state-wide prohibition: Yes, 431,383; no, 458,200; dry majority, 26,817.

Two and three quarters per cent beer and light wines: Yes, 448,595; no, 461,083; dry majority, 12,688.

Dry Victory Claimed by White

"If the Crabbe act has been defeated, we will have been successful exactly in the order of importance of the measures," declared Supt. White, of the Anti-Saloon League. White would not concede defeat of the Crabbe act.

"We regard the repeal amendment the most important, the beer amendment second, ratification third and the Crabbe act the least important," said White.

That returns from 85 of Ohio's 88 counties, those of Harrison, Lawrence and Mercer missing, show the wets have defeated ratification by 9,766 was the claim made by L. H. Gibson, manager of the Ohio Home Rule association. Gibson did not believe the dry vote in the three missing counties would overcome the wet lead.

Based on the returns Gibson had received, repeal of state-wide prohibition lost by 30,000 and the light wine and beer proposal was defeated by 20,000.

Smith Hits 35 Election Boards

Secretary of State Smith has written 35 county election boards requesting them to send in their "excuses" for failing to forward election returns to the secretary of state's office on Wednesday.

"If their excuses are satisfactory, I can't blame them," said Secretary Smith. "But, if not, they were delict of their duty, that's all there's to it. I had instructed them to give me fair estimates Tuesday night, if possible, and told all to be sure to send me their best available unofficial counts Wednesday.

"I'm going to look into the law to see whether I can remove boards for not following instructions of this kind. If I haven't the authority, I'm going to ask the legislature to give the secretary of state that power.

"There is no reason why the public shouldn't have speedy information as to election results."

12-INCH WATER MAIN LEAK FLOODS HOUSE

Overflow from High Pressure Pipe Seeps Through Earth, Causing Slide---No Danger of Water Shortage.

Several homes on the hillside overlooking Mulberry street East End, were deluged with water and loose earth Friday morning when the high pressure water main supplying water for the stand pipe and reservoir in the Northside sprung a leak at a point half way up the hill above East End.

The pumps at the filtration plant forcing water to the Northside were stoped shortly before noon and a crew dispatched to the scene of the break.

The escaping water seeping through the ground, has loosened great quantities of earth which is pouring into homes at the base of the hill. A cottage house owned by R. A. Ramsey ust above Pensylvania avenue, was flooded with water, while the cellars of several other homes in the neighborhood are rapidly filling.

The standpipe on the Fisher farm near the Riverview cemetery was filled with water Friday morning, while the reservoir on Huston's hill is also practically filled to capacity. No shortage of water for the residents of Pleasant Heights and the Northside is anticipated.

DRY LEAD IN COUNTY RAISED

Error of 2,000 Votes In State-wide Prohibition Poll Discovered.

Columbiana county's dry majority on the measure ratifying national prohibition was swelled by the addition of 2,000 votes Thursday when J. S. Hilbert, chief deputy of elections, discovered an error in the totals of the county vote cast at Tuesday's election.

When the final tabulations were being made a figure five was mistaken for a three. The incorrect figure was sent into the secretary of state's office, but was later replaced by the correct total. The vote on the proposal in the county now stands: Yes 3,115; no, 5,658; a dry majority of 3,457.

East Liverpool's official vote cast at the general election was 3,545, according to tabulations announced Friday by Deputy Hilbert. Columbiana county polled a total vote of 15,444.

"If their excuses are satisfactory, I can't blame them," said Secretary Smith. "But, if not, they were delict of their duty, that's all there's to it. I had instructed them to give me fair estimates Tuesday night, if possible, and told all to be sure to send me their best available unofficial counts Wednesday.

"I'm going to look into the law to see whether I can remove boards for not following instructions of this kind. If I haven't the authority, I'm going to ask the legislature to give the secretary of state that power.

"There is no reason why the public shouldn't have speedy information as to election results."

12-INCH WATER MAIN LEAK FLOODS HOUSE

Overflow from High Pressure Pipe Seeps Through Earth, Causing Slide---No Danger of Water Shortage.

Several homes on the hillside overlooking Mulberry street East End, were deluged with water and loose earth Friday morning when the high pressure water main supplying water for the stand pipe and reservoir in the Northside sprung a leak at a point half way up the hill above East End.

The pumps at the filtration plant forcing water to the Northside were stoped shortly before noon and a crew dispatched to the scene of the break.

The escaping water seeping through the ground, has loosened great quantities of earth which is pouring into homes at the base of the hill. A cottage house owned by R. A. Ramsey ust above Pensylvania avenue, was flooded with water, while the cellars of several other homes in the neighborhood are rapidly filling.

The standpipe on the Fisher farm near the Riverview cemetery was filled with water Friday morning, while the reservoir on Huston's hill is also practically filled to capacity. No shortage of water for the residents of Pleasant Heights and the Northside is anticipated.

DRY LEAD IN COUNTY RAISED

Error of 2,000 Votes In State-wide Prohibition Poll Discovered.

Columbiana county's dry majority on the measure ratifying national prohibition was swelled by the addition of 2,000 votes Thursday when J. S. Hilbert, chief deputy of elections, discovered an error in the totals of the county vote cast at Tuesday's election.

When the final tabulations were being made a figure five was mistaken for a three. The incorrect figure was sent into the secretary of state's office, but was later replaced by the correct total. The vote on the proposal in the county now stands: Yes 3,115; no, 5,658; a dry majority of 3,457.

East Liverpool's official vote cast at the general election was 3,545, according to tabulations announced Friday by Deputy Hilbert. Columbiana county polled a total vote of 15,444.

WILL ACCEPT RESERVATIONS

Position of Wilson In Treaty Fight Is Outlined.

WASHINGTON, Nov. 7.—President Wilson will accept reservations to the treaty of Versailles which "are acceptable to the friends of the treaty and which will not nullify the league of nations."

Senator Hitchcock, administration leader, made this statement this afternoon after he had spent half an hour with President Wilson laying before him the treaty situation in the senate.

"The president was entirely satisfied with the progress made by the administration leaders," said Senator Hitchcock.

"We have arranged that I shall introduce a resolution of ratification in the senate which will follow the defeat of the Lodge resolution.

"I explained to the president that the Lodge resolution will pass in committee of the whole, but when it gets into the open senate where a two-thirds vote is necessary it will be defeated. I will then offer a resolution of ratification which will be acceptable to the friends of the treaty and if that is not adopted then they will attempt a compromise resolution or ratification.

"There will be no compromise resolution of ratification until the senate is in a deadlock," Senator Hitchcock said. "When we reach the stage of a compromise, it will be up to the president to determine whether he will accept the compromise which we are able to effect or reject the treaty."

When Senator Hitchcock was asked what course had been decided upon if the Lodge resolution of ratification was adopted by the senate, he replied: "That would be up to the president to determine whether he would accept or pigeon-hole the treaty."

"I discussed with the president what we have done and what we propose to do," Senator Hitchcock said. "The president expressed his very strong approval of what has been done tod efeat the various amendments, and I outlined a plan to him to be followed with regard to reservations. He expressed his aproval in a generous way.

"The president expressed his willingness to accept any reservations that would be acceptable to the supporters of the treaty and which would not nullify the league of nations. The president also expressed his willingness to accept any reservations of interpretation."

the bank robbery along the Blackhawk Pa., road. The green hat found in the bank was also placed upon Olson's head but was found to be several sizes too small for him.

When ordered to repeat the command "Stack that money," said to have been given to Teller Pierce by one of the robbers, Olson's words were audible only to a few around him. He was again instructed to repeat the command in louder tones. Piersol said his voice sounded a "little similar to that of the bandit."

Bergman, driver of the chartered car used by the bandits to drive from Pittsburg to the bank and later used in making a getaway, said Olson looked a little like the bandit who "wore the light overcoat,' but he and Piersol declared the bandit to be an older man than Olson and of heavier build.

Bergman has been released from Beaver county jail under $1,000 bond.

ATTORNEY BALDWIN TO SPEAK HERE SUNDAY

Next Sunday evening at 7:30 o'clock Attorney Paul Baldwin of the Beaver County Bar association will speak at the St. John's Lutheran church on the subject, "The Call to Stewardship Service and Sacrifice in the United Lutheran Churches of America." The pastor, Rev. J. G. Reinartz, will speak on the topic "marching Under Two Banners." A large attendance is expected.

44 MEN JAILED DURING MONTH

With but 44 arrests registered during the month, receipts in the court of Mayor J. S. Wilson for the month of October fell off materially, according to the monthly report made public Friday.

A total of $80 in fines and license fees was collected during the month. But one license fee was received. The fines were all assessed on city cases.

Of the 44 arrests made during the month, but 12 were for intoxication. The others were for the following causes: shooting crap 11, disorderly conduct 4, fighting 4, suspicious persons 2, selling liquor in dry territory 1, larceny 1, grand larceny 2, rape 1, malicious destruction of property 1, attempted rape 1, violation of the Ohio cold storage act 1, assault 1, interferring with an officer 1.

LABOR PARADE HERE NOV. 16

Mass Meeting of Striking Steel Workers Is Called.

With the view of augmenting the ranks of striking steel workers in the Chester and Wellsville plants of the American Sheet and Tin Plate company and other works in this vicinity, a mass meeting and parade will be staged in East Liverpool Sunday afternoon, November 16.

The demonstration is being planned by Organizers John Moran and William Coates of the Wheeling district who are working in this vicinity. Lodges of the Amalgamated Association of Iron and Tin Plate Workers of America have been ofrmed in Chester and Wellsville.

Trades and Labor council at its meeting this week voted to participate in the demonstration. A committee composed of Frank Hull, Fred Shugart, G. A. Pardell, Will T. Blake and James Duffy, has been named to complete plans for the part the central labor body is to take in the affair. Several prominent speakers will be secured for the occasion.

Add Two Kilns To Plant

A new bisque kiln is being added to the plant of the Shenango China company in New Castle, Pa. A new boiler is also being installed. The entire works is operateding in full in every department. Several former East Liverpool potters are employed at the plant.

AN APPRECIATION

I desire to thank all my friends for the splendid vote given me at Tuesday's primary for councilman from the Third ward.

PETERSBURG FARMER COMMITS SUICIDE

YOUNGSTOWN, Nov. 7.—Freemont Swisher, 63, a farmer living near Petersburg, shot and almost instantly killed himself late yesterday at his home. Ill-health is believed to have led to the tragedy.

DEATH ROLL

Mrs. Treva E. Henry.

Miss Treva E. Henry, aged 26, died Wednesday evening at 6 o'clock at the home of her parents, Mr. and Mrs. J. A. Henry of Glenmoor, following a five-months' illness. Deceased was well known in this city, having been employed at the office of the Prudential Insurance company. Besides her parents she is survived by one sister, Miss Bessie.

Funeral services will be held Saturday morning at 10 o'clock in the residence in Glenmoor, followed by services in the Presbyterian church at Clarkson, at 1 o'clock. Rev. Mr. Todd, pastor of the Madison church, will officiate at the service in the home and Rev. Mr. Westlake of the Williamsport M. E. church, will conduct the church service.

Mrs. Flora G. Wells.

Mrs. Flora G. Wells, aged 60, wife of John A. Wells of Florida avenue, Chester, died at her home at 3:30 o'clock Friday morning, following a few hours' illness.

The deceased had been in apparently good health when she retired, but was stricken ill about midnight.

Mrs. Wells was born at Quincy, Ill., on August 11, 1859. She came to this vicinity when she was but two years of age. She was married to John Wells on Feb. 22, 1880. Besides her husband she is survived by six children as follows: Charles of Cleveland; Logan of Chester, and the Misses Bessie, Eva, May and Grace, at home. Two brothers and a sister also survive, James and Jess Pugh, both of Chester, and Mrs. Joseph Bailey of this city.

The deceased has been a life long member of the First Presbyterian church.

Funeral arrangements have not been completed.

SEND PROTEST TO WASHINGTON

Claiming that the enactment of any arbitrary legislation that takes away from the working man their rights of citizenship, is opposed to the purpose of their organization, employes of the Cleveland and Pittsburg railroad shop here Thursday night announced that letters to this district will be sent to Senators Warren G. Harding and Atlee Pomerene and Congressman Frank Murphy.

The railroaders are of the opinion that certain legislation introduced in the house would deprive railroad men of the "right of free speech and citizenship."

A copy of the letter which will be forwarded to each of the senators and Congressman Murphy follows:

"Recent proposed legislation introduced in both the senate and the house if enacted would deny to railroad men and other laborers the right of free speech and free citizenship and would in fact constitute involuntary servitude therefore, I appeal as a citizen whom you represent that you use your influence against the enactment of any arbitrary legislation that takes from working people their rights of citizenship.

"Further request that you use your influence toward a continuation of government control of the railroads for a period of not less than two years, in order that congress may have opportunity to enact suitable legislation before the roads are returned to private control, as the return of the roads at this time unquestionably will mean increased freight and passenger rates and add millions of dollars additional burden upon the public."

MISS JONES WILL TAKE SPECIAL COURSE

Miss Helen Jones, of Tenth street, will leave Satuday for Columbus where she will be instructed in the special home service course, in connection with the Red Cross work, at Ohio State university, said Mrs. F. S. Wade, chairman of the Wellsville Red Cross society Friday.

Miss Jones, following the completion of her course, which will likely include six weeks' training, will return to the city to take charge of the home service branch.

That Wellsville will easily go over the top in the third annual Red Cross Roll Call was indicated by officials of the organization her Friday, who stated that with nothing more than a few of the residential districts heard from results were up to expectations.

Mrs. S. F. Wade, chairman of the campaign workers organization here, stated Friday night that a total of 663 members had been reported at noon. This number includes only part of the reports from various team captains who have been working in the residential districts Mrs. Wade announced that the Cleveland and Pittsburg railroad shops here and the American Sheet and Tin Plate plant, the two big industrial concerns here, together with all other business plants, will be solicited this week.

Mrs. S. M. Brown, chairman of the Junior Red Cross drive, announced Friday that no definite reports had been turned in on the progress of the campaign among the school children. However, unofficial reports, she said, indicated that the Junior drive would be successful. It is likely, she said, that a complet report of the campaign among school children will be made Friday evening.

Mrs. Wade announced that residents who wished to subscribe for the Red Cross magazine could do so by calling at headquarters.

The first meeting of the next executive committee of the Wellsville Red Cross, apointed over a week ago, will be held at 7:30 o'clock Friday eveing in their headquarters. The executive committee will reorganize.

FIRE IN AMSTERDAM MINE BEYOND CONTROL

The fire which has been burning in the Y. & O. mine No. 2 at Amsterdam, Jefferson county, and which caused the deaths of 20 miners, has again gotten beyond control of fire fighters, it is reported. Inspectors have ordered all men from the entries.

Company officials are expected to determine whether or not the fight against the flames will be continued or the mine sealed up and abandoned.

Inspectors declare the mine is more dangerous at the present time than at any time since the fire broke out and for this reason ordered all fire fighters out.

Bible Class Meeting

The regular monthly business meeting of the Adult Bible class of the First Christian church will be held Tuesday evening in the church, Rev. J. J. Cole, the pastor, announced Friday.

"Accept my congratulations upon your Republican victory" was the substace of a telegram received by Mayor George D. Imbrie from Mayor Harry L. Davis of Cleveland Thursday night. Davis was also returned a winner in the election in the Forest City.

MINTER ADMITS HE DESERTED

Allen Minter, alias John Eckler, alias Arthur Garrell, who was arrested recently in Steubenville on charges of burglary and taken to Columbus by United States Marshal Simon Leftus, admitted Thursday to being a deserter from the United States army.

Minter is wanted in New Cumberland, Wellsville and other valley towns. He escaped from jail at New Cumberland. Later he broke into several Wellsville houses and stole a large amount of cash, jewelry and clothes, it is alleged. He was apprehended several days later in Steubenville.

When arraigned in federal court at Columbus, Minter pleaded not guilty to the charge of unlawfully wearing the army uniform. Apparently to prove his assertion Minter admitted to being guilty to a more serious crime, that of desertion. He said that he enlisted at Scranton, Pa., in July, 1917, and deserted at Camp Grant five months later.

In the event that Minter escapes prosecution at the hands of the federal authorities he will be returned to Steubenville. It is expected, however, that he will be turned over to the military authorities for desertion, in view of his statements Thursday.

TO BEGIN WORK ON NEW MILL

Work will be begun on the Follansbee Brothers big mill in Toronto this week, it is asserted by officials.

Three representatives of the Mish Notherland company of Pittsburgh arrived in Toronto Thursday, ready to begin operations. The contractors are now securing a force of men, teams and all available local equipment, and as fast as these are procured the work of excavating and filling will start. Between 400 and 500 men will be engaged on this work for more than a year, it was stated.

Offices are being fitted up as fast as possible for superintendents, foremen and the clerical force. The big contract, it is estimated, will supply work for all the idle men in this district for many months to come. The equipment of the contractors is beginning to arrive.

SEND PROTEST TO WASHINGTON

Claiming that the enactment of any arbitrary legislation that takes away from the working man their rights of citizenship, is opposed to the purpose of their organization, employes of the Cleveland and Pittsburg railroad shop here Thursday night announced that letters to this district will be sent to Senators Warren G. Harding and Atlee Pomerene and Congressman Frank Murphy.

The railroaders are of the opinion that certain legislation introduced in the house would deprive railroad men of the "right of free speech and citizenship."

A copy of the letter which will be forwarded to each of the senators and Congressman Murphy follows:

"Recent proposed legislation introduced in both the senate and the house if enacted would deny to railroad men and other laborers the right of free speech and free citizenship and would in fact constitute involuntary servitude therefore, I appeal as a citizen whom you represent that you use your influence against the enactment of any arbitrary legislation that takes from working people their rights of citizenship.

"Further request that you use your influence toward a continuation of government control of the railroads for a period of not less than two years, in order that congress may have opportunity to enact suitable legislation before the roads are returned to private control, as the return of the roads at this time unquestionably will mean increased freight and passenger rates and add millions of dollars additional burden upon the public."

East Liverpool Review

THE EAST LIVERPOOL PUBLISHING COMPANY

Entered at East Liverpool, Ohio, as Second Class Matter

The Review, the only evening newspaper in East Liverpool, has a larger circulation than any other newspaper in East Liverpool or Columbiana county, according to the Audit Bureau Circulation's audit. In East Liverpool it has almost twice the circulation of the morning paper. The Review is the only newspaper in Columbiana county with a full leased wire service.

WEAR YOUR BUTTON.

"Wear Your Button!"

This is the slogan today of 150 women in East Liverpool, who, with the entire city declared "open territory," are tagging every person who is not wearing the badge of honor—the Red Cross button—signifying membership in the greatest agency of mercy.

With less than 2,000 memberships reported this morning, the campaigners, determined to put the city "over the top" before Saturday evening, are stepping lively in order, if possible, that a 100 per cent enrollment may be obtained.

During 1919, East Liverpool had approximately 5,000 members in the Red Cross, despite the fact that the influenza epidemic last fall retarded efforts to make a house-to-house canvass. With nothing to handicap the campaign this year, the workers feel that close to 10,000 memberships should be secured. This number, of course, will include many juniors.

Realization of the purposes for which this money—and only one dollar is asked for an adult membership—is expended should be sufficient argument for a record enrollment here. And another important point to remember is that half of the membership money obtained is returned to each locality for its own needs.

We need the Red Cross. Without such an angel of mercy, East Liverpool would have faced an insurmountable obstacle in procuring nursing attention during the influenza epidemic last fall. But this is but one of the many tasks that falls to the lot of the organization. It carries its commendable work to all points of the universe in peace-time as well as when a country is ravaged by war. And to continue, it must have money.

East Liverpool, with a record of 100 per cent patriotism in all war relief work, is not going to lose the honor in the third roll call for the Red Cross. If you have not signed the membership roll, call up a solicitor. And then be sure to wear your button and display your window card.

A NATIONAL CREDIT CORPORATION.

A new kind of corporation was proposed by Secretary of Commerce Redfield to the international trade conference in Atlantic City. It is a great credit corporation, to be financed by popular subscription and to operate by giving credit to foreign nations.

The foreign credit situation, as most American business men recognize, is serious. Europe has bought already from the United States about $12,000,000,000 worth of goods more than she is able to pay for. Nearly all of this will be paid, no doubt, some time; but there is neither gold nor goods to even the score now; and in the meantime Europe needs huge quantities of additional supplies to enable her to get on her feet and start producing again for herself.

It is considered desirable, and even necessary, for Americans to provide those supplies for Europe. It is not only an act of benevolence; it is a means of enabling Europe to take care of herself instead of continuing to depend on us, and to insure the payment of what she already owes us.

But how shall the credit be provided? The United States government has already given our allies nearly $10,000,000,000 of credit. About $2,500,000,000 more has been lent privately, in cash or credit, by American bankers and manufacturers. Not much more is to be expected from either source. But there is a great untapped reservoir of credit—the same public purse from which the United States drew its billions for the war.

Secretary Redfield would capitalize his credit corporation at half a billion to a billion dollars, and provide the funds for it after the manner of Liberty Loan subscriptions. The funds would then be dispensed among foreign nations, provinces, cities, etc., wherever they would do the most good, under the supervision of the Federal Reserve Board.

This is a novel proposition, and calls for considerable study before it is endorsed. The American public, rather provincial in investment matters, and only recently accustomed even to putting its savings into government bonds, is wary of any kind of foreign investment. It will take considerable urging to persuade people to lend their savings to Europe for credit purposes, as they did to Uncle Sam for war purposes. Still, it might be done.

"CLASSES"

There is altogether too much talk about "classes" in this country. The result is to create a mischievous belief in a condition that does not exist.

The idea of distinct social and economic classes is borrowed from Europe, where such distinctions answer more nearly to actual facts. It is promoted by economic writers who assume the existence of clean-cut groups in order to discuss principles more clearly, but who would admit, if they ever stopped their theorizing and hair-splitting, that such terms as "capitalist class," "laboring class," "middle class," etc., do not describe definite segments of society, but only serve to emphasize tendencies.

The edges of our so-called classes are vague and confused, overlapping and merging so that half the time nobody can tell where one begins and the other ends. The "workman" of today, saving his money and using his brains, becomes the "capitalist" of tomorrow. The employe develops into the employer. The "proletarian" or unskilled laborer who is theoretically an industrial slave, always on the edge of want, becomes the prosperous skilled laborer. The skilled laborer becomes a foreman. The foreman becomes a superintendent. The shop man grows into an office man. Manual workers or their children drift into "professions." Professional people go into commerce, and vice versa. There are employers who work alongside of their employes, and there are countless capitalists who manage their own business, and thus earn "wages of superintendence" along with their dividends or interest.

Any man with the necessary energy, brains and character, can rise out of any grade of work and living to the grade above him, and then to the one above that, practically without limit. Our business life is full of instances in point. And the process is going on right now, in every industry in America.

NEW YORK LETTER

By O. O. McINTYRE.

NEW YORK, Nov. 7.—The busiest man in New York is Tim, the wig-wag man at Herald Square. It is Tim's job to see that street cars coming in six different directions every few minutes do not dispute the right of way with each other. He keeps them running smoothly by waving red and white flags from morning until evening.

I watched Tim the other morning with more or less fascination for a half hour. Then I walked up Broadway and saw a surb-stone photographer. Job's patience seems trifling in comparison with these itinerant camera men. They put up their camera early every morning and just stand till sun down.

In all the years I have watched them I have never seen them take a photograph. They very seldom even solicit business. And when they do attempt to make a sale they assume all the burden. They take the photograph, your address and the sale is conditioned—that word doesn't sound right—upon your liking the photos.

They're a queer looking lot too. I wonder what lies behind their bored indifference to everything. They generally wear brown or black derbies, blue serge suits, shiny in spots, but well creased, and a cigarette, rolled by hand, hangs loosely from the rather gagging lips.

One or two of them I have seen also cling to the ancient custom of carrying the comb in the vest pocket. They never smile. They resent any show of friendliness. I have tried to talk to nearly all of them in the Tenderloin district. They judged me queer and turned away.

A central office man tells me that so far as he knows they are not criminals and none has a record. For some man—Irvin Cobb or Harry Leon Wilson could do it splendidly—there is a chance to show, as through a glass, the soul of the itinerant photographer, the beatings of his heart, to make plain for simple fellows like me the inner and hidden meaning of his reserve, his mask of indifference.

My mornings are practically wasted these days looking for high-flown ads in the want columns of the morning periodicals. They abound with them and interpret the new order of things better than pedantic piffle in the serious publications. I quote from a recent ad in the Tribune:

Chambermaid — Lady, beautiful, sweet tempered, lovely voice related to best families of Hunter's Point, might accept a job as lady chambermaid if properly approached by the woman of the house. No work only object. Wages be damned. Will grant inviedview in foyer of Ritz-Carlton. Don't try to phone; service rotten. Bridget.

Prohibition whiskey, so called, does strange things. A dapper young man with a 2.75 per cent mustache, a gaudy wrist watch and all scented up with cologne amazed a group of visitors at the Bronx zoo the other day by climbing over into the polar bear cage and tweaking the tale of a ferocious polar. When the keepers finally got him out with hook poles he remarked that a drink of whiskey he had procured from a sort of blind tiger in the Bronx had made him go in for his zoological atrocity.

William Mason has left Sing Sing at the age of 75 years—penniless and friendless—and convinced that crime doesn't pay. He has been a criminal for 50 years. He left the prison because of the law's mercy, being too old to do further harm. Always when at liberty, the police were shooting at him, battering him into insensibility and of the past 40 years 30 have been spent behind prison walls.

"Your Daily Bread"

Take off your hat to the sweet nourishing loaf of Bread.

Your "daily bread" is really something to "shout about"---to be thankful for---especially in these days of soaring table costs.

Bread is more than a highly nutritious food---*it's economical*---the only really economical food today.

Since the beginning of civilization, bread has never been equalled as a food for the human race. Think of it.

Bread is nature's one complete food. It strengthens your muscles. It restores worn tissues. It is a regular dynamo of energy.

Also rememer this. A pound-and-a-half loaf of Bread will do the same work as six pounds of beefsteak or eight eggs.

Doubling your daily Bread-eating means doubling your health, the size of your purse and the joy of living.

By using pure ingredients and advanced methods of baking, we are going to bring you Bread so rich and delicious that you just can't help eating more of it.

East Liverpool and Chester-baked Bread is your best food---always wholesome, tempting and highly nutritious. Eat it---

WEAR YOUR BUTTON.

"Wear Your Button!"

This is the slogan today of 150 women in East Liverpool, who, with the entire city declared "open territory," are tagging every person who is not wearing the badge of honor—the Red Cross button—signifying membership in the greatest agency of mercy.

With less than 2,000 memberships reported this morning, the campaigners, determined to put the city "over the top" before Saturday evening, are stepping lively in order, if possible, that a 100 per cent enrollment may be obtained.

During 1919, East Liverpool had approximately 5,000 members in the Red Cross, despite the fact that the influenza epidemic last fall retarded efforts to make a house-to-house canvass. With nothing to handicap the campaign this year, the workers feel that close to 10,000 memberships should be secured. This number, of course, will include many juniors.

Realization of the purposes for which this money—and only one dollar is asked for an adult membership—is expended should be sufficient argument for a record enrollment here. And another important point to remember is that half of the membership money obtained is returned to each locality for its own needs.

We need the Red Cross. Without such an angel of mercy, East Liverpool would have faced an insurmountable obstacle in procuring nursing attention during the influenza epidemic last fall. But this is but one of the many tasks that falls to the lot of the organization. It carries its commendable work to all points of the universe in peace-time as well as when a country is ravaged by war. And to continue, it must have money.

East Liverpool, with a record of 100 per cent patriotism in all war relief work, is not going to lose the honor in the third roll call for the Red Cross. If you have not signed the membership roll, call up a solicitor. And then be sure to wear your button and display your window card.

A NATIONAL CREDIT CORPORATION.

A new kind of corporation was proposed by Secretary of Commerce Redfield to the international trade conference in Atlantic City. It is a great credit corporation, to be financed by popular subscription and to operate by giving credit to foreign nations.

The foreign credit situation, as most American business men recognize, is serious. Europe has bought already from the United States about $12,000,000,000 worth of goods more than she is able to pay for. Nearly all of this will be paid, no doubt, some time; but there is neither gold nor goods to even the score now; and in the meantime Europe needs huge quantities of additional supplies to enable her to get on her feet and start producing again for herself.

It is considered desirable, and even necessary, for Americans to provide those supplies for Europe. It is not only an act of benevolence; it is a means of enabling Europe to take care of herself instead of continuing to depend on us, and to insure the payment of what she already owes us.

But how shall the credit be provided? The United States government has already given our allies nearly $10,000,000,000 of credit. About $2,500,000,000 more has been lent privately, in cash or credit, by American bankers and manufacturers. Not much more is to be expected from either source. But there is a great untapped reservoir of credit—the same public purse from which the United States drew its billions for the war.

RESTORES VITALITY

Gives Strength to the Nervously Weak and Run-Down.

Peptiron is both medicine and food for the blood and nerves. It is in full accord with advanced science as to the proper treatment of anemic and neurasthenic conditions in which the need of more and better nourishment is so apparent. It combines iron and manganese with nux, celery, pepsin and other tonics and digestives. It supplies the deficiency of red blood corpuscles in anemia, repairs the waste of nerve tissue in nervousness, gives color and stamina and restores vitality.

PREPARE ROOM FOR NEW BANK

The Potters' Lumber company has been awarded the contract for the interior alteration of the store room in the Hodson building, East Fifth street, to be occupied this month by the new Community bank.

Delay in vacating the establishment by the Consolidated Cleaning company which occupied the room caused a postponement in the date set for the formal opening of the city's new financial institution.

The interior of the room will be remodeled and fitted for use as a bank. Clyde Springer, former member of the staff of the Citizens' National bank, will be cashier of the new Community bank.

PREPARE ROOM FOR NEW BANK

The Potters' Lumber company has been awarded the contract for the interior alteration of the store room in the Hodson building, East Fifth street, to be occupied this month by the new Community bank.

Delay in vacating the establishment by the Consolidated Cleaning company which occupied the room caused a postponement in the date set for the formal opening of the city's new financial institution.

The interior of the room will be remodeled and fitted for use as a bank. Clyde Springer, former member of the staff of the Citizens' National bank, will be cashier of the new Community bank.

GUARD HOME OF GERMAN PRESIDENT

BERLIN, Nov. 7.—Barbed wire entanglements and machine guns have been placed around the official residence of President Frederick Ebert as a precaution against any outbreaks on the anniversary of the German revolution on Sunday.

Revelations of Sparticist plotting have caused much afarm on the part of government officials. Police have been quietly carrying out a series of raids against houses where meetings have been taking place and munitions have been stored secretly.

RESTORES VITALITY

Gives Strength to the Nervously Weak and Run-Down.

Peptiron is both medicine and food for the blood and nerves. It is in full accord with advanced science as to the proper treatment of anemic and neurasthenic conditions in which the need of more and better nourishment is so apparent. It combines iron and manganese with nux, celery, pepsin and other tonics and digestives. It supplies the deficiency of red blood corpuscles in anemia, repairs the waste of nerve tissue in nervousness, gives color and stamina and restores vitality.

"I was run down and nervous. Peptron has done me great good." Serena Rifenburg, Trivoli, N. Y.

PREPARE ROOM FOR NEW BANK

The Potters' Lumber company has been awarded the contract for the interior alteration of the store room in the Hodson building, East Fifth street, to be occupied this month by the new Community bank.

Delay in vacating the establishment by the Consolidated Cleaning company which occupied the room caused a postponement in the date set for the formal opening of the city's new financial institution.

The interior of the room will be remodeled and fitted for use as a bank. Clyde Springer, former member of the staff of the Citizens' National bank, will be cashier of the new Community bank.

GUARD HOME OF GERMAN PRESIDENT

BERLIN, Nov. 7.—Barbed wire entanglements and machine guns have been placed around the official residence of President Frederick Ebert as a precaution against any outbreaks on the anniversary of the German revolution on Sunday.

Revelations of Sparticist plotting have caused much afarm on the part of government officials. Police have been quietly carrying out a series of raids against houses where meetings have been taking place and munitions have been stored secretly.

SENATE PICKS MEN FOR WHITE HOUSE CONTEST

Discussion of Pre-Convention Possibilities Is Chief "Indoor Sport."

HERE ARE ELIGIBLES

Former Secretary McAdoo May Lead Demmies; G. O. P. Favors Harding.

WASHINGTON, Nov. 7. — "Picking the presidential candidates" is the great indoor sport of congress these days.

Between intervals of debate on the peace treaty and discussion of strikes members of congress spend their time in the cloak rooms discussing potential presidential candidates. "The Winter League of Politics" is well under way, and as soon as the peace treaty is disposed of there will be interesting political developments.

Most of the potential candidates who are waiting for the lightning to strike are in the senate. The Democrats have a few possible candidates who are in private life and some who are in the cabinet, but Republicans are at present popularly supposed to be resting their hopes on certain senators.

Official Washington generally picks its pre-convention candidates from the senate. The convention generally upsets these selections and the United States is yet to have a president who has been a senator. The most of the presidential gossip is heard at the capitol and principally in the senate cloak rooms, although house members are active in their favorite son booms.

Progressive Republicans now are laying their bets on Senator Hiram Johnson of California as the next Republican candidate. These bets are not without takers, however, for other Republican senators who are acknowledged to be in the race include Senator Miles Poindexter of Washington, Senator Kellogg of Minnesota, Senator Lenroot of Wisconsin, Senator Knox of Pennsylvania, Senator Lodge of Massachusetts, Senator Harding of Ohio, Senator Watson of Indiana and Senator Cummins of Iowa. These are but but a few of the names that have been mentioned, for there is hardly a man who reaches the senate who doesn't bob up at some time or other as a possible candidate for president.

Gretchen Hartman and Helen Weer in "The House Without Children," the motion picture play that introduces the new dissolving screen enabling the big punch scene to be played on the stage.

In the Democratic camp the gossip runs considerably outside of the halls of congress. There are three candidates most frequently mentioned. These are former Secretary of the Treasury McAdoo, Attorney General A. Mitchell Palmer and Senator Gilbert Hitchcock of Nebraska.

President Wilson's illness has given greater confidence to the political candidates in the Democratic party. They are now convinced that the possibilities of a third term for the present incumbent are slight and they are setting to with a vim to get away with a good start toward the convention honors.

Friends of former Secretary McAdoo rely upon his record as a public official and his connections with the present leader of the Democratic party to win for them. Attorney General Palmer's boosters are counting upon the personality of their candidate and his efforts to reduce the high cost of living. Senator Hitchcock's boom rides on the League of Nations band wagon, for he is put forth as the leader of that cause, which, it is predicted, will assuredly be an issue in the coming campaign.

Among those who are now also mentioned are Senator Pomerene of Ohio, Senator Myers of Montana, Bernard M. Baruch, Colonel House, Senator Underwood and Vice President Marshall.

Of course, there are some very likely candidates in the states, including a few governors and some military men and also a few business men.

LUCILE LEE STEWART IN DIAMOND FILM

Lucile Lee Stewart, the emotional star who appears in "The Eleventh Cammandment," at the Dimond Friday and Saturday, the Ralph Ince production, released by Exhibitors Mutual, is credited with the greatest success of her career in this big dramatic play.

Miss Stewart's portrayal of the character of Dora Chester in her new picture is said to afford the popular star a role in which the power and charm of her distinctive emotional talent is given full sway. This delineator of screen characterizes is at her best when the situation is one of tense and restrained feeling.

Never overacting, the surety with which she approaches her part and the magnetism of her personality gives an individuality to everything she does. A big scene in "The Eleventh Commandment," which calls upon her resources to the utmost is when as a happily married young bride, worshipped by her husband, she is confronted at night in the privacy of her sleeping apartment by a visitor who turns out to be her former fiance, determined to wreck her happiness by revealing to her husband an unhappy episode of her past.

ENACT SCENES ON STAGE IN CONNECTION WITH FILM

At last the movie people announce that they have really something new to offer us. We have seen plays made into pictures, and successful pictures dramatized for the stage, but a combination of the stage and screen in one offering is new. That's exactly what is promised us when Robert McLaughlin's successful drama, "The House Without Children," comes to the Ceramic for a four-day run starting Monday.

After Mr. McLaughlin's drama was made over into pictures it was found that several of the big scenes that carried the drama to such success on the speaking stage lost a deal of their value and punch on the screen. The management then decided to enact these scenes on the stage in connection with the showing of the film.

Many difficulties for a long time were encountered. For instance to stop projecting the picture, put up the lights, raise the screen, and set the stage for the scenes to be played, detracted considerably from the general effect of the story.

Many weeks of experiment with special constructed screens and projection machines finally brought results. When the film is shown here the new manner of presentation will be introduced.

Instead of undergoing the sudden transition from the stage to the screen the picture will fade from the view and the living actors will be seen and heard. After the scene is played, it will gradually fade out, ad the film will take its place. The screen upon which the picture is shown wil never at any time move.

The innovation is brought about through the manipulation of the lights and plate glass screens. The entire lighting aparatus used in the production, including the switchboard, travels with the organization. A staff of mechanics and electricians also accompany the film.

"BIRTH OF A RACE" IS FILM AT CERAMIC

It was an ambitious task the making of "The Birth of a Race" set for themselves but they succeeded with it and the result is a truly great photoplay which was produced in the Blackstone theater and later the Playhouse, Chicago, with wonderful success.

The aim was to show the struggle and triumph of democracy throughout the ages, with the great war as the latest and most vivid phase. To do this the picture is divided into two distinct parts. The first half is historical and dates back to the creation of the world. The second half is modern drama of the recent year. The two parts are very different in treatmen and effect.

"The Birth of a Race"is an exceptionally fine piece of photodramatic production in every detail. It is the attraction at the Ceramic Friday, and Saturday.

SIX-REEL FEATURE AT STRAND THEATRE

The first Charles Miller special, produced under the Charles Miller Productions, Inc., for release by Frank G. Hall, president of Independent Sales Corporation, and vice president of the Miller company, is "A Dangerous Affair," and is shown in six reels and represents the standard of photodramatic art as set by Mr. Miller in such of his productions as "The Flame of the Yukon," starring Dorothy Dalton; "The Ghosts of Yesterday," with Norma Talmadge, and other Miller productions that stand today as examples of all that is art in motion pictures.

For the portrayal of the principal roles in his first production for the Hall program of independent releases, Mr. Miller had the services of Herbert Rawlinson, Stuart Holmes, Florence Billings, Chares E. Steveson, Warren Cooke, Vinthon Friedley, Regina Quinn, Ernest Torrence—all known for work of character and finish in the screens best productions. Edward Earle, who has served behind the camera for the screens' best directors, and who, in point of time, is one of the oldest cameramen for the silent drama, is responsible for the photography.

Adventure and romance are the predominating notes struck in this Miller production.

In one scene it is said that Mr. Miller has given to the screen one of the best exhibitions of the famed Japanese art of self defense, Juit-Jitsu, ever enacted.

"A Dangerous Affair" will be seen on the screen of the Strand theater Friday and Saturday as a special attraction.

Dorsey Knocked Out

"ROBIN HOOD" COMING TO CERAMIC THEATRE

Inquiry as to the prevailing opinion regarding the opening of "Robin Hood" reveals a wide knowledge of the famous comic opera. A local music lover in discussing it yesterday said: "'Robin Hood' is a real joy to a music lover. Every moment the curtain is up brings genuine pleasure, for there is not a dull spot in De Koven's masterpiece. I shall never forget Jessie Bartlett Davis' singing of 'St. Swithen's Chimes' in the last act, accompanied by the large chorus and the pealing chimes, the scene being the central square of the medieval town of Nottingham. Nor less appealing was the 'Armourer' Song' sung at the flaming forge by the big, swarthy blacksmith to the clang of the ringing anvil. Nothing more picturesque can be imagined than the scene in beautiful Sherwood forest where the entire chorus appear as outlaw archers and join with 'Little John' in 'Brown October Ale,' a superb number. The jointly costumed archers the multi-colored foliage and primitive landscape, lighted by thousands of delicately tinted high power lights form a scene long to be remembered."

"Robin Hood" will be the attraction at the Ceramic theater Friday evening, Nov. 14.

Almost all the fossil animals that have been obtained in China by foreigners have been purchased in apothecary shops.

FAMILY FRIEND IS NOW CURED

Voskamp Street Lady Was Skeptical of any Medicine Help-in Her.

It is always interesting to listen to the statements of friends and especially when you know they are sincere and honest in what they say. Added interest is created to a statement coming from one who has lived for years in a city and has the confidence of her friends and associates. Such a person is Mrs. Alys Bosic, who resides at 1237 Voskamp street, Fittsburg, and is prominent in lodge circles and has hosts of friends. She stated:

"For over eight years I have suffered from a nervous breakdown and my stomach was in a very weak condition and I could hardly keep any food in it. I had headache and was very miserable all the time. Finally I got so weak that I was not able to get around to do my house work and all the medicine I had taken did not relieve me. A friend of my husband's father told me he was cured by Plant Juice of such a trouble as I had and so I got a bottle and started to take it. It certainly has done wonders for me, for it has put my stomach in fine condition and toned my nerves up so that I am able to sleep the night through and am doing my own housework again. I am only too glad to recommend Plant Juice, as it did so much for me."

Plant Juice is sold in East Liverpool at Larkins drug store.

WANTED—FOUR LIVE DEMONSTRATORS TO WORK WELLSVILLE AND SURROUNDING TERRITORY. CALL AT ONCE.

SENATE PICKS MEN FOR WHITE HOUSE CONTEST

Discussion of Pre-Convention Possibilities Is Chief "Indoor Sport."

HERE ARE ELIGIBLES

Former Secretary McAdoo May Lead Demmies; G. O. P. Favors Harding.

WASHINGTON, Nov. 7. — "Picking the presidential candidates" is the great indoor sport of congress these days.

Between intervals of debate on the peace treaty and discussion of strikes members of congress spend their time in the cloak rooms discussing potential presidential candidates. "The Winter League of Politics" is well under way, and as soon as the peace treaty is disposed of there will be interesting political developments.

Most of the potential candidates who are waiting for the lightning to strike are in the senate. The Democrats have a few possible candidates who are in private life and some who are in the cabinet, but Republicans are at present popularly supposed to be resting their hopes on certain senators.

Official Washington generally picks its pre-convention candidates from the senate. The convention generally upsets these selections and the United States is yet to have a president who has been a senator. The most of the presidential gossip is heard at the capitol and principally in the senate cloak rooms, although house members are active in their favorite son booms.

Progressive Republicans now are laying their bets on Senator Hiram Johnson of California as the next Republican candidate. These bets are not without takers, however, for other Republican senators who are acknowledged to be in the race include Senator Miles Poindexter of Washington, Senator Kellogg of Minnesota, Senator Lenroot of Wisconsin, Senator Knox of Pennsylvania, Senator Lodge of Massachusetts, Senator Harding of Ohio, Senator Watson of Indiana and Senator Cummins of Iowa. These are but but a few of the names that have been mentioned, for there is hardly a man who reaches the senate who doesn't bob up at some time or other as a possible candidate for president.

Gretchen Hartman and Helen Weer in "The House Without Children," the motion picture play that introduces the new dissolving screen enabling the big punch scene to be played on the stage.

In the Democratic camp the gossip runs considerably outside of the halls of congress. There are three candidates most frequently mentioned. These are former Secretary of the Treasury McAdoo, Attorney General A. Mitchell Palmer and Senator Gilbert Hitchcock of Nebraska.

President Wilson's illness has given greater confidence to the political candidates in the Democratic party. They are now convinced that the possibilities of a third term for the present incumbent are slight and they are setting to with a vim to get away with a good start toward the convention honors.

Friends of former Secretary McAdoo rely upon his record as a public official and his connections with the present leader of the Democratic party to win for them. Attorney General Palmer's boosters are counting upon the personality of their candidate and his efforts to reduce the high cost of living. Senator Hitchcock's boom rides on the League of Nations band wagon, for he is put forth as the leader of that cause, which, it is predicted, will assuredly be an issue in the coming campaign.

Among those who are now also mentioned are Senator Pomerene of Ohio, Senator Myers of Montana, Bernard M. Baruch, Colonel House, Senator Underwood and Vice President Marshall.

Of course, there are some very likely candidates in the states, including a few governors and some military men and also a few business men.

BAD COLD GOT YOU? FEELING GRIPPY?

CITY OIL CO. GETS GAS WELL

The Crockery City Oil and Gas company of this city has just struck a gas well with a daily flow of 250,000 feet on its holdings in Ludlow township, Washington county, according to announcement made Thursday by W. H. Blatter of East End, president of the concern.

The strike was made at a depth of 1,600 feet. A survey of all oil producing wells that have struck a good flow of oil at a greater depth of 1,600 feet will be made at once by the company, President Blatter stated, with the view of deciding whether to sink the well further in the hope of striking oil.

If there is a danger of striking water and ruining the flow of gas the well will be retained at its present depth. The company has just acquired a new lease of 44 acres in Washington county and plans the drilling of a second well.

LUCILE LEE STEWART IN DIAMOND FILM

Lucile Lee Stewart, the emotional star who appears in "The Eleventh Cammandment," at the Dimond Friday and Saturday, the Ralph Ince production, released by Exhibitors Mutual, is credited with the greatest success of her career in this big dramatic play.

Miss Stewart's portrayal of the character of Dora Chester in her new picture is said to afford the popular star a role in which the power and charm of her distinctive emotional talent is given full sway. This delineator of screen characterizes is at her best when the situation is one of tense and restrained feeling.

Never overacting, the surety with which she approaches her part and the magnetism of her personality gives an individuality to everything she does. A big scene in "The Eleventh Commandment," which calls upon her resources to the utmost is when as a happily married young bride, worshipped by her husband, she is confronted at night in the privacy of her sleeping apartment by a visitor who turns out to be her former fiance, determined to wreck her happiness by revealing to her husband an unhappy episode of her past.

ENACT SCENES ON STAGE IN CONNECTION WITH FILM

At last the movie people announce that they have really something new to offer us. We have seen plays made into pictures, and successful pictures dramatized for the stage, but a combination of the stage and screen in one offering is new. That's exactly what is promised us when Robert McLaughlin's successful drama, "The House Without Children," comes to the Ceramic for a four-day run starting Monday.

After Mr. McLaughlin's drama was made over into pictures it was found that several of the big scenes that carried the drama to such success on the speaking stage lost a deal of their value and punch on the screen. The management then decided to enact these scenes on the stage in connection with the showing of the film.

Many difficulties for a long time were encountered. For instance to stop projecting the picture, put up the lights, raise the screen, and set the stage for the scenes to be played, detracted considerably from the general effect of the story.

Many weeks of experiment with special constructed screens and projection machines finally brought results. When the film is shown here the new manner of presentation will be introduced.

Instead of undergoing the sudden transition from the stage to the screen the picture will fade from the view and the living actors will be seen and heard. After the scene is played, it will gradually fade out, ad the film will take its place. The screen upon which the picture is shown wil never at any time move.

The innovation is brought about through the manipulation of the lights and plate glass screens. The entire lighting aparatus used in the production, including the switchboard, travels with the organization. A staff of mechanics and electricians also accompany the film.

"BIRTH OF A RACE" IS FILM AT CERAMIC

It was an ambitious task the making of "The Birth of a Race" set for themselves but they succeeded with it and the result is a truly great photoplay which was produced in the Blackstone theater and later the Playhouse, Chicago, with wonderful success.

The aim was to show the struggle and triumph of democracy throughout the ages, with the great war as the latest and most vivid phase. To do this the picture is divided into two distinct parts. The first half is historical and dates back to the creation of the world. The second half is modern drama of the recent year. The two parts are very different in treatmen and effect.

"The Birth of a Race"is an exceptionally fine piece of photodramatic production in every detail. It is the attraction at the Ceramic Friday, and Saturday.

SIX-REEL FEATURE AT STRAND THEATRE

The first Charles Miller special, produced under the Charles Miller Productions, Inc., for release by Frank G. Hall, president of Independent Sales Corporation, and vice president of the Miller company, is "A Dangerous Affair," and is shown in six reels and represents the standard of photodramatic art as set by Mr. Miller in such of his productions as "The Flame of the Yukon," starring Dorothy Dalton; "The Ghosts of Yesterday," with Norma Talmadge, and other Miller productions that stand today as examples of all that is art in motion pictures.

For the portrayal of the principal roles in his first production for the Hall program of independent releases, Mr. Miller had the services of Herbert Rawlinson, Stuart Holmes, Floernce Billings, Chares E. Steveson, Warren Cooke, Vinthon Friedley, Regina Quinn, Ernest Torrence—all known for work of character and finish in the screens best productions. Edward Earle, who has served behind the camera for the screens' best directors, and who, in point of time, is one of the oldest cameramen for the silent drama, is responsible for the photography.

Adventure and romance are the predominating notes struck in this Miller production.

In one scene it is said that Mr. Miller has given to the screen one of the best exhibitions of the famed Japanese art of self defense, Juit-Jitsu, ever enacted.

"A Dangerous Affair" will be seen on the screen of the Strand theater Friday and Saturday as a special attraction.

Dorsey Knocked Out

BUFFALO, Nov. 7.—Rocky Kansas knocked out Eddie Dorsey, claimant of the negro lightweight championship in nine rounds at Toronto last night. Dorsey took a nasty beating. George Ernie and Frankie Bull boxed a fast ten rounds at 138 pounds. Saturday night Erne meets Lew Tendler in Philadelphia.

"ROBIN HOOD" COMING TO CERAMIC THEATRE

Inquiry as to the prevailing opinion regarding the opening of "Robin Hood" reveals a wide knowledge of the famous comic opera. A local music lover in discussing it yesterday said: "'Robin Hood' is a real joy to a music lover. Every moment the curtain is up brings genuine pleasure, for there is not a dull spot in De Koven's masterpiece. I shall never forget Jessie Bartlett Davis' singing of 'St. Swithen's Chimes' in the last act, accompanied by the large chorus and the pealing chimes, the scene being the central square of the medieval town of Nottingham. Nor less appealing was the 'Armourer' Song' sung at the flaming forge by the big, swarthy blacksmith to the clang of the ringing anvil. Nothing more picturesque can be imagined than the scene in beautiful Sherwood forest where the entire chorus appear as outlaw archers and join with 'Little John' in 'Brown October Ale,' a superb number. The jointly costumed archers the multi-colored foliage and primitive landscape, lighted by thousands of delicately tinted high power lights form a scene long to be remembered."

"Robin Hood" will be the attraction at the Ceramic theater Friday evening, Nov. 14.

FAMILY FRIEND IS NOW CURED

Voskamp Street Lady Was Skeptical of any Medicine Help-in Her.

It is always interesting to listen to the statements of friends and especially when you know they are sincere and honest in what they say. Added interest is created to a statement coming from one who has lived for years in a city and has the confidence of her friends and associates. Such a person is Mrs. Alys Bosic, who resides at 1237 Voskamp street, Fittsburg, and is prominent in lodge circles and has hosts of friends. She stated:

"For over eight years I have suffered from a nervous breakdown and my stomach was in a very weak condition and I could hardly keep any food in it. I had headache and was very miserable all the time. Finally I got so weak that I was not able to get around to do my house work and all the medicine I had taken did not relieve me. A friend of my husband's father told me he was cured by Plant Juice of such a trouble as I had and so I got a bottle and started to take it. It certainly has done wonders for me, for it has put my stomach in fine condition and toned my nerves up so that I am able to sleep the night through and am doing my own housework again. I am only too glad to recommend Plant Juice, as it did so much for me."

Plant Juice is sold in East Liverpool at Larkins drug store.

DEMOCRAT WINS ON WET PLANK IN NEW JERSEY

Governor-elect Says He'll Make State "As Wet as Atlantic Ocean."

TO FIGHT PROHIBITION

Fear Situation Akin to That Existing Prior to Civil War.

JERSEY CITY, N. J., Nov. 7.—A situation akin to that which existed just prior to the Civil war has been created, politicians said today by the election of Edward I. Edwards, Democrat, to be governor of New Jersey. Edwards made his campaign on a platform in which the principal plank was that he would bend every effort to "make New Jersey as wet as the Atlantic ocean." He holds that the right of a sovereign state in the matter of prohibition is paramount to that of the nation.

"I construe my election," said Gov.-elect Edwards, "as an indication of the feelings of the people of this state concerning prohibition. Holding their mandate, I shall use all legal methods to preserve inviolate the sovereignty of the people.

"I do not think a law is a good law which is not concurred in by the state. This state has not concurred in the enforcement of prohibition."

Politicians pointed out today that this line of reasoning is the same which nearly caused South Carolina to secede from the union in 1838 over the Clay tariff act.

The state of New Jersey, it was said today, will not lift a finger to aid the federal government in the enforcement of national prohibition. The governor appoints the county prosecutors. Enforcement of prohibition will be discouraged.

The next legislature to meet in Trenton also is "wet" and this will further tend to discourage the prosecution of John Barleycorn.

TARDIEU IS MEMBER OF FRENCH CABINET

PARIS Nov. 7.—Andre Tardieu, former French high commissioner to the United States, entered the French cabinet today succeeding M. Leburn, minister of reconstruction, who resigned. A controversy with Premier Clemenceau over points in the premiers Strasbourg speech was said to be the cause of the M. Leburn's resignation.

BLAME WOOD ALCOHOL HIGHBALLS FOR DEATHS

CLEVELAND, Nov. 7.—Wood alcohol highballists are believed to have caused the death of John Taylor, 45, and an unidentified man, 30, according to the police who found them dead in a Central avenue rooming house. Close by were several pop bottles partially emptied and two bottles of wood alcohol half emptied.

SLEEP VANISHED WHEN HER NERVES WENT TO PIECES

But Repose and Other Blessings Came Back at Nerv-Worth's Bidding.

And they come quickly—with the use of less than a bottle of Nerv-Worth. Here's the story, with the teller's name and address:

Nerv-Worth Co.—My nerves have been in a terrible condition. Could not do the smallest household duties nor sit down long enough to read the headlines of a paper. Sleepless and restless nights added greatly to my run-down condition.

I saw an advertisement for Nerv-Worth and I tried it. I began to feel relief before taking one bottle. I have told many others what it has done for me and I certainly could not be without it in the house.

Lenine's Congratulations To Goltz and Bermondt

LONDON, Nov. 7. — Nicholai Lenine, Bolshevik dictator of Russia, has sent a wireless message of congratulations to General von Der Goltz, former commande rof the German troops in the Baltic provinces, and to Col. Bermondt, commander of the Russians, who co-operated with the Germans against the Letts, said a news agency dispatch from Copenhagen today. The two officers were thanked by Lenine for the assistance they were said to have given to the Red army. The congratulatory dispatch concluded:

"The labor world will testify that you are both the heroes who saved Petrograd."

BIG LAND DEAL NEAR WEIRTON

One of the largest realty deals consumated in the northern Panhandle of the state for some time, was negotiated Thursday when a 335 acre tract of land, known as the Jackson-Tarr estate, one of the most valuable pieces of undeveloped land near Weirton, changed hands.

The purchasers are Messrs. H. L. Unatin and William and Louis Watzman, all of Wheeling, who recently formed a corporation to be known as the Enterprise Land company. The deal was made through George H. Davis, well known physician of Hancock county.

It is understood that the property will be developed and used for an exclusive residential district for the better class of homes. At the present time there is a general scarcity of homes throughout the district which would indicate that additional homes are badly needed.

The Weirton district has been booming during the past year and many additions have been laid out. With the mills of the district resuming it is likely that the town will soon be one of the largest and busiest in the upper end of the state.

FIXES BONDS FOR EDWARDS AND LLEWELLYN

Judge R. M. Addleman, sitting in circuit court at New Cumberland Thursday fixed the bonds of Willard W. E. Llewellyn of Chester and T. C. Edwards of Parkersburg at $1,000 each. However, neither of the men has been able to furnish the recognizance.

Llewellyn and Edwards were jailed about three weeks ago, after they had pleaded guilty to the charges of stealing dinner ware from the Taylor, Smith & Taylor pottery in Chester. Counsel for the accused appeared in court at New Cumberland Thursday and asked Judge Addleman to fix bond for the perisoners. The cases are to be called for a hearing next week.

Attended Manufacturers' Meeting.

H. P. Knoblock of Neptune avenue, head of the Potters' Co-Operative company of East Liverpool, attended a meeting of general ware manufacturers, held in the William Penn hotel, Pittsburg, Thursday evening.

Aside from the manufacturers of the East Liverpool district, who attended the meeting, representatives were present from Sebring, New Castle, East Palestine, Canonsburg and other nearby places.

IN MISERY FOR YEARS

Mrs. Courtney Tells How She Was Cured by Lydia E. Pinkham's Vegetable Compound.

Oskaloosa, Iowa.—"For years I was simply in misery from a weakness and awful pains—and nothing seemed to do me any good. A friend advised me to take Lydia E. Pinkham's Vegetable Compound. I did so and got relief right away. I can certainly recommend this valuable medicine to other women who suffer, for it has done such good work for me and I know it will help others if they will give it a fair trial."—Mrs. LIZZIE COURTNEY, 108 8th Ave., West, Oskaloosa, Iowa.

Why will women drag along from day to day, year in and year out, suffering such misery as did Mrs. Courtney, when such letters as this are continually being published. Every woman who suffers from displacements, irregularities, inflammation, ulceration, backache, nervousness, or who is passing through the Change of Life should give this famous root and herb remedy, Lydia E. Pinkham's Vegetable Compound, a trial. For special advice write Lydia E. Pinkham Medicine Co., Lynn, Mass. The result of its long experience is at your service.

HOUSEHOLDER SENTENCED TO STATE REFORMATORY

Pleading guilty to the charge of assault upon Edward Hadley, an aged farmer residing near Chester, Albert Householder, local lad, was sentenced to an indefinite term in the West Virginia state reformatory by Judge R. M. Addleman at New Cumberland Thursday.

Robert Martin, also of Chester, who is alleged to have been implicated with Householder in the assault upon the aged man, and who was indicted by the grand jury on the same charge, was released on his own recognizance for further investigation of his case. Charles Sprouse, third member of the party, also under indictment, failed to appear for a hearing yesterday.

Young Householder was remanded to the county jail at New Cumberland following his trial yesterday. The county officials are awaiting word from the heads of the state reformatory at Pruntytown, W. Va., before they begin the trip with the lad. He will remain in the reform school until he reaches the age of 21 years, at least.

Searight Funeral.

Funeral arrangements over the remains of the late Mrs. Jennie Searight of Hookstown, who died suddenly Thursday, at the home of her sister-in-law, Mrs. David Searight, three miles south of Hookstown, have not been completed, pending the arrival of relatives from Connecticut.

The deceased was .. years of age. She lived the greater part of her life in Connecticut, but came to this locality a few years ago and since that time has been living at the David Searight home, near Hookstown. She was apparently in good health up until about a half hour previous to her death when she was stricken. Death was due to heart failure.

Preparatory Services.

Services, preparatory to communion, which will be observed on Sunday, will be held in the First United Presbyterian church at 7:30 o'clock this evening. Rev. Paul J. Reynolds will occupy the pulpit at Friday night's services.

CAPITAL SOCIETY WOMAN JOINS THE BUSINESS WORLD

Mrs. Roscoe C. Bulmer.

SIX MEN GRANTED NATURALIZATION PAPERS

Six foreigners were granted their final naturalization papers by the circuit court at New Cumberland Thursday. The cases of two others were held for further investigation, while several others were dismissed.

The applicants for citizenship rights were examined by Federal Examiner Eberhart of Pittsburgh. Several Weirton foreigners, who had made applications for citizenship papers failed to appear in court to press their claims, having removed to other localities. These applications were dismissed.

Break a Cold WITHOUT NASTY QUININE

Don't stay stuffed-up! Quit blowing and snuffing! A dose of "Pape's Cold Compound" taken every two hours until three doses are taken usually breaks up a severe cold and ends all grippe misery.

The very first dose opens your clogged-up nostrils and the air passages of the head; stops nose running; relieves the headache, dullness, feverishness, sneezing, soreness and stiffness.

"Pape's Cold Compound" is the quickest, surest relief known and costs only a few cents at drug stores. It acts without assistance, tastes nice, no quinine.

Every East Liverpool Druggist Is Grossly Underpaid

How Much He Gives in Service Compared to What He Receives in Return.

No professional man in East Liverpool, serves the community better or more conscientiously than the druggist.

He accomodates you with postage stamps at cost, maintains a general information bureau and free waiting room, his store is a first aid hospital conducted without reward, he gets up in the middle of the night to answer your emergency calls.

Night and day he is consulted oftener than any other, and he gives his professional services without fee. His only reward, and it is a small one at that, comes when you make a purchase from his stock of merchandise.

You accept his recommendation just as you accept that of your lawyer, your doctor or banker, because you know that his word is good and that he knows best. He can't afford to make mistakes—and he doesn't. He knows that his whole success in his chosen profession depends on accuracy— on skill—on keeping faith with his customers.

He stakes his reputation a hundred times a day with a hundred different customers—but his judgment is founded on knowledge and experience—the knowledge and experience of the men of his profession handed down through the ages through schools, colleges and text books—and the knowledge and experience which come in the day's work and in association and conference with others in his profession.

The druggist of to-day doesn't guess—he knows. And one of the reasons he knows is because he insists that the preparations he sells shall measure up to the highest standards.

To recommend an article, the druggist must of course, know what it contains and how it is made, and this was one reason for the formation of a co-operative national association of druggists and physicians who prepare a complete line of household remedies and toilet goods. This association is the American Druggists Syndicate.

This is the largest enterprise of its kind in the world. More than 28,000 druggists and physicians own and operate it and guarantee its products. They know that A. D. S. Milk of Magnesia is the best in the world, they guarantee that A. D. S. Aspirin meets the highest standards of quality, they stand back of A. D. S. Peredixo Tooth Paste—the tooth Paste which whitens like Peroxide—because it is incomparably the best. And the same druggists in the same way are squarely behind the entire family of A. D. S. products.

It means everything to you to have such a guarantee behind the remedies you buy—a guarantee based on the scientific knowledge and experience of thousands of experts. When you buy an A. D. S. product from an A. D. S. druggist, you may do so in the confident belief that you have secured the finest possible product at the lowest possible price.

Ask any A. D. S. Druggist for A. D. S. product the next time you need any household remedy or toilet article sold in a drug store.

COAL TONNAGE REPORT ISSUED

West Virginia coal miners are now producing tonnage at the rate of 60,000,000 tons per year, or two-thirds of the normal production of the state, according to a statement issued by the West Virginia Coal association. The association's figures were based on reports from the various mining districts and the railroad figures showing the cars loaded in the various fields.

"Pocahontas has led all other districts in production," the statement said. Figures today showed approximately 100,000 tons loaded in that field yesterday, while other districts on the Norfolk & Western railroad loaded 862 cars. Reports from the other non-union fields and the mines now operating in the Kanawha, New River, Coal River, Wheeling and northern West Virginia districts show a total production that would give the state an annual tonnage in excess of 60,000,000 tons.

"There are continued daily gains in the union fields. In New River twelve mines were in operation and in northern West Virginia we have had reports from twenty-two mines in operation. In the Wheeling district there is a continued increase in the number of men returning to work in the mines now operating."

West Virginia coal operators will make no attempt to open mines closed by the strike until after the outcome of the federal proceedings at Indianapolis is definitely known.

CUT THIS OUT

OLD ENGLISH RECIPE FOR CATARRH, CATARRHAL DEAFNESS AND HEAD NOISES.

If you know of some one who is troubled with Catarrhal Deafness, head noises or ordinary catarrh cut out this formula and hand it to them and you may have been the means of saving some poor sufferer perhaps from total deafness. In England scientists for a long time past have recognized that catarrh is a constitutional disease and necessarily requires constitutional treatment.

Sprays, inhalers and nose douches are liable to irritate the delicate air passages and force the disease into the middle ear which frequently means total deafness, or else the disease may be driven down the air passages towards the lungs which is equally as dangerous. The following formula which is used extensively in the damp English climate is a constitutional treatment and should prove especially efficacious to sufferers here who live under more favorable climatic conditions.

Secure from your druggist 1 ounce of Parmint (Double strength). Take this home and add to it ¼ pint of hot water and a little granulated sugar; stir until dissolved. Take one tablespoonful four times a day. This will often bring quick relief from distressing head noises. Clogged nostrils should open, breathing become easy and hearing improve as the inflammation in the eustachian tubes is reduced. Parmint used in this way acts directly upon the blood and mucous surfaces of the system and has a tonic action that helps to obtain the desired results. The preparation is easy to make, costs little and is pleasant to take. Every person who has catarrh or head noises or is hard of hearing should give this treatment a trial.

TRIP TO HOSPITAL AVOIDED FOR THIS COLUMBUS LADY

Husband declares he is glad to publish account of wife's recovery to help others who suffer.

Back was sore and swollen; in bed one month when she started taking Dreco, now up and about the house.

"My wife was confined to her bed for a solid month nearly helpless, and thought an operation would be necessary, but instead she took Dreco, and is now going about attending to the household work," are the words in a signed statement for publication, made by Mr. J. W. Bellamy of 330 East Ennis Ave., Columbus, O.

"Stomach trouble caused her great suffering; gastritis made life miserable; she was nervous; so restless could not sleep; appetite was poor, often did not go to the table at meal times, her kidneys caused her back and side to swell up and finally had to go to bed. Several told me the place for her was a hospital for an operation, but I was afraid she could not stand it. Reading in the paper about Dreco, I got a bottle. Remember, before she started on Dreco she had been in bed a month and was nearly helpless.

"Today my wife is out of bed and going all over the place; hungry all the time; all the swelling gone from her back and side; not troubled now with the gas or indigestion; sleeps sound all night long, and her liver has been thoroughly cleansed, doing away with that drowsy feeling. She thinks Dreco the grandest thing in the world, and so do I."

Dreco acts on the liver, gives strength to weak kidneys, produces a good appetite, induces sound sleep, quiets the nerves and restores the functions of the vital organs.

All good druggists now sell Dreco, and it is highly recommended in this city by

NEW CUMBERLAND HIGH GRIDDERS AT WHEELING

Members of New Cumberland high school football team, left Friday morning for Wheeling, where they will play the Linsley Cadets on the State Fair grounds at 4 p. m.

The Hancock county boys are confident of a victory over the cadets, notwithstanding the fact that the down river aggregation is considered one of the fastest scholastic elevens in the Ohio Valley. With a victory Friday, the New Cumberland team will lay claim to the championship of the Ohio Vallely, as Wheeling and Bellaire have been eliminated by Linsley.

Entertained Travelers' Club.

Members of the Travelers' club were pleasantly entertained Thursday evening by Mrs. W. L. Smith Jr. at her home in Pyramus street, Chester. The occasion was the annual meeting of the club.

The affair took the form of a 6 o'clock dinner. Social features followed the dinner. Only the members of the club were in attendance at the meeting. The club is composed mainly of women from East Liverpool and Chester.

Removed from Hospital.

Miss Margaret Goppert of Chester, who has been at the home of East Liverpool relatives, was removed to her home on the Chester-Newell road in the Arner ambulance, Friday.

CITY OIL CO. GETS GAS WELL

The Crockery City Oil and Gas company of this city has just struck a gas well with a daily flow of 250,000 feet on its holdings in Ludlow township, Washington county, according to announcement made Thursday by W. H. Blatter of East End, president of the concern.

The strike was made at a depth of 1,600 feet. A survey of all oil producing wells that have struck a good flow of oil at a greater depth of 1,600 feet will be made at once by the company. President Blatter stated, with the view of deciding whether to sink the well further in the hope of striking oil.

If there is a danger of striking water and ruining the flow of gas the well will be retained at its present depth. The company has just acquired a new lease of 44 acres in Washington county and plans the drilling of a second well.

THREE KILLED IN BOILER EXPLOSION

CONNEAUT, O., Nov. 7.—Explosion of the boiler of a freight engine of the Bessemer & Lake Erie railroad at Hewitt's Station late yesterday caused the death of three men.

Engineer W. G. Noel, Fireman Frank Fugett and Brakeman Frank McCummins, all of Albion, Pa., are the dead.

The boiler of the engine was blown 300 feet and two of the bodies of the victims were found 200 feet from the scene of the explosion.

What Is Rheumatism? Why Suffer from It?

Sufferers Should Realize That It Is a Blood Infection.

Doubtless like other sufferers, you have often asked yourself this question, which continues to remain unaswered.

Science has proven that Rheumatism is caused by a germ in your blood, and the only way to reach it is by a remedy which eliminates and removes these little pain demons.

S. S. S. has been successfully used for Rheumatism for more than fifty years and many voluntary testimonials are on file from those whom it has benefitted. Try it to-day, and you will find yourself at last on the right track to get rid of your Rheumatism. home, will be drawn by Cassius M. Metsch of East Liverpool, according to an announcement which has just been made by the building committee. Mr. Metsch has already started his work of drawing up a set of plans for the changes necessary to the sturcture.

The committee Thursday evening visited the house and went over the proposed changes with Mr. Metsch. When the plans are approved, bids for the work will be sought and the contract awarded without delay. All possible haste will be used in hurrying the improvements through to completion.

After the new home is completed and ready for occupancy, the lodge will offer their present headquarters on Virginia avenue, for sale. The Virginia avenue property was originally built for a hotel and a few years ago, when it was taken over by the lodge, was remodeled and improved, the changes costing several thousand dollars.

COLORED MAN IS ACCIDENTALLY KILLED

John Horne, colored, employed at the West Virginia-Pittsburgh coal mines at Colliers, W. Va., was accidentally shot and killed Wednesday night by his roommate.

It appears that the two men, who roomed together, heard a noise at their bed room door. Both secured their revolvers and started toward the door. Horne, who was leading, had placed his hand on the door-knob when the weapon in his companion's hand went off accidentally and the bullet pierced Horne's heart. Death was instantaneous.

SUSPEND WORK ON CONGO-ARROYO ROAD

Work on the improvement of the Congo-Arroyo road has been suspended for the winter, Freshwater Bros., the contractors in charge of the improvement, having started to store their machinery and other equipment until next spring.

The high stage of the river which existed throughout the month of October, handicapped the contractors in the improvement. Rain has also served to hold up the improvement and the contractors have been unable to make much headway since the latter part of September.

Edwin Bryan Funeral.

Funeral services over the remains of the late Edwin Bryan, aged 24, who died at the homo of his parents, Mr. and Mrs. R. M. Bryan, of near Hookstown, late Wednesday, will be held at the late home at 11 o'clock Saturday morning, Rev. J. L. Campbell of Wilmington, Pa., and Rev. McKirkham, pastor of the Hookstown United Presbyterian church, officiating. Interment will be made in Mill Creek cemetery, near Hookstown.

The deceased was well known in this section. His death was due to a complication of diseases following an illness of several weeks. Besides his parents, he is survived by the following brothers and sisters: Wallace Bryan of Hookstown; Rev. R. R. Bryan of Erie, Pa.; Joseph Bryan of New Brighton, Pa.; Mrs. John Snyder of Greensburg, Pa., and Mrs. William Craig of Hookstown.

Has He Found a Cure for Asthma?

Simple Prescription Gives Instant Relief. Makes Breathing Easy.

In New England, where Bronchial Asthma, Bronchitis and other diseases of the throat and lungs are so prevalent, remarkably successful results are being reported following the use of a new form of treatment known as Oxidaze, a physician's prescription.

Oxidaze is a harmless but powerful combination of curative essential oils concentrated and compressed into a small tablet. One of these tablets slowly dissolved before going to bed seems to have the effect of releasing the muscular constriction of the bronchial tubes, opening up the air passages and regulating spasmodic lung action. This enables the patient to breathe easily and naturally while lying down and to get a comfortable night's sleep.

So much interest has been shown that local druggists, including Jesse D. Holloway, and Carnahan's Pharmacy have secured a small supply and state that they are authorized to refund the money paid for the first package if in any case this new treatment fails to give relief. Oxidaze is pleasant to take, contains no harmful, habit forming drugs and is not expensive. This makes their test an easy matter.

TRY MAGNESIA FOR STOMACH TROUBLE

It Neutralizes Stomach Acidity. Prevents Food Fermentation, Sour, Gassy Stomach and Acid Indigestion.

Doubtless if you are a sufferer from indigestion, you have already tried pepsin, bismuth, soda, charcoal, drugs and various digestive aids and you know these things will not cure your trouble—in some cases do not even give relief.

But before giving up hope and deciding you are a chronic dyspeptic just try the effect of a little bisurated magnesia—not the ordinary commercial carbonate, citrate, oxide or milk, but the pure bisurated magnesia which you can obtain from practically any druggist in either powdered or tablet form.

Take a teaspoonful of the powder or two compressed tablets with a little water after your next meal, and see what a difference this makes. It will instantly neutralize the dangerous, harmful acid in the stomach which now causes your food to ferment and sour, making gas, wind, flatulence, heartburn and the bloated or heavy, lumpy feeling that seems to follow almost everything you eat.

You will find that provided you take a little bisurated magnesia immediately after a meal, you can eat almost anything and enjoy it without any danger of pain or discomfort to follow and moreover, the continued use of the bisurated magnesia cannot injure the stomach in any way so long as there are symptoms of acid indigestion.

Sure Way To Get Rid Of Dandruff

There is one sure way that never fails to remove dandruff completely and that is to dissolve it. This destroys it entirely. To do this, just get about four ounces of plain, ordinary liquid arvon; apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.

By morning, most if not all, of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it, no matter how much dandruff you may have.

You will find, too, that all itching and digging of the scalp will stop instantly, and your hair will be fluffy, lustrous, glossy, silky and soft, and look and feel a hundred times better.

You can get liquid arvon at any drug store. It is inexpensive, and four ounces is all you will need. This simple remedy has never been known to fail.

COMB SAGE TEA INTO GRAY HAIR

Darkens Beautifully and Restores Its Natural Color and Lustre at Once.

Common garden sage brewed into a heavy tea, with sulphur and alcohol added, will turn gray, streaked and faded hair beautifully dark and luxuriant. Mixing the Sage Tea and Sulphur recipe at home, though, is troublesome. An easier way is to get the ready-to-use preparation improved by the addition of other ingredients a large bottle, at little cost, at drug stores known as "Wyeth's Sage and Sulphur Compound," thus avoiding a lot of muss.

While gray, faded hair is not sinful, we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Wyeth's Sage and Sulphur Compound, no one can tell, because it does it so naturally, so evenly. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning all gray hairs have disappeared. After another application or two your hair becomes beautifully dark, glossy, soft and luxuriant and you appear years younger.

Be Prepared For Influenza

Cut This Out.

Many medical men say we will probably have another epidemic this fall. Let us all hope and pray we will not. But at the same time let us be well prepared.

The flu as it is called, usually starts with a cold and tightness in the chest. If you even suspect there is a chance that you may be getting influenza take a good dose of laxative tea, such as Dr. Carter's K & B Tea or Celery King and send for your physician. While you are waiting for the doctor rub Begy's Mustarine on throat and chest.

Rub it on freely and never mind if it does feel good and hot, it cannot blister even the tenderest skin.

But don't stop at throat and chest; get some one to rub this enemy of inflammation over your entire back and especially between the shoulder blades.

This is one of the most sensible precautions you can take against pneumonia, which often quickly follows the flu and is just what the doctor tries hard to sidetrack.

You can get Begy's Mustarine for 30 and 60 cents in yellow boxes all ready for use at any drug store.

Remember it is made of real yellow mustard. Use it for sore throat, coughs, chest colds, pleurisy, bronchitis, lumbago and all aches and pains.

EVIDENCE POINTS TO ALLEGED EXTORTION GANG

CHICAGO, Nov. 7.—Bank books, correspondence and other papers seized late yesterday by representatives of the state's attorney's office in a raid on the offices of the Amalgamated Clothing Workers of America will be placed before the grand jury by Assistant State's Attorney Michels, who today said he would ask indictment of certain officers of the organization for having secured upwards of $500,000 from clothing manufacturers in Chicago by "calling and later settling strikes" in their plants.

Michels declared today that much of the increase in the cost of clothing in the past eight years can be traced directly to "an alleged extortion gang."

CATARRH

Quickly Ended by a Pleasant, Healing Antiseptic Air. Just Breathe it.

The little hard rubber Hyomei inhaler which you can bet at Bulger's Pharmacy which you can get at Bulger's Pharmacy can be carried in pocket or purse. It will last a life time.

Into this inhaler you pour a few drops of the pure healing oil of Hyomei.

This oil is absorbed by the antiseptic gauze within and now you are ready to breath it in over the germ infested membranes where it will speedily begin its work of banishing catarrhal germs and ending Catarrh. Hyomei is made of Australian eucalyptus combined with other antiseptics and is very pleasant to breathe.

It is guaranteed to banish catarrh, bronchitis, influenza, tonsilitis, sore throat, croup, coughs and colds or money back. It often cleans out a stuffed up head and opens clogged nostrils in two minutes.

Complete outfit, including inhaler and one bottle of Hyomei, costs but little, while extra bottles, if afterward needed, may be obtained at any drug gist for a few cents.

CAR LOADED WITH STEEL WORKERS STONED

YOUNGSTOWN, Nov. 7.—After pulling the trolley pole down, strikers stoned a Poland avenue street car loaded with negro steel workers at Caledonia at 5 a. m. today, breaking many windows in the car. Terror-stricken, the negroes piled pell mell from the car and beat a hasty retreat, declaring they would not go to work on a street car again. As far as could be learned no one was hurt. No arrests were made as the crowd had scattered before the police could reach the scene.

A coal shortage is said to be hampering extension of work in the steel plants. Mill operations were apparently unchanced today.

DEMOCRAT WINS ON WET PLANK IN NEW JERSEY

Governor-elect Says He'll Make State "As Wet as Atlantic Ocean."

TO FIGHT PROHIBITION

Fear Situation Akin to That Existing Prior to Civil War.

JERSEY CITY, N. J., Nov. 7.—A situation akin to that which existed just prior to the Civil war has been created, politicians said today by the election of Edward I. Edwards, Democrat, to be governor of New Jersey. Edwards made his campaign on a platform in which the principal plank was that he would bend every effort to "make New Jersey as wet as the Atlantic ocean." He holds that the right of a sovereign state in the matter of prohibition is paramount to that of the nation.

"I construe my election," said Gov.-elect Edwards, "as an indication of the feelings of the people of this state concerning prohibition. Holding their mandate, I shall use all legal methods to preserve inviolate the sovereignty of the people.

"I do not think a law is a good law which is not concurred in by the state. This state has not concurred in the enforcement of prohibition."

Politicians pointed out today that this line of reasoning is the same which nearly caused South Carolina to secede from the union in 1838 over the Clay tariff act.

The state of New Jersey, it was said today, will not lift a finger to aid the federal government in the enforcement of national prohibition. The governor appoints the county prosecutors. Enforcement of prohibition will be discouraged.

The next legislature to meet in Trenton also is "wet" and this will further tend to discourage the prosecution of John Barleycorn.

All starfishes have the power to restore or regenerate injured parts.

TARDIEU IS MEMBER OF FRENCH CABINET

PARIS Nov. 7.—Andre Tardieu, former French high commissioner to the United States, entered the French cabinet today succeeding M. Leburn, minister of reconstruction, who resigned. A controversy with Premier Clemenceau over points in the premiers Strasbourg speech was said to be the cause of the M. Leburn's resignation.

BLAME WOOD ALCOHOL HIGHBALLS FOR DEATHS

CLEVELAND, Nov. 7.—Wood alcohol highballists are believed to have caused the death of John Taylor, 45, and an unidentified man, 30, according to the police who found them dead in a Central avenue rooming house. Close by were several pop bottles partially emptied and two bottles of wood alcohol half emptied.

SLEEP VANISHED WHEN HER NERVES WENT TO PIECES

But Repose and Other Blessings Came Back at Nerv-Worth's Bidding.

And they come quickly—with the use of less than a bottle of Nerv-Worth. Here's the story, with the teller's name and address:

Nerv-Worth Co.—My nerves have been in a terrible condition. Could not do the smallest household duties nor sit down long enough to read the headlines of a paper. Sleepless and restless nights added greatly to my run-down condition.

I saw an advertisement for Nerv-Worth and I tried it. I began to feel relief before taking one bottle. I have told many others what it has done for me and I certainly could not be without it in the house.

HEART AND HOME PROBLEMS

By MRS. ELIZABETH THOMPSON.

Dear Mrs. Thompson: I read in your column where you are so opposed to a fellow kissing a girl or putting his arm around her when they are spooning. Why, for pity's sake, how long do you suppose a girl would go with a fellow if he did not do either of these? I wouldn't five minutes, nor any other girl I know. Girls want the fellow to use a little force in everything.

How would a girl feel or act with a fellow that didn't even put his arm around her? Does a girl geet a husband by sitting at one side of a house and he at the other? I can imagine what a man he would be. A girls wants a little loving once in a while.

Publish this and answer it if you are game.

HIGH FLUTIN' SALLIE.

I am publishing your letter not to be "game," but to show how insolent and cheap a girl can become who advocates your doctrines.

It is evident that you cannot even picture a better class of people — a class of young men and women who have outgrown their animal instincts sufficiently to exercise their intellects and enjoy companionship and sympathetic understanding more than kisses and hugs which are given promiscuously.

Hasn't it occurred to you that a young man shows more force to keep from kissing a girl than to do it? It requires far more will power if he cares for the girl. Later, when time has tested his affection, he can give a greater love than the man who has kissed and hugged every girl of his acquaintance.

Try to feel that you are a pure, sweet girl, worthy to be a good wife and mother; this attitude will help you to become such.

Dear Mrs. Thompson: I am in a debate in a club I belong to and as I find it rather difficult to get points on this topic which we have selected I thought perhaps you would know some points.

The question is, "That Strikes Have Not Improved the Conditions for the Workingman."

If you know anything about it, will you kindly let me know?

BEB.

Go to different factories and talk to the superintendent. He will be able to give you valuable pointers. You will also find help on the opposite side of the question from union leaders. If you get the union's point of view, you will be in a better position to fight the affirmative side of the question — that strikes have improved the conditions for the workingman.

Dear Mrs. Thompson: I am a girl sixteen. Is it proper for me to go out riding with boys who are good friends of mine after church is over if I did not go to church with them?

DOLLY.

You are too young to go riding in the evening with young men, unless chaperoned.

Dear Mrs. Thompson: I have been keeping company with a young lady fo ralmost a year. I have just found out that she is going with another fellow and she had promised that she would marry me this month. But we have had a little quarrel and haven't met since.

Kindly advise me what to do?

L.

Since the girl was engaged to you and at the same time went with another man, it seems to me that she was not deeply enough in love with you to marry. I believe I would make no move toward reconciliation. If her love is not sincere, surely you do not want her for your wife.

65 TRAINS TAKEN OFF CHICAGO LINES

CHICAGO, Nov. 7. — Sixty-five passenger trains entering Chicago were taken from the railroad schedules today "for the duration of the coal strike."

This suspension of service was ordered in compliance with the request of the railroad administration to "curtail train service as much as possible to preserve the present supply of coal."

The trains removed from the schedule include 51 trains of the Chicago, Milwaukee & St. Paul line and 14 operated by the Chicago & Northwestern line.

McCORT WINNER IN BILLIARD TOURNEY OPENER

CLEVELAND, Nov. 7.—In the opening of the National three-cushion billiard championship, Charles McCort, Cleveland, defeated R. L. Cannefax, New York, 50 to 41 in 69 innings.

Byron Gillette, Buffalo, defeated Charles Otis, Brooklyn, 50 to 29 in 73 innings. Gillette had high run of six.

SAFE STOLEN FROM MASSILLON IS FOUND

CANTON, Nov. 7. — Two sons of Michael Heckman, living two miles south of North Industry, found last night the safe which had been stolen the night before from the soft drink place of Louis Ehret of Massillon. The door was blown from the safe and $1,300 in cash and Liberty bonds taken. The safe had been hauled ten miles in a truck.

BIG LAND DEAL NEAR WEIRTON

One of the largest realty deals consumated in the northern Panhandle of the state for some time, was negotiated Thursday when a 335 acre tract of land, known as the Jackson-Tarr estate, one of the most valuable pieces of undeveloped land near Weirton, changed hands.

The purchasers are Messrs. H. L. Unatin and William and Louis Watzman, all of Wheeling, who recently formed a corporation to be known as the Enterprise Land company. The deal was made through George H. Davis, well known physician of Hancock county.

It is understood that the property will be developed and used for an exclusive residential district for the better class of homes. At the present time there is a general scarcity of homes throughout the district which would indicate that additional homes are badly needed.

The Weirton district has been booming during the past year and many additions have been laid out. With the mills of the district resuming it is likely that the town will soon be one of the largest and busiest in the upper end of the state.

FIXES BONDS FOR EDWARDS AND LLEWELLYN

Judge R. M. Addleman, sitting in circuit court at New Cumberland Thursday fixed the bonds of Willard W. E. Llewellyn of Chester and T. C. Edwards of Parkersburg at $1,000 each. However, neither of the men has been able to furnish the recognizance.

Llewellyn and Edwards were jailed about three weeks ago, after they had pleaded guilty to the charges of stealing dinner ware from the Taylor, Smith & Taylor pottery in Chester. Counsel for the accused appeared in court at New Cumberland Thursday and asked Judge Addleman to fix bond for the perisoners. The cases are to be called for a hearing next week.

Attended Manufacturers' Meeting.

H. P. Knoblock of Neptune avenue, head of the Potters' Co-Operative company of East Liverpool, attended a meeting of general ware manufacturers, held in the William Penn hotel, Pittsburg, Thursday evening.

Aside from the manufacturers of the East Liverpool district, who attended the meeting, representatives were present from Sebring, New Castle, East Palestine, Canonsburg and other nearby places.

IN MISERY FOR YEARS

Mrs. Courtney Tells How She Was Cured by Lydia E. Pinkham's Vegetable Compound.

Oskaloosa, Iowa.—"For years I was simply in misery from a weakness and awful pains—and nothing seemed to do me any good. A friend advised me to take Lydia E. Pinkham's Vegetable Compound. I did so and got relief right away. I can certainly recommend this valuable medicine to other women who suffer, for it has done such good work for me and I know it will help others if they will give it a fair trial."—Mrs. LIZZIE COURTNEY, 108 8th Ave., West, Oskaloosa, Iowa.

Why will women drag along from day to day, year in and year out, suffering such misery as did Mrs. Courtney, when such letters as this are continually being published. Every woman who suffers from displacements, irregularities, inflammation, ulceration, backache, nervousness, or who is passing through the Change of Life should give this famous root and herb remedy, Lydia E. Pinkham's Vegetable Compound, a trial. For special advice write Lydia E. Pinkham Medicine Co., Lynn, Mass. The result of its long experience is at your service.

HOUSEHOLDER SENTENCED TO STATE REFORMATORY

Pleading guilty to the charge of assault upon Edward Hadley, an aged farmer residing near Chester, Albert Householder, local lad, was sentenced to an indefinite term in the West Virginia state reformatory by Judge R. M. Addleman at New Cumberland Thursday.

Robert Martin, also of Chester, who is alleged to have been implicated with Householder in the assault upon the aged man, and who was indicted by the grand jury on the same charge, was released on his own recognizance for further investigation of his case. Charles Sprouse, third member of the party, also under indictment, failed to appear for a hearing yesterday.

Young Householder was remanded to the county jail at New Cumberland following his trial yesterday. The county officials are awaiting word from the heads of the state reformatory at Pruntytown, W. Va., before they begin the trip with the lad. He will remain in the reform school until he reaches the age of 21 years, at least.

Searight Funeral.

Funeral arrangements over the remains of the late Mrs. Jennie Searight of Hookstown, who died suddenly Thursday, at the home of her sister-in-law, Mrs. David Searight, three miles south of Hookstown, have not been completed, pending the arrival of relatives from Connecticut.

The deceased was .. years of age. She lived the greater part of her life in Connecticut, but came to this locality a few years ago and since that time has been living at the David Searight home, near Hookstown. She was apparently in good health up until about a half hour previous to her death when she was stricken. Death was due to heart failure.

Preparatory Services.

Services, preparatory to communion, which will be observed on Sunday, will be held in the First United Presbyterian church at 7:30 o'clock this evening. Rev. Paul J. Reynolds will occupy the pulpit at Friday night's services.

CAPITAL SOCIETY WOMAN JOINS THE BUSINESS WORLD

Mrs. Roscoe C. Bulmer.

SIX MEN GRANTED NATURALIZATION PAPERS

Six foreigners were granted their final naturalization papers by the circuit court at New Cumberland Thursday. The cases of two others were held for further investigation, while several others were dismissed.

The applicants for citizenship rights were examined by Federal Examiner Eberhart of Pittsburgh. Several Weirton foreigners, who had made applications for citizenship papers failed to appear in court to press their claims, having removed to other localities. These applications were dismissed.

Break a Cold WITHOUT NASTY QUININE

Don't stay stuffed-up! Quit blowing and snuffing! A dose of "Pape's Cold Compound" taken every two hours until three doses are taken usually breaks up a severe cold and ends all grippe misery.

The very first dose opens your clogged-up nostrils and the air passages of the head; stops nose running; relieves the headache, dullness, feverishness, sneezing, soreness and stiffness.

"Pape's Cold Compound" is the quickest, surest relief known and costs only a few cents at drug stores. It acts without assistance, tastes nice, no quinine.

Every East Liverpool Druggist Is Grossly Underpaid

How Much He Gives in Service Compared to What He Receives in Return.

No professional man in East Liverpool, serves the community better or more conscientiously than the druggist.

He accomodates you with postage stamps at cost, maintains a general information bureau and free waiting room, his store is a first aid hospital conducted without reward, he gets up in the middle of the night to answer your emergency calls.

Night and day he is consulted oftener than any other, and he gives his professional services without fee. His only reward, and it is a small one at that, comes when you make a purchase from his stock of merchandise.

You accept his recommendation just as you accept that of your lawyer, your doctor or banker, because you know that his word is good and that he knows best. He can't afford to make mistakes—and he doesn't. He knows that his whole success in his chosen profession depends on accuracy— on skill—on keeping faith with his customers.

He stakes his reputation a hundred times a day with a hundred different customers—but his judgment is founded on knowledge and experience—the knowledge and experience of the men of his profession handed down through the ages through schools, colleges and text books—and the knowledge and experience which come in the day's work and in association and conference with others in his profession.

The druggist of to-day doesn't guess—he knows. And one of the reasons he knows is because he insists that the preparations he sells shall measure up to the highest standards.

To recommend an article, the druggist must of course, know what it contains and how it is made, and this was one reason for the formation of a co-operative national association of druggists and physicians who prepare a complete line of household remedies and toilet goods. This association is the American Druggists Syndicate.

This is the largest enterprise of its kind in the world. More than 28,000 druggists and physicians own and operate it and guarantee its products. They know that A. D. S. Milk of Magnesia is the best in the world, they guarantee that A. D. S. Aspirin meets the highest standards of quality, they stand back of A. D. S. Peredixo Tooth Paste—the tooth Paste which whitens like Peroxide—because it is incomparably the best. And the same druggists in the same way are squarely behind the entire family of A. D. S. products.

It means everything to you to have such a guarantee behind the remedies you buy—a guarantee based on the scientific knowledge and experience of thousands of experts. When you buy an A. D. S. product from an A. D. S. druggist, you may do so in the confident belief that you have secured the finest possible product at the lowest possible price.

Ask any A. D. S. Druggist for A. D. S. product the next time you need any household remedy or toilet article sold in a drug store.

COAL TONNAGE REPORT ISSUED

West Virginia coal miners are now producing tonnage at the rate of 60,000,000 tons per year, or two-thirds of the normal production of the state, according to a statement issued by the West Virginia Coal association. The association's figures were based on reports from the various mining districts and the railroad figures showing the cars loaded in the various fields.

"Pocahontas has led all other districts in production," the statement said. Figures today showed approximately 100,000 tons loaded in that field yesterday, while other districts on the Norfolk & Western railroad loaded 862 cars. Reports from the other non-union fields and the mines now operating in the Kanawha, New River, Coal River, Wheeling and northern West Virginia districts show a total production that would give the state an annual tonnage in excess of 60,000,000 tons.

"There are continued daily gains in the union fields. In New River twelve mines were in operation and in northern West Virginia we have had reports from twenty-two mines in operation. In the Wheeling district there is a continued increase in the number of men returning to work in the mines now operating."

West Virginia coal operators will make no attempt to open mines closed by the strike until after the outcome of the federal proceedings at Indianapolis is definitely known.

CUT THIS OUT

OLD ENGLISH RECIPE FOR CATARRH, CATARRHAL DEAFNESS AND HEAD NOISES.

If you know of some one who is troubled with Catarrhal Deafness head noises or ordinary catarrh cut out this formula and hand it to them and you may have been the means of saving some poor sufferer perhaps from total deafness. In England scientists for a long time past have recognized that catarrh is a constitutional disease and necessarily requires constitutional treatment.

Sprays, inhalers and nose douches are liable to irritate the delicate air passages and force the disease into the middle ear which frequently means total deafness, or else the disease may be driven down the air passages towards the lungs which is equally as dangerous. The following formula which is used extensively in the damp English climate is a constitutional treatment and should prove especially efficacious to sufferers here who live under more favorable climatic conditions.

Secure from your druggist 1 ounce of Parmint (Double strength). Take this home and add to it ¼ pint of hot water and a little granulated sugar; stir until dissolved. Take one tablespoonful four times a day. This will often bring quick relief from distressing head noises. Clogged nostrils should open, breathing become easy and hearing improve as the inflammation in the eustachian tubes is reduced. Parmint used in this way acts directly upon the blood and mucous surfaces of the system and has a tonic action that helps to obtain the desired results. The preparation is easy to make, costs little and is pleasant to take. Every person who has catarrh or head noises or is hard of hearing should give this treatment a trial.

TRIP TO HOSPITAL AVOIDED FOR THIS COLUMBUS LADY

Husband declares he is glad to publish account of wife's recovery to help others who suffer.

Back was sore and swollen; in bed one month when she started taking Dreco, now up and about the house.

"My wife was confined to her bed for a solid month nearly helpless, and thought an operation would be necessary, but instead she took Dreco, and is now going about attending to the household work," are the words in a signed statement for publication, made by Mr. J. W. Bellamy of 330 East Ennis Ave., Columbus, O.

"Stomach trouble caused her great suffering; gastritis made life miserable; she was nervous; so restless could not sleep; appetite was poor, often did not go to the table at meal times, her kidneys caused her back and side to swell up and finally had to go to bed. Several told me the place for her was a hospital for an operation, but I was afraid she could not stand it. Reading in the paper about Dreco, I got a bottle. Remember, before she started on Dreco she had been in bed a month and was nearly helpless.

"Today my wife is out of bed and going all over the place; hungry all the time; all the swelling gone from her back and side; not troubled now with the gas or indigestion; sleeps sound all night long, and her liver has been thoroughly cleansed, doing away with that drowsy feeling. She thinks Dreco the grandest thing in the world, and so do I."

Dreco acts on the liver, gives strength to weak kidneys, produces a good appetite, induces sound sleep, quiets the nerves and restores the functions of the vital organs.

All good druggists now sell Dreco, and it is highly recommended in this city by

NEW CUMBERLAND HIGH GRIDDERS AT WHEELING

Members of New Cumberland high school football team, left Friday morning for Wheeling, where they will play the Linsley Cadets on the State Fair grounds at 4 p. m.

The Hancock county boys are confident of a victory over the cadets, notwithstanding the fact that the down river aggregation is considered one of the fastest scholastic elevens in the Ohio Valley. With a victory Friday, the New Cumberland team will lay claim to the championship of the Ohio Vallely, as Wheeling and Bellaire have been eliminated by Linsley.

Entertained Travelers' Club.

Members of the Travelers' club were pleasantly entertained Thursday evening by Mrs. W. L. Smith Jr. at her home in Pyramus street, Chester. The occasion was the annual meeting of the club.

The affair took the form of a 6 o'clock dinner. Social features followed the dinner. Only the members of the club were in attendance at the meeting. The club is composed mainly of women from East Liverpool and Chester.

Removed from Hospital.

Miss Margaret Goppert of Chester, who has been at the home of East Liverpool relatives, was removed to her home on the Chester-Newell road in the Arner ambulance, Friday.

DEMOCRAT WINS ON WET PLANK IN NEW JERSEY

Governor-elect Says He'll Make State "As Wet as Atlantic Ocean."

TO FIGHT PROHIBITION

Fear Situation Akin to That Existing Prior to Civil War.

JERSEY CITY, N. J., Nov. 7.—A situation akin to that which existed just prior to the Civil war has been created, politicians said today by the election of Edward I. Edwards, Democrat, to be governor of New Jersey. Edwards made his campaign on a platform in which the principal plank was that he would bend every effort to "make New Jersey as wet as the Atlantic ocean." He holds that the right of a sovereign state in the matter of prohibition is paramount to that of the nation.

"I construe my election," said Gov.-elect Edwards, "as an indication of the feelings of the people of this state concerning prohibition. Holding their mandate, I shall use all legal methods to preserve inviolate the sovereignty of the people.

"I do not think a law is a good law which is not concurred in by the state. This state has not concurred in the enforcement of prohibition."

Politicians pointed out today that this line of reasoning is the same which nearly caused South Carolina to secede from the union in 1838 over the Clay tariff act.

The state of New Jersey, it was said today, will not lift a finger to aid the federal government in the enforcement of national prohibition. The governor appoints the county prosecutors. Enforcement of prohibition will be discouraged.

The next legislature to meet in Trenton also is "wet" and this will further tend to discourage the prosecution of John Barleycorn.

All starfishes have the power to restore or regenerate injured parts.

TARDIEU IS MEMBER OF FRENCH CABINET

PARIS Nov. 7.—Andre Tardieu, former French high commissioner to the United States, entered the French cabinet today succeeding M. Leburn, minister of reconstruction, who resigned. A controversy with Premier Clemenceau over points in the premiers Strasbourg speech was said to be the cause of the M. Leburn's resignation.

BLAME WOOD ALCOHOL HIGHBALLS FOR DEATHS

CLEVELAND, Nov. 7.—Wood alcohol highballists are believed to have caused the death of John Taylor, 45, and an unidentified man, 30, according to the police who found them dead in a Central avenue rooming house. Close by were several pop bottles partially emptied and two bottles of wood alcohol half emptied.

SLEEP VANISHED WHEN HER NERVES WENT TO PIECES

But Repose and Other Blessings Came Back at Nerv-Worth's Bidding.

And they come quickly—with the use of less than a bottle of Nerv-Worth. Here's the story, with the teller's name and address:

Nerv-Worth Co.—My nerves have been in a terrible condition. Could not do the smallest household duties nor sit down long enough to read the headlines of a paper. Sleepless and restless nights added greatly to my run-down condition.

I saw an advertisement for Nerv-Worth and I tried it. I began to feel relief before taking one bottle. I have told many others what it has done for me and I certainly could not be without it in the house.

The Secret of Distinction In a Coat

If you would know the secret of distinction in a coat, find the coat which you and your type of figure only, should wear. It will lend you distinction — express your personality in a becoming style. In our immense assembly of coats you are sure to discover the one garment which will give you that distinction in dress you so much desire. Years of experience have enabled the designers of these coats unerringly to adopt the latest, most authentic fashions to the individual woman's needs. There are wonderfully charming styles for every type and kind of figure here. But distinction in coats goes deeper than appearance alone; it is built in as a part of the garments. Style! Quality Master workmanship which endures throughout the life of the garment! All these are assured in Ogilvie coats. Prices $22.50 to $175.00.

Good Blankets and Quilts Against Cold Nights

Blankets and blankets and blankets! Quilts and quilts and quilts. They are here in wonderful supply and in all desirable grades, colors and patterns. And they are of the soundest qualities and marked as low as ie is possible to sell goods of the same reliability. That is the whole story It applies to a world of things. Good cotton blankets at $3.75 pair. Good wool and cotton mixed blankets 66x80 in., $8.50 pair.

The famous all wool Buffalo blankets $12.50 to $18.50 pair. A very fine soft brushed all wool blanket at $25 pair. Comforts filled with fine white cotton at $3.75 to $7.75. Comforts filled with half wool and half cotton at $7.50—And now is the time to buy for winter.

The Heavier Portiers for Winter Have Arrived

This season the portiers show a greater range of patterns and designs than ever before. The makers have gotten out of the rut and produced some remarkably beautiful effects. The tapestry portiers we are showing at $4.50 to $8.50 pair. Madras portiers $7.50 pair. Silk portiers $20.00 to $27.50 pair. Silk velour portiers $27.50 pair. Leather strip portiers $8.75 to $11.75 pair. Chenille Rope portiers $10.00 and $13.50.

No Matter What Kind of Apron She Wishes.

—a woman is fairly certain to find just the kind she has in mind, or would like to have, in the apron section. There are big aprons and little aprons, aprons to cover your frock and keep you spotless, even in the kitchen, plain aprons and fancy aprons—in fact any style you want from 40c to $2.00.

Men Who Once Wear Lisle Half Hose.

Are spoiled for any other kind, because in addition to being fine looking, Lisle socks are wonderfully durable. So we are glad to announce a very complete stock. For example at 40c we have them in black, white, grey, navy, brown and tan. At 50c, black, white, grey, navy and champagne.

Flannelette Pajamas for Women

Will no doubt be scarce later in the season. Many women are buying them now while stocks are good. They are the wanted one piece style. Light pink and blue stripes. Priced at $2.75 and $3.

Wire Frames for Lamp Shades

Our stock of wire lamp shades is now very complete, we are glad to say. All the various sizes from the small dresser lamp size to the large sizes for floor lamps. Our last shipment brought us a lot of new shapes and styles—Prices 25c to $1.50.

For Winter Use a Window Refrigerator

We are showing in the basement store a generous size window refrigerator made of heavy galvanized iron. Will fit any window because it is adjustable. Just about the handiest thing imaginable for keeping milk, butter and meats in. Price $4.75.

Little Sister's Winter Coat Is Here Now.

It came in with a great case of warm new coats and is all ready for little sister before J. Frost comes to town for his annual visit.

These new coats were planned and made with the greatest care. They are of fine broadcloths, silvertones, velours, velvets and plushes. The wanted shades and colors are well represented—black, pekin blue, copenhagen blue, rose, burgandy, green, navy and brown. Quite a few have cute little fur collars and others with fur cloth collars.

The Matter of New Gloves

is claiming the attention of maids and matrons these days. We have just received several new shipments of perfect fitting gloves in the wanted shades and colors for fall and winter wear. A wonderful showing of kid gloves at $3 to $6. White with black stitching, black with white stitching, plain white and black. Grey, tan, mode, taupe, brown and champagne. Gauntlet gloves—brown with grey trimming $4.25. Extra high gauntlet gloves, black with white trimming, brown with mode and grey with black, $6.00. Mocha gloves in grey and brown, $3.00.

Georgette Crepes to Match Even the Oddest of Color

If the color can be found at all in a georgette crepe it can likely be found here, because we have an unusually large assortment. By actual count we have 60 pieces of plain georgette crepes at $2.00 to $3.00 yard, and in addition 21 pieces of figured georgette crepes at $3.00 to $4.00 yard. They're all 40 inches wide.

Ventilation Means Health

But the problem has always been how to maintain a circulation of fresh air without drafts. This is solved by the Continental window ventilator which is adjustable to all windows in homes. It lets in the air, but keeps out the dirt, rain and snow. Various sizes, priced from 50c to 75c.

Peau du-Vyne---A New Silk Vesting

A lovely material indeed, and by way of explanation we might add that it looks somewhat like a suede cloth. We are showing this material in taupe, mole and brown, yard wide, $10.75.

The Electric Washing Machine Was Never In Such Great Demand

The difficulty in securing domestic help has made it incumbent upon thousands of housewives to either do the washing themselves or by some member of the family.

The electric washing machine relieves all the distaste of the washtub. No rubbing; no scrubbing, no ruining of the hands in the wash water. No disagreeable work at all. No hard straining at the wringer. After a careful investigation of many washers, we have decided to handle and recommend but one kind and that is "The Easy Vacuum". A machine built upon a correct scientific system. Without any obligation whatever on your part we want you to try this machine in your own home and compare it with any other machine you wish.

Silk Velveteen With Fur Is an Ideal Combination

You may have the velveteen in the form of a dress, and either trim it with fur or wear furs with it, or in the form of a handsome fur-trimmed suit or a wrap. Velveteen is certainly starting out to be one of the foremost fashion fabrics of the winter. A new shipment last week brought us six of the fashionable colors: plum, copenhagen, seal, brown, navy, ruby, black. They're 44 inches wide and the price $4.50 yard.

Fine Woolen Broadcloths

Are always in demand for good suits, coats and skirts. Our dress goods section is well supplied with those good, sponged and shrunk cloths. We are showing black broadcloths at $5 and $6 yard—52 inches wide. A wonderful assembly of colored broadcloth in rose, tan, plum, burgundy, Alice blue navy, grey, taupe and white. Prices $4.50 to $6.75 yard.

BIG LAND DEAL NEAR WEIRTON

One of the largest realty deals consumated in the northern Panhandle of the state for some time, was negotiated Thursday when a 335 acre tract of land, known as the Jackson-Tarr estate, one of the most valuable pieces of undeveloped land near Weirton, changed hands.

The purchasers are Messrs. H. L. Unatin and William and Louis Watzman, all of Wheeling, who recently formed a corporation to be known as the Enterprise Land company. The deal was made through George H. Davis, well known physician of Hancock county.

It is understood that the property will be developed and used for an exclusive residential district for the better class of homes. At the present time there is a general scarcity of homes throughout the district which would indicate that additional homes are badly needed.

The Weirton district has been booming during the past year and many additions have been laid out. With the mills of the district resuming it is likely that the town will soon be one of the largest and busiest in the upper end of the state.

FIXES BONDS FOR EDWARDS AND LLEWELLYN

Judge R. M. Addleman, sitting in circuit court at New Cumberland Thursday fixed the bonds of Willard W. E. Llewellyn of Chester and T. C. Edwards of Parkersburg at $1,000 each. However, neither of the men has been able to furnish the recognizance.

Llewellyn and Edwards were jailed about three weeks ago, after they had pleaded guilty to the charges of stealing dinner ware from the Taylor, Smith & Taylor pottery in Chester. Counsel for the accused appeared in court at New Cumberland Thursday and asked Judge Addleman to fix bond for the perisoners. The cases are to be called for a hearing next week.

Attended Manufacturers' Meeting.

H. P. Knoblock of Neptune avenue, head of the Potters' Co-Operative company of East Liverpool, attended a meeting of general ware manufacturers, held in the William Penn hotel, Pittsburg, Thursday evening.

Aside from the manufacturers of the East Liverpool district, who attended the meeting, representatives were present from Sebring, New Castle, East Palestine, Canonsburg and other nearby places.

Street Commissioner on Job

Street Commissioner Sam Fowler has a force of men at work repairing the gutters along First street. The street paving here is being lowered so as to permit the proper drainage of surface water.

The small piece of paving between the end of Carolina avenue and the concrete road in First street is also being repaired by the city employes before bad weather develops.

IN MISERY FOR YEARS

Mrs. Courtney Tells How She Was Cured by Lydia E. Pinkham's Vegetable Compound.

Oskaloosa, Iowa.—"For years I was simply in misery from a weakness and awful pains—and nothing seemed to do me any good. A friend advised me to take Lydia E. Pinkham's Vegetable Compound. I did so and got relief right away. I can certainly recommend this valuable medicine to other women who suffer, for it has done such good work for me and I know it will help others if they will give it a fair trial."—Mrs. LIZZIE COURTNEY, 108 8th Ave., West, Oskaloosa, Iowa.

Why will women drag along from day to day, year in and year out, suffering such misery as did Mrs. Courtney, when such letters as this are continually being published. Every woman who suffers from displacements, irregularities, inflammation, ulceration, backache, nervousness, or who is passing through the Change of Life should give this famous root and herb remedy, Lydia E. Pinkham's Vegetable Compound, a trial. For special advice write Lydia E. Pinkham Medicine Co., Lynn, Mass. The result of its long experience is at your service.

HOUSEHOLDER SENTENCED TO STATE REFORMATORY

Pleading guilty to the charge of assault upon Edward Hadley, an aged farmer residing near Chester, Albert Householder, local lad, was sentenced to an indefinite term in the West Virginia state reformatory by Judge R. M. Addleman at New Cumberland Thursday.

Robert Martin, also of Chester, who is alleged to have been implicated with Householder in the assault upon the aged man, and who was indicted by the grand jury on the same charge, was released on his own recognizance for further investigation of his case. Charles Sprouse, third member of the party, also under indictment, failed to appear for a hearing yesterday.

Young Householder was remanded to the county jail at New Cumberland following his trial yesterday. The county officials are awaiting word from the heads of the state reformatory at Pruntytown, W. Va., before they begin the trip with the lad. He will remain in the reform school until he reaches the age of 21 years, at least.

Searight Funeral.

Funeral arrangements over the remains of the late Mrs. Jennie Searight of Hookstown, who died suddenly Thursday, at the home of her sister-in-law, Mrs. David Searight, three miles south of Hookstown, have not been completed, pending the arrival of relatives from Connecticut.

The deceased was .. years of age. She lived the greater part of her life in Connecticut, but came to this locality a few years ago and since that time has been living at the David Searight home, near Hookstown. She was apparently in good health up until about a half hour previous to her death when she was stricken. Death was due to heart failure.

Preparatory Services.

Services, preparatory to communion, which will be observed on Sunday, will be held in the First United Presbyterian church at 7:30 o'clock this evening. Rev. Paul J. Reynolds will occupy the pulpit at Friday night's services.

SIX MEN GRANTED NATURALIZATION PAPERS

Six foreigners were granted their final naturalization papers by the circuit court at New Cumberland Thursday. The cases of two others were held for further investigation, while several others were dismissed.

The applicants for citizenship rights were examined by Federal Examiner Eberhart of Pittsburgh. Several Weirton foreigners, who had made applications for citizenship papers failed to appear in court to press their claims, having removed to other localities. These applications were dismissed.

Break a Cold WITHOUT NASTY QUININE

Don't stay stuffed-up! Quit blowing and snuffing! A dose of "Pape's Cold Compound" taken every two hours until three doses are taken usually breaks up a severe cold and ends all grippe misery.

The very first dose opens your clogged-up nostrils and the air passages of the head; stops nose running; relieves the headache, dullness, feverishness, sneezing, soreness and stiffness.

"Pape's Cold Compound" is the quickest, surest relief known and costs only a few cents at drug stores. It acts without assistance, tastes nice, no quinine.

Every East Liverpool Druggist Is Grossly Underpaid

How Much He Gives in Service Compared to What He Receives in Return.

No professional man in East Liverpool, serves the community better or more conscientiously than the druggist.

He accomodates you with postage stamps at cost, maintains a general information bureau and free waiting room, his store is a first aid hospital conducted without reward, he gets up in the middle of the night to answer your emergency calls.

Night and day he is consulted oftener than any other, and he gives his professional services without fee. His only reward, and it is a small one at that, comes when you make a purchase from his stock of merchandise.

You accept his recommendation just as you accept that of your lawyer, your doctor or banker, because you know that his word is good and that he knows best. He can't afford to make mistakes—and he doesn't. He knows that his whole success in his chosen profession depends on accuracy— on skill—on keeping faith with his customers.

He stakes his reputation a hundred times a day with a hundred different customers—but his judgment is founded on knowledge and experience—the knowledge and experience of the men of his profession handed down through the ages through schools, colleges and text books—and the knowledge and experience which come in the day's work and in association and conference with others in his profession.

The druggist of to-day doesn't guess—he knows. And one of the reasons he knows is because he insists that the preparations he sells shall measure up to the highest standards.

To recommend an article, the druggist must of course, know what it contains and how it is made, and this was one reason for the formation of a co-operative national association of druggists and physicians who prepare a complete line of household remedies and toilet goods. This association is the American Druggists Syndicate.

This is the largest enterprise of its kind in the world. More than 28,000 druggists and physicians own and operate it and guarantee its products. They know that A. D. S. Milk of Magnesia is the best in the world, they guarantee that A. D. S. Aspirin meets the highest standards of quality, they stand back of A. D. S. Peredixo Tooth Paste—the tooth Paste which whitens like Peroxide—because it is incomparably the best. And the same druggists in the same way are squarely behind the entire family of A. D. S. products.

It means everything to you to have such a guarantee behind the remedies you buy—a guarantee based on the scientific knowledge and experience of thousands of experts. When you buy an A. D. S. product from an A. D. S. druggist, you may do so in the confident belief that you have secured the finest possible product at the lowest possible price.

Ask any A. D. S. Druggist for A. D. S. product the next time you need any household remedy or toilet article sold in a drug store.

COAL TONNAGE REPORT ISSUED

West Virginia coal miners are now producing tonnage at the rate of 60,000,000 tons per year, or two-thirds of the normal production of the state, according to a statement issued by the West Virginia Coal association. The association's figures were based on reports from the various mining districts and the railroad figures showing the cars loaded in the various fields.

"Pocahontas has led all other districts in production," the statement said. Figures today showed approximately 100,000 tons loaded in that field yesterday, while other districts on the Norfolk & Western railroad loaded 862 cars. Reports from the other non-union fields and the mines now operating in the Kanawha, New River, Coal River, Wheeling and northern West Virginia districts show a total production that would give the state an annual tonnage in excess of 60,000,000 tons.

"There are continued daily gains in the union fields. In New River twelve mines were in operation and in northern West Virginia we have had reports from twenty-two mines in operation. In the Wheeling district there is a continued increase in the number of men returning to work in the mines now operating."

West Virginia coal operators will make no attempt to open mines closed by the strike until after the outcome of the federal proceedings at Indianapolis is definitely known.

CUT THIS OUT

OLD ENGLISH RECIPE FOR CATARRH, CATARRHAL DEAFNESS AND HEAD NOISES.

If you know of some one who is troubled with Catarrhal Deafness, head noises or ordinary catarrh cut out this formula and hand it to them and you may have been the means of saving some poor sufferer perhaps from total deafness. In England scientists for a long time past have recognized that catarrh is a constitutional disease and necessarily requires constitutional treatment.

Sprays, inhalers and nose douches are liable to irritate the delicate air passages and force the disease into the middle ear which frequently means total deafness, or else the disease may be driven down the air passages towards the lungs which is equally as dangerous. The following formula which is used extensively in the damp English climate is a constitutional treatment and should prove especially efficacious to sufferers here who live under more favorable climatic conditions.

Secure from your druggist 1 ounce of Parmint (Double strength). Take this home and add to it ¼ pint of hot water and a little granulated sugar; stir until dissolved. Take one tablespoonful four times a day. This will often bring quick relief from distressing head noises. Clogged nostrils should open, breathing become easy and hearing improve as the inflammation in the eustachian tubes is reduced. Parmint used in this way acts directly upon the blood and mucous surfaces of the system and has a tonic action that helps to obtain the desired results. The preparation is easy to make, costs little and is pleasant to take. Every person who has catarrh or head noises or is hard of hearing should give this treatment a trial.

TRIP TO HOSPITAL AVOIDED FOR THIS COLUMBUS LADY

Husband declares he is glad to publish account of wife's recovery to help others who suffer.

Back was sore and swollen; in bed one month when she started taking Dreco, now up and about the house.

"My wife was confined to her bed for a solid month nearly helpless, and thought an operation would be necessary, but instead she took Dreco, and is now going about attending to the household work," are the words in a signed statement for publication, made by Mr. J. W. Bellamy of 330 East Ennis Ave., Columbus, O.

"Stomach trouble caused her great suffering; gastritis made life miserable; she was nervous; so restless could not sleep; appetite was poor, often did not go to the table at meal times, her kidneys caused her back and side to swell up and finally had to go to bed. Several told me the place for her was a hospital for an operation, but I was afraid she could not stand it. Reading in the paper about Dreco, I got a bottle. Remember, before she started on Dreco she had been in bed a month and was nearly helpless.

"Today my wife is out of bed and going all over the place; hungry all the time; all the swelling gone from her back and side; not troubled now with the gas or indigestion; sleeps sound all night long, and her liver has been thoroughly cleansed, doing away with that drowsy feeling. She thinks Dreco the grandest thing in the world, and so do I."

Dreco acts on the liver, gives strength to weak kidneys, produces a good appetite, induces sound sleep, quiets the nerves and restores the functions of the vital organs.

All good druggists now sell Dreco, and it is highly recommended in this city by

NEW CUMBERLAND HIGH GRIDDERS AT WHEELING

Members of New Cumberland high school football team, left Friday morning for Wheeling, where they will play the Linsley Cadets on the State Fair grounds at 4 p. m.

The Hancock county boys are confident of a victory over the cadets, notwithstanding the fact that the down river aggregation is considered one of the fastest scholastic elevens in the Ohio Valley. With a victory Friday, the New Cumberland team will lay claim to the championship of the Ohio Vallely, as Wheeling and Bellaire have been eliminated by Linsley.

Entertained Travelers' Club.

Members of the Travelers' club were pleasantly entertained Thursday evening by Mrs. W. L. Smith Jr. at her home in Pyramus street, Chester. The occasion was the annual meeting of the club.

The affair took the form of a 6 o'clock dinner. Social features followed the dinner. Only the members of the club were in attendance at the meeting. The club is composed mainly of women from East Liverpool and Chester.

Removed from Hospital.

Miss Margaret Goppert of Chester, who has been at the home of East Liverpool relatives, was removed to her home on the Chester-Newell road in the Arner ambulance, Friday.

home, will be drawn by Cassius M. Metsch of East Liverpool, according to an announcement which has just been made by the building committee. Mr. Metsch has already started his work of drawing up a set of plans for the changes necessary to the sturcture.

The committee Thursday evening visited the house and went over the proposed changes with Mr. Metsch. When the plans are approved, bids for the work will be sought and the contract awarded without delay. All possible haste will be used in hurrying the improvements through to completion.

After the new home is completed and ready for occupancy, the lodge will offer their present headquarters on Virginia avenue, for sale. The Virginia avenue property was originally built for a hotel and a few years ago, when it was taken over by the lodge, was remodeled and improved, the changes costing several thousand dollars.

COLORED MAN IS ACCIDENTALLY KILLED

John Horne, colored, employed at the West Virginia-Pittsburgh coal mines at Colliers, W. Va., was accidentally shot and killed Wednesday night by his roommate.

It appears that the two men, who roomed together, heard a noise at their bed room door. Both secured their revolvers and started toward the door. Horne, who was leading, had placed his hand on the door-knob when the weapon in his companion's hand went off accidentally and the bullet pierced Horne's heart. Death was instantaneous.

SUSPEND WORK ON CONGO-ARROYO ROAD

Work on the improvement of the Congo-Arroyo road has been suspended for the winter, Freshwater Bros., the contractors in charge of the improvement, having started to store their machinery and other equipment until next spring.

The high stage of the river which existed throughout the month of October, handicapped the contractors in the improvement. Rain has also served to hold up the improvement and the contractors have been unable to make much headway since the latter part of September.

Edwin Bryan Funeral.

Funeral services over the remains of the late Edwin Bryan, aged 24, who died at the homo of his parents, Mr. and Mrs. R. M. Bryan, of near Hookstown, late Wednesday, will be held at the late home at 11 o'clock Saturday morning, Rev. J. L. Campbell of Wilmington, Pa., and Rev. McKirkham, pastor of the Hookstown United Presbytorian church, officiating. Interment will be made in Mill Creek cemetery, near Hookstown.

The deceased was well known in this section. His death was due to a complication of diseases following an illness of several weeks. Besides his parents, he is survived by the following brothers and sisters: Wallace Bryan of Hookstown; Rev. R. R. Bryan of Erie, Pa.; Joseph Bryan of New Brighton, Pa.; Mrs. John Snyder of Greensburg, Pa., and Mrs. William Craig of Hookstown.

Has He Found a Cure for Asthma?

Simple Prescription Gives Instant Relief. Makes Breathing Easy.

In New England, where Bronchial Asthma, Bronchitis and other diseases of the throat and lungs are so prevalent, remarkably successful results are being reported following the use of a new form of treatment known as Oxidaze, a physician's prescription.

Oxidaze is a harmless but powerful combination of curative essential oils concentrated and compressed into a small tablet. One of these tablets slowly dissolved before going to bed seems to have the effect of releasing the muscular constriction of the bronchial tubes, opening up the air passages and regulating spasmodic lung action. This enables the patient to breathe easily and naturally while lying down and to get a comfortable night's sleep.

So much interest has been shown that local druggists, including Jesse D. Holloway, and Carnahan's Pharmacy have secured a small supply and state that they are authorized to refund the money paid for the first package if in any case this new treatment fails to give relief. Oxidaze is pleasant to take, contains no harmful habit forming drugs and is not expensive. This makes their test an easy matter.

TRY MAGNESIA FOR STOMACH TROUBLE

It Neutralizes Stomach Acidity. Prevents Food Fermentation, Sour, Gassy Stomach and Acid Indigestion.

Doubtless if you are a sufferer from indigestion, you have already tried pepsin, bismuth, soda, charcoal, drugs and various digestive aids and you know these things will not cure your trouble—in some cases do not even give relief.

But before giving up hope and deciding you are a chronic dyspeptic just try the effect of a little bisurated magnesia—not the ordinary commercial carbonate, citrate, oxide or milk, but the pure bisurated magnesia which you can obtain from practically any druggist in either powdered or tablet form.

Take a teaspoonful of the powder or two compressed tablets with a little water after your next meal, and see what a difference this makes. It will instantly neutralize the dangerous, harmful acid in the stomach which now causes your food to ferment and sour, making gas, wind, flatulence, heartburn and the bloated or heavy, lumpy feeling that seems to follow almost everything you eat.

You will find that provided you take a little bisurated magnesia immediately after a meal, you can eat almost anything and enjoy it without any danger of pain or discomfort to follow and moreover, the continued use of the bisurated magnesia cannot injure the stomach in any way so long as there are symptoms of acid indigestion.

Weirton Greeks Released.

Two Weirton Greeks, answering to the name of George Thomas, were released from the county jail Thursday when Judge R. M. Addleman fixed their bonds at $500 each for their appearance in court on Nov. 18 to answer to indictments charging them with conducting a gambling house. One of the men is said to be the owner of the house, which was raided, while the other is charged with conducting the game. The men are said to be cousins.

Sure Way To Get Rid Of Dandruff

There is one sure way that never fails to remove dandruff completely and that is to dissolve it. This destroys it entirely. To do this, just get about four ounces of plain, ordinary liquid arvon; apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.

By morning, most if not all, of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it, no matter how much dandruff you may have.

You will find, too, that all itching and digging of the scalp will stop instantly, and your hair will be fluffy, lustrous, glossy, silky and soft, and look and feel a hundred times better.

You can get liquid arvon at any drug store. It is inexpensive, and four ounces is all you will need. This simple remedy has never been known to fail.

COMB SAGE TEA INTO GRAY HAIR

Darkens Beautifully and Restores Its Natural Color and Lustre at Once.

Common garden sage brewed into a heavy tea, with sulphur and alcohol added, will turn gray, streaked and faded hair beautifully dark and luxuriant. Mixing the Sage Tea and Sulphur recipe at home, though, is troublesome. An easier way is to get the ready-to-use preparation improved by the addition of other ingredients a large bottle, at little cost, at drug stores known as "Wyeth's Sage and Sulphur Compound," thus avoiding a lot of muss.

While gray, faded hair is not sinful, we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Wyeth's Sage and Sulphur Compound, no one can tell, because it does it so naturally, so evenly. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning all gray hairs have disappeared. After another application or two your hair becomes beautifully dark, glossy, soft and luxuriant and you appear years younger.

Be Prepared For Influenza

Cut This Out.

Many medical men say we will probably have another epidemic this fall.

Let us all hope and pray we will not.

But at the same time let us be well prepared.

The flu as it is called, usually starts with a cold and tightness in the chest.

If you even suspect there is a chance that you may be getting influenza take a good dose of laxative tea, such as Dr. Carter's K & B Tea or Celery King and send for your physician. While you are waiting for the doctor rub Begy's Mustarine on throat and chest.

Rub it on freely and never mind if it does feel good and hot, it cannot blister even the tenderest skin.

But don't stop at throat and chest; get some one to rub this enemy of inflammation over your entire back and especially between the shoulder blades.

This is one of the most sensible precautions you can take against pneumonia, which often quickly follows the flu and is just what the doctor tries hard to sidetrack.

You can get Begy's Mustarine for 30 and 60 cents in yellow boxes all ready for use at any drug store.

Remember it is made of real yellow mustard. Use it for sore throat, coughs, chest colds, pleurisy, bronchitis, lumbago and all aches and pains.

EVIDENCE POINTS TO ALLEGED EXTORTION GANG

CHICAGO, Nov. 7.—Bank books, correspondence and other papers seized late yesterday by representatives of the state's attorney's office in a raid on the offices of the Amalgamated Clothing Workers of America will be placed before the grand jury by Assistant State's Attorney Michels, who today said he would ask indictment of certain officers of the organization for having secured upwards of $500,000 from clothing manufacturers in Chicago by "calling and later settling strikes" in their plants.

Michels declared today that much of the increase in the cost of clothing in the past eight years can be traced directly to "an alleged extortion gang."

Just What You Need Dr. Carter's K. & B. Tea

For a Few Cents You Can Serve This Health-Building Tea Every Other Night for Two Weeks.

The safest way to free the bowels from poisonous accumulation, liven up a sluggish liver, make the stomach digest properly and cause the breath to be always sweet is ta take Dr. Carter's K. & B. Tea every other night.

Take it till your bowels are in perfect condition, till your eyes sparkle with health and your skin grows clear and healthy.

It's an old-fashioned vegetable remedy that you brew right in your own home, and while you're getting purere blood and better health, don't forget that there is nothing you can give the cross, fretful child that will do it more good.

CATARRH

Quickly Ended by a Pleasant, Healing Antiseptic Air. Just Breathe it.

The little hard rubber Hyomei inhaler which you can bet at Bulger's Pharmacy which you can get at Bulger's Pharmacy be carried in pocket or purse. It will last a life time.

Into this inhaler you pour a few drops of the pure healing oil of Hyomei.

This oil is absorbed by the antiseptic gauze within and now you are ready to breath it in over the germ infested membranes where it will speedily begin its work of banishing catarrhal germs and ending Catarrh. Hyomei is made of Australian eucalyptus combined with other antiseptics and is very pleasant to breathe.

It is guaranteed to banish catarrh, bronchitis, influenza, tonsilitis, sore throat, croup, coughs and colds or money back. It often cleans out a stuffed up head and opens clogged nostrils in two minutes.

Complete outfit, including inhaler and one bottle of Hyomei, costs but little, while extra bottles, if afterward needed, may be obtained at any drug gist for a few cents.

CAR LOADED WITH STEEL WORKERS STONED

YOUNGSTOWN, Nov. 7.—After pulling the trolley pole down, strikers stoned a Poland avenue street car loaded with negro steel workers at Caledonia at 5 a. m. today, breaking many windows in the car. Terror-stricken, the negroes piled pell mell from the car and beat a hasty retreat, declaring they would not go to work on a street car again. As far as could be learned no one was hurt. No arrests were made as the crowd had scattered before the police could reach the scene.

A coal shortage is said to be hampering extension of work in the steel plants. Mill operations were apparently unchanced today.

Glad to Try Anything

"Three years ago my system was in a terribly run down condition and I was broken out all over my body. I began to be worried about my condition and I was glad to try anything which would relieve me. Peruna was recommended to me as a fine blood remedy and tonic, and I soon found that it was worthy of praise. A few bottles changed my condition materially and in a short time I was all over my trouble. I owe my restoration to health and strength to Peruna. I am glad to endorse it."

MANY RECRUITS FOR U. S. NAVY

Clyde S. Call, 1526 Euclid avenue, Steubenville, was the first recruit for the United States navy enlisted through the East Liverpool navy recruiting station to select the San Francisco naval station for his preliminary land training.

Call enlisted here early this week through Chief Water Tended William Small, in charge of the local office, Little building, and was sent to Mare Island training school near San Francisco. He enlisted as an apprentice seaman.

Recruits secured here can ship for any of the following: Great Lakes, Ill.; Newport, R. I.; Norfolk, Va. or San Francisco. Enlistment is now open for two, three or four years.

BRITISH LAND GIRLS DISCARDING THEIR SKIRTS

LONDON—Land girls are discarding their skirts.

The girls have found, and the Board of Agriculture agrees with them that skirts hamper them at work, becoming wet and muddy from stooping.

Therefore the land girls will wear breetches and tunic this Winter, since they have found them warmer than bedraggled skirts.

HEART AND HOME PROBLEMS

By MRS. ELIZABETH THOMPSON.

Dear Mrs. Thompson: I read in your column where you are so opposed to a fellow kissing a girl or putting his arm around her when they are spooning. Why, for pity's sake, how long do you suppose a girl would go with a fellow if he did not do either of these? I wouldn't five minutes, nor any other girl I know. Girls want the fellow to use a little force in everything.

How would a girl feel or act with a fellow that didn't even put his arm around her? Does a girl geet a husband by sitting at one side of a house and he at the other? I can imagine what a man he would be. A girls wants a little loving once in a while.

Publish this and answer it if you are game.

HIGH FLUTIN' SALLIE.

I am publishing your letter not to be "game," but to show how insolent and cheap a girl can become who advocates your doctrines.

It is evident that you cannot even picture a better class of people — a class of young men and women who have outgrown their animal instincts sufficiently to exercise their intellects and enjoy companionship and sympathetic understanding more than kisses and hugs which are given promiscuously.

Hasn't it occurred to you that a young man shows more force to keep from kissing a girl than to do it? It requires far more will power if he cares for the girl. Later, when time has tested his affection, he can give a greater love than the man who has kissed and hugged every girl of his acquaintance.

Try to feel that you are a pure, sweet girl, worthy to be a good wife and mother; this attitude will help you to become such.

Dear Mrs. Thompson: I am in a debate in a club I belong to and as I find it rather difficult to get points on this topic which we have selected I thought perhaps you would know some points.

The question is, "That Strikes Have Not Improved the Conditions for the Workingman."

If you know anything about it, will you kindly let me know?

BEB.

Go to different factories and talk to the superintendent. He will be able to give you valuable pointers. You will also find help on the opposite side of the question from union leaders. If you get the union's point of view, you will be in a better position to fight the affirmative side of the question — that strikes have improved the conditions for the workingman.

Dear Mrs. Thompson: I am a girl sixteen. Is it proper for me to go out riding with boys who are good friends of mine after church is over if I did not go to church with them?

DOLLY.

You are too young to go riding in the evening with young men, unless chaperoned.

Dear Mrs. Thompson: I have been keeping company with a young lady fo ralmost a year. I have just found out that she is going with another fellow and she had promised that she would marry me this month. But we have had a little quarrel and haven't met since.

Kindly advise me what to do?

L.

Since the girl was engaged to you and at the same time went with another man, it seems to me that she was not deeply eneough in love with you to marry. I believe I would make no move toward reconciliation. If her love is not sincere, surely you do not want her for your wife.

HEAVY SEBRING ELEVEN COMING

Tigers, Who Beat Vets at Home, Will Meet Locals Again Next Tuesday, Armistice Day.

The Veterans of Foreign Wars will be given an opportunity to even scores with the Sebring Tigers on Armistice Day, Nov. 11, when the Tigers come to the Pottery City.

The game will be staged at West End park at 3:30 o'clock in the afternoon and is expected to draw one of the largest crowds of the season. The Tigers defeated the Veterans in their second game of the season and their first struggle off their home grounds, the game being played at Sebring.

In the initial encounter between the two clubs the Veterans looked like winners until the last quarter when the home club began to score. Three times they crossed the East Liverpool team's goal line and kicked goal once, making a total of 19 points, one of the lowest scores up till that period of the season, recorded by the Sebringites. The withdrawal of Fullback Smith and other players from the Vet lineup weakened the locals to some extent, being the main cause for their downfall—that and a couple of lucky breaks for the Tigers.

But the breaks count just as well as anythin gelse in football. The Vets realize this and are not bemoaning their fate. They are happy in the anticipation of a victory over their opponents from Mahoning county next Tuesday afternoon.

The Veteran-Tiger game will be but one event on the program to be carried out by patriotic organizations here on Armistice Day.

All members of the Veterans are requested to report at the post room Friday evening at 7 o'clock for practice.

UNION A C HERE FROM WHEELING

Fast West Virginia Aggregation Will Clash with Grands at West End Park Sunday.

That the Union A. C. of Wheeling, classed among the A1 aggregations in lower West Virginia territory as one of the best in the way of football, will give the Grands a stiff tussle when they meet at West End park next Sunday afternoon is the opinion of Manager John Callahan, who today announced the attraction.

Since their defeat by the Veterans of Foreign Wars the Grands have been working diligently under Coach Osterhouse and expect to smooth out the kinks by Friday evening. No casualties were reported following the game for the championship of the city with the Vets and consequently the Grands expect to be in perfect shape for the engagement.

The Unions have been cutting a wide swath in athletic circles in the lower valley and are in line for championship honors. Their prowess is not known here inasmuch as there are so many teams in the independent class in and about Wheeling that the Unions, according to their management, have been playing the greater part of the season at home. The trip to meet the Grands here Sunday will be the longest of the season, it was announced.

TAD'S TID-BITS

Fight fans, as a rule, pick Jim Jeffries when they talk of the toughest guy Jack Dempsey could have met. Last night at an uptown soda store a bunch of ring followers got into an argument about the pair. One, a great Jeffries admirer, said that Dempsey could not have hurt Jeff and that after eight or nine rounds he would have tired and have been a spread for the boiler-maker.

He said that if hitters like Sharkey, Choynski and Fitzsimmons couldn't feaze Jeff, what chance would Dempsey have had?

The Dempsey man came right back with an answer. He insisted that Jeffries was not a puncher, and mentioned that Choynski, Ruhlin and Sharkey all went the limit with him and were not mussed up much. He added that the only men Jeff ever knocked out were Corbett, Jackson, Goddard and Fitz, when all were past their prime. He couldn't stop Bob Armstrong in ten rounds and had a tough time of it with every young man he ever met.

The Dempsey man then went on to show that every man that Dempsey met was dropped for the count excepting Billy Miske and Meehan.

He figured that if Dempsey could stop Morris, Smith, Brennan, Willard and Levinsky in jig time he'd certainly do the same to Jeffries, who was one of the easiest of the heavies to hit.

It's a hard thing to figure today. Jeff was a marvel in build and weighed about 218 pounds in fighting trim. He stood over six feet and was as strong as a pair of bulls. Dempsey stands over six feet but tips the beam at only around 190 in ring costume. He can hit, though, but whether he could have mixed with the big "bear" Jeffries and lasted a while we can't say.

THE GREATEST FIGHTER HE EVER SAW.

Dear Tad:

Apropos of "The Greatest Fighter I Ever Saw" I respectfully submit the following:

No apology intended, as I've only glimpsed a dozen fights in my life, but I've read of a lot. But to the fighter—that boy was old Leaches Cross. He combined everything that a fighter needs. Here's my dope:

1. He always drew a crowd; half the gang came to see him knocked out; the other half to see him win. As a box office attraction he WAS THERE!

2. His left was a whale, and many a pug who met it hasn't the heart to look a cauliflower in the face yet.

3. He could go the distance, and wasn't afraid of that twenty-round stuff. Look at his record and his go with Dick Hyland.

4. He had science, his footwork was the works. Talking about science—stalling—that's a science of its own! And Leaches could stall; man, he'd look as though the canvas would be his resting place any moment—when suddenly he came to life! Oh! Mommer! That ol' left would shoot out like a 75, and blooie, the house was in an uproar! Thrills—he sure made many! The fans that were present at his fights—none will ever forget him. He was my idea of some fighter.

STATE HUSKIES WORKING HARD TO WIN TITLE

COLUMBUS, Nov. 7. — Determined not to fall by the wayside now that they are out in front of all other Western conference competition, Ohio State's huskies, favored to win the Big Ten title, this week are redoubling their efforts to vanquish Purdue, Wisconsin and Illinois, the three teams remaining on the Buckeye schedule. After being forced to let down somewhat last week by the inclement weather and the fact that there was no game scheduled for the end of the week, the Wilcemen swung into their top stride with the beginning of the week and are working harder than ever.

With the realization that a single defeat may eliminate them from the championship, and with the fate of Chicago and Wisconsin, up to last week undefeated, staring them in the face Captain Harley's players are leaving no stone unturned to prepare in thorough fashion for the remaining foes. All three can rest assured they will more than thave their hands full.

Purdue, contesting with Ohio State for the first time in history for football supremacy, will appear at Ohio field the coming week end. While the Boilermakers have yet to win a Western conference game this fall, reports of Buckeye Scouts indicate that the Lafayette crew is unusually strong and that the local eleven will have to extend itself to wind.

Ohio State, favored for the conference title, is given the edge over the visitors, but no chances are being taken here, and certainly no feeling of over-confidence exists in the Ohio camp. Through preparation for each game being a byword of Wilce-coached elevens the Boilermakers are receiving their full share of attention.

With almost national attention focused upon them, the scarlet and gray players are being worked to the limit. Long sessions daily with the elusive pigskin are in order. Despite the showing made so far regulars are having to fight harder than ever for their jobs, and as usual no one save, perhaps Captain Harley, is absolutely sure of his job.

The line is pretty well set for the remaining three games, unless injuries should occur. Some uncertainty still exists in the backfield as to who will be Captain Harley's running mate for the Purdue game. Bliss, Davies and Taylor so far have been alternating at that niche.

Some of the regulars are still nursing bruises and bumps received in the Michigan game, but Trainer Gurney has his men in fine shape otherwise. They will be fit for the fiercest sort of competition in the three games to come.

Seating arrangements for the Purdue and Illinois games are being enlarged to include the limit of Ohio field's capacity.

OHIO STATE IS HEADED FOR GRID TITLE; ONLY UNBEATEN TEAM IN WESTERN CIRCUIT

Chick Harley.

By N. E. BROWN.

Ohio State University is headed toward the western conference grid title and, unless the dope bucket is kicked Hongkong west and crooked, Chick Harley and his fellow gridders will win it.

The battles of November 1 left the State team the only undefeated eleven in the Big Ten. Wisconsin had battled through the early games without losing until they ran up against Minnesota. The Minnesota crew nicked them to the tune of 19 to 7. Chicago had hopes of keeping her slate clean until Illinois put a crimp in it. And so, the list of unbeaten elevens dwindled to one—State.

State has three games yet to play and, to be absolutely sure of a clear claim to the title, must win all of them. One defeat would give Wisconsin a chance to claim half the crown, provided that team went through the rest of its schedule without slipping again.

Of the three games State faces only one that looks to be a real tough battle. That is the final game of the season with Illinois November 22, despite the fact that Wisconsin must be overcome the week previous. On November 8 State tackles Purdue, but the showing of that team this season has been such that little opposition is looked for from them.

How can Illinois be figured as more dangerous than Wisconsin, if Wisconsin has kept its slate clean the longer and has a record as good as Illinois shows, you ask?

Well, for this reason. Wisconsin nosed out a victory over Northwestern University 10 to 6. Michigan, defeated by Ohio State, barely managed to sneak through with a victory over Northwestern, which would make Wisconsin look strong. But, on the other cleated shoe, Chicago swamped Northwestern 41 to 0, and Illinois hung one on Chicago's eye, 14 to 10.

Of course, football figures are the most unreliable little things in the world, but the cold scores are the most definite means of doping out the relative strength of the teams at that.

Looking at the figures from another angle, an easy victory for Illinois over State can be doped out. State defeated Michigan by a score of only 13 to 3. Michigan just nosed out Northwestern, Chicago swamped Northwestern and Illinois swamped Chicago.

This line of dope is weakened by the fact that Northwestern's team had been crippled by Wisconsin and half of the men who played for Northwestern against Chicago were second string men.

Aside from the figures the general team play of the two teams, Illinois and State, gives State the edge. State, lead by Chick Harley, ably assisted by Pete Stinchcomb, has a wonderful machine. The defeat handed Michigan showed State to have one of the most powerful, smoothest working football teams in western conference history.

Women, who have sufferage, in Italy outnumber the male voters.

POTTERIES WILL COMPETE AT Y

West End vs. Klondyke Will Open Season Next Thursday --Many Events for Contestants.

A series of industrial, social and athletic meets, as planned by John Mylar, assistant physical director at the local Y. M. C. A., promises to bring together on the gym floor, in the swimming pool, in the billiard rooms, some of the best athletic talent in the city during the winter months.

The first event, as announced by Mylar, will take place next Thursday evening, Nov. 13, with the employes of the West End pottery and the Smith & Phillips company of Klondyke as the contesting sides.

An interesting program of events has been prepared for the occasion. The meet will open with a relay race around the gym track. Each side will be limited to six men. This will be followed by a relay race in the swimming pool, beneath the gym. Four men will constitute a side. Six huskies from each pottery will then stage a tug-of-war on the gym floor. The standing broad jump, with four on a side, and the basketball game, with the regulation number of men on each side, will wind up the athletic events.

For the less actively inclined there will be chess, checkers, pocket billiards and carom billiards, each side limited to a man.

The schedule for the season has not yet been definitely dated, but will be arranged in the following order:

Thompson pottery vs. Thomas Porcelain.

Homer Laughlin pottery vs. K. T. & K.

Vodrey's and Hall's against Standard and Dresden.

Edwin M. Knowles vs. Harker's.

SALE OF HAIR TONIC TAKES JUMP IN PORTO RICO

PORTO RICO—Hair tonir has leaped into favor here in Porto Riro. In one week more than 1,350 bottles manufactured by a local firm, under formula registered with the Government, has been sold.

The hair tonic contains 60 per cent alcohol and has been selling for fifteen cents a bottle.

In taste the tonic strongly resembles pure rum.

Within a few weeks 75,000 bottles have been sold.

The police have now stopped the sale and commendered the whole supply.

EXPECT BIG CROWD AT CASE-MT. UNION GAME

ALLIANCE, Nov. 7.—The Case-Mount Union football contest Saturday afternoon on the local college field will be homecoming day for Mt. Union alumni.

Hundreds of old grads will see Coach O'Brien's moleskin fighters stack up against Case in their twelfth annual game. Football dope puts the teams on an equal footing and a close game is expected by the followers of both schools.

The Methodists are training hard this week. The men hurt in the Oberlin game are fast recovering and the team came out of the Akron fracas in good condition. This week Coach O'Brien dons the moleskins to bolster up the freshman team for stronger opposition in the heavy scrimmage that is putting the Mount varsity in excellent trim for the Cleveland pigskin chasers.

In the previous eleven contests between the two schools Case won 7, Mount Union 4. Many athletes who played against the Cleveland scientifics in former years will see the Saturday game at 2 o'clock.

Asserts New Discovery Brings Blessed Relief To Rose and Hay Fever Sufferers

Can Make It Yourself At Home At Trifling Expense

In spite of all the doubters and scoffers, a man in Kentucky, who changed his annoying and distressing hay fever into less than a mild cold, claims most emphatically that if taken in time hay fever can be conquered or at least made so harmless that it is not even bothersome.

He gave his discovery to scores of other sufferers with the most remarkable results and has recently been prevailed upon to dispense it through pharmacists to all hay fever sufferers who still have faith that nature has provided an effective remedy for this common yet miserable disease.

And best of all this remedy costs almost nothing. Get a one ounce bottle of Mentholized Arcine at any drug store, pour the contents into a pint bottle and fill the pint bottle with water that has been boiled.

Then gargle as directed and twice daily snuff or spray each nostril thoroughly.

That's all there is to it; so simple that a lot of people will say that it can't do the work; but oftentimes simple natural remedies are the best as you will find after using.

If you will make up a pint and use it for a week or ten days you need not be surprised if your unwelcome yearly visitor fails to appear.

SPORTING GOSSIP

Behind the recent defeat of Yale by Boston college, made possible by a field goal kicked by Jimmy Fitzpatrick, lies a rather interesting little story. It seems that a couple of years ago, upon graduating from the high school at Meridan, Conn., Jimmy planned to enter Yale and to take part in athletics at that university. Johnny Mack, the Yale trainer, looked the boy over one day, however, and remarked that he would never make an athlete. Mack's hastily rendered judgment caused Fitzpatrick to change his mind about going to Yale, and he entered Boston college. The blow he delivered to the Bulldog's pride the other day, therefore, brought great delight to the heart of the Meridan boy.

Earl Eby, middle distance runner of the Chicago Athletic association, who won the 440 yard run in the A. E. F. games in Paris, has resumed his studies at the University of Pennsylvania. Eby had accepted a position with a Chicago firm and then learned he would be able to graduate next June if he resumed his course at the Quaker institution at once.

The addition of Eby to the Penn track team will undoubtedly make Lawson Robertson's aggregation favorite for honors in the eastern intercollegiate next spring. In addition to Eby, Sherman Landers, another athlete, has returned to Penn and the pair are certain to be point winners in the big eastern meets in addition to scoring heavily in other events during the winter.

The Philadelphia Racquet club will be the scene of the open court tennis championship of America, between Jay Gould, the amateur champion, and Walter Kinsella, the professional title holder, December 2, 4 and 6. Four sets will be played December 2 and 4 and the remaining five sets December 6. In the event of Kinsella winning, he will receive a purse of $2,500, while should Gould triumph, he will be given a silver cup.

It is estimated that the Cincinnati Reds played to more than a million fans during the championship series, thus shattering the attendance record for major league ball clubs. The total attendance at their home games was greater than that at the games they played on the road, yet they helped draw two crowds of 40,000 each at the Polo grounds during the great series played at New York in August. Another big crowd that turned out to see them in hostile territory packed the Phillies park one day late in August, when the potential champions were on their last eastern trip.

The records prove that the Giants were easily the best drawing card at Redland field this summer, as they usually are everywhere. The largest crowd ever drawn by the Reds at home saw Moran's men and the Giants play on Sunday, August 3. The paid attendance that day was 32,121.

Racing and personal liberty are the attractions in Cuba for the coming winter. It is said that 40,000 passports to the Cuban capital have been issued within the last six weeks, and that the demand is steadily increasing.

The promoters of the race meeting at Oriental park are preparing to transport more than 1,000 horses. Many stables will be shipped across the Gulf of Mexico from New Orleans. One of the biggest hotels in Havana has been purchased by Americans who intend to run it on modern lines. In other words, Cuba seems destined to enjoy record breaking popularity during the next four months.

LA FRANCE CO. GETS CONTRACT FOR TRUCK

The American La France Fire Apparatus company was awarded the contract for furnishing the city's new combination fire truck at a meeting of the board of control Thursday afternoon.

The new truck will cost the city $7,650 delivered. Two other bids were submitted by the La France company, two by the Travelers' Garage company from the Mack Motor company and one each from the White Auto and the Seagrave companies.

George Peabody, founder of Peabody's institute, was offered the title of baron by Queen Victoria, but declined it.

PLAN TO ENLARGE ICE CREAM PLANT

Plans for enlarging the plant of the Crystal Ice Cream and Bottling works have been drawn by Arthur N. Evanitzky, manager of the concern. Mr. Evanitzky is now attending a meeting of the Bottlers' Association of America in Chicago. While in that city he will purchase new machinery for the plant. He plans to manufacture ice for his own use and possibly a surplus for the general public.

BOATS DELAYED BY HIGH RIVER

River packets navigating the upper Ohio river which have been greatly delayed because of the high stage of the river are again operating nearly on schedule.

The three packets of the Liberty Transit company, plying between Pittsburg, Cincinnati and way points, were delayed several hours on their upriver trips. The steamer General Wood, which has the longest run between Pittsburg and Cincinnati, is now en route up river.

Practically no water fell over the watersheds of the Allegheny and Monongahela rivers Thursday and the Ohio river is continuing to fall. Officials at government lock No. 8, near here, are awaiting orders to raise the wickets and close the bear traps.

FEAR REVOLUTIONARY TREND IN STRIKE

PARIS, Nov. 7.—Fears were expressed today that the proposed general strike of railway workers may take a revolutionary trend. The leaders of the movement declined to say whether it would be confined to a ninety minutes' cessation of work to commemorate the establishment of soviet rule in Russia or would extend into "a revolutionary general strike."

Voile Curtains, $8.75 to $12.50 pair.

Panel Curtains that will fit any width window at 85c to $1.75 each.

The Secret of Distinction In a Coat

If you would know the secret of distinction in a coat, find the coat which you and your type of figure only, should wear. It will lend you distinction — express your personality in a becoming style. In our immense assembly of coats you are sure to discover the one garment which will give you that distinction in dress you so much desire. Years of experience have enabled the designers of these coats unerringly to adopt the latest, most authentic fashions to the individual woman's needs. There are wonderfully charming styles for every type and kind of figure here. But distinction in coats goes deeper than appearance alone; it is built in as a part of the garments. Style! Quality Master workmanship which endures throughout the life of the garment! All these are assured in Ogilvie coats. Prices $22.50 to $175.00.

Good Blankets and Quilts Against Cold Nights

Blankets and blankets and blankets! Quilts and quilts and quilts. They are here in wonderful supply and in all desirable grades, colors and patterns. And they are of the soundest qualities and marked as low as ie is possible to sell goods of the same reliability. That is the whole story It applies to a world of things. Good cotton blankets at $3.75 pair. Good wool and cotton mixed blankets 66x80 in., $8.50 pair.

The famous all wool Buffalo blankets $12.50 to $18.50 pair. A very fine soft brushed all wool blanket at $25 pair. Comforts filled with fine white cotton at $3.75 to $7.75. Comforts filled with half wool and half cotton at $7.50—And now is the time to buy for winter.

The Heavier Portiers for Winter Have Arrived

This season the portiers show a greater range of patterns and designs than ever before. The makers have gotten out of the rut and produced some remarkably beautiful effects. The tapestry portiers we are showing at $4.50 to $8.50 pair. Madras portiers $7.50 pair. Silk portiers $20.00 to $27.50 pair. Silk velour portiers $27.50 pair. Leather strip portiers $8.75 to $11.75 pair. Chenille Rope portiers $10.00 and $13.50.

No Matter What Kind of Apron She Wishes.

—a woman is fairly certain to find just the kind she has in mind, or would like to have, in the apron section. There are big aprons and little aprons, aprons to cover your frock and keep you spotless, even in the kitchen, plain aprons and fancy aprons—in fact any style you want from 40c to $2.00.

Men Who Once Wear Lisle Half Hose.

Are spoiled for any other kind, because in addition to being fine looking, Lisle socks are wonderfully durable. So we are glad to announce a very complete stock. For example at 40c we have them in black, white, grey, navy, brown and tan. At 50c, black, white, grey, navy and champagne.

Flannelette Pajamas for Women

Will no doubt be scarce later in the season. Many women are buying them now while stocks are good. They are the wanted one piece style. Light pink and blue stripes. Priced at $2.75 and $3.

Wire Frames for Lamp Shades

Our stock of wire lamp shades is now very complete, we are glad to say. All the various sizes from the small dresser lamp size to the large sizes for floor lamps. Our last shipment brought us a lot of new shapes and styles—Prices 25c to $1.50.

For Winter Use a Window Refrigerator

We are showing in the basement store a generous size window refrigerator made of heavy galvanized iron. Will fit any window because it is adjustable. Just about the handiest thing imaginable for keeping milk, butter and meats in. Price $4.75.

Little Sister's Winter Coat Is Here Now.

It came in with a great case of warm new coats and is all ready for little sister before J. Frost comes to town for his annual visit.

These new coats were planned and made with the greatest care. They are of fine broadcloths, silvertones, velours, velvets and plushes. The wanted shades and colors are well represented—black, pekin blue, copenhagen blue, rose, burgandy, green, navy and brown. Quite a few have cute little fur collars and others with fur cloth collars.

The Matter of New Gloves

is claiming the attention of maids and matrons these days. We have just received several new shipments of perfect fitting gloves in the wanted shades and colors for fall and winter wear. A wonderful showing of kid gloves at $3 to $6. White with black stitching, black with white stitching, plain white and black. Grey, tan, mode, taupe, brown and champagne. Gauntlet gloves—brown with grey trimming $4.25. Extra high gauntlet gloves, black with white trimming, brown with mode and grey with black, $6.00. Mocha gloves in grey and brown, $3.00.

Georgette Crepes to Match Even the Oddest of Color

If the color can be found at all in a georgette crepe it can likely be found here, because we have an unusually large assortment. By actual count we have 60 pieces of plain georgette crepes at $2.00 to $3.00 yard, and in addition 21 pieces of figured georgette crepes at $3.00 to $4.00 yard. They're all 40 inches wide.

Ventilation Means Health

But the problem has always been how to maintain a circulation of fresh air without drafts. This is solved by the Continental window ventilator which is adjustable to all windows in homes. It lets in the air, but keeps out the dirt, rain and snow. Various sizes, priced from 50c to 75c.

Peau du-Vyne--A New Silk Vesting

A lovely material indeed, and by way of explanation we might add that it looks somewhat like a suede cloth. We are showing this material in taupe, mole and brown, yard wide, $10.75.

The Electric Washing Machine Was Never In Such Great Demand

The difficulty in securing domestic help has made it incumbent upon thousands of housewives to either do the washing themselves or by some member of the family.

The electric washing machine relieves all the distaste of the washtub. No rubbing; no scrubbing, no ruining of the hands in the wash water. No disagreeable work at all. No hard straining at the wringer. After a careful investigation of many washers, we have decided to handle and recommend but one kind and that is "The Easy Vacuum". A machine built upon a correct scientific system. Without any obligation whatever on your part we want you to try this machine in your own home and compare it with any other machine you wish.

Silk Velveteen With Fur Is an Ideal Combination

You may have the velveteen in the form of a dress, and either trim it with fur or wear furs with it, or in the form of a handsome fur-trimmed suit or a wrap. Velveteen is certainly starting out to be one of the foremost fashion fabrics of the winter. A new shipment last week brought us six of the fashionable colors: plum, copenhagen, seal, brown, navy, ruby, black. They're 44 inches wide and the price $4.50 yard.

Fine Woolen Broadcloths

Are always in demand for good suits, coats and skirts. Our dress goods section is well supplied with those good, sponged and shrunk cloths. We are showing black broadcloths at $5 and $6 yard—52 inches wide. A wonderful assembly of colored broadcloth in rose, tan, plum, burgundy, Alice blue navy, grey, taupe and white. Prices $4.50 to $6.75 yard.

Free Yourself of Rupture Without Pain, Operation or Loss of Time

FOR the benefit of our readers we take pleasure in publishing the Brooks offer to save all who are ruptured from wearing painful makeshift trusses that do not cure.

The Brooks Appliance Co. gladly sends their remarkable patented Appliance ON TRIAL to prove that it holds the rupture back, keeps it in place, prevents it coming down or slipping out and finally assists Nature to heal up the rupture.

No man or woman ever can look and feel his or her best while suffering the torment, pain and discomfort of rupture.

Every day that you suffer from rupture—every hour of truss torture that you endure—after you read this page *is your own fault.*

For many years we have been telling you that no makeshift truss will ever help you. We have told you about the harm ill-fitting trusses are doing. We have told you that the only truly comfortable, sanitary and scientific device for holding rupture is the Brooks Rupture Appliance.

Now we offer to prove it to you, entirely at our risk. We will send you a Brooks Rupture Appliance *on trial.* If you really want to be rid of your rupture fill out the coupon below and mail it today.

Instead of wearing a steel spring or inflexible harness, try the *velvet-soft* Brooks Appliance.

Instead of the old hard or stuffed pad, use the *soft rubber automatic air-cushion* of a Brooks Appliance.

The Brooks Appliance clings to you without force and you are hardly conscious of its presence. But above all else, it ***HOLDS always.***

Within an hour after you receive the Brooks Appliance, if you take advantage of this remarkable trial offer, you will throw away your truss forever.

Over 685,000 People Have Accepted This Offer. Why Not You?

Doesn't that prove that the Brooks Appliance is not an experiment but a positive success—that it does all we claim for it? Among these 685,000 men, women and children there must be *hundreds whose condition was identical with yours.* Can you afford not to investigate and satisfy yourself when it costs you nothing to prove what the Brooks Appliance will do for *you?*

This wonderful device is a triumph of scientific and mechanical genius, the outcome of more than 30 years experience

Mr. C. E. Brooks, Inventor of the Appliance. Mr. Brooks cured himself of rupture over 30 years ago and patented the Appliance from his personal experience. If ruptured, write TODAY to the Brooks Appliance Company, Marshall, Michigan.

and the results accomplished by its use are little short of miraculous.

Many hundreds of physicians and surgeons recommend the Brooks Appliance and condemn makeshift trusses as more harmful and dangerous than any other method of retaining and treating rupture. Thousands of people have written us testifying to the amazing results they have secured from this great invention. Many of these people live right in your vicinity and we will be glad to send you copies of their thankful letters if you will ask for them when you write.

Men, Women and Children Find the Brooks Appliance Equally Effective.

No matter if your rupture is old and and severe or only recently developed, no matter if you are young or old, you should not fail to profit by this ***No-Risk Trial Offer.***

No other rupture support, truss, lock, device, pad or plaster is offered to the public under so broad a guarantee of satisfaction.

If for any reason whatever you do not wish to keep the Brooks Appliance after you try it, send it back. You don't have to give any reason. You are to be the sole judge. There will be no argument, no dispute or misunderstanding.

Ten Reasons Why You Should Accept This Offer.

1. It is absolutely the only Appliance embodying the principles that inventors have sought after for years.

2. The Appliance for retaining the rupture cannot be thrown out of position.

3. Being an air cushion of soft rubber it clings closely to the body, yet never blisters or causes irritation.

4. Unlike ordinary so-called pads, it is not cumbersome or ungainly.

5. It is small, soft and pliable, and positively cannot be detected through the clothing.

6. The soft, pliable bands do not give the unpleasant sensation of wearing a harness.

7. Nothing to get foul; it can be washed without any injury.

8. There are no metal springs in the Appliance to torture one by cutting and bruising the flesh.

9. All materials are the very best that money can buy, making it a durable and safe Appliance to wear.

10. Our reputation is so thoroughly established and our prices so reasonable, our terms so fair, that you should not hesitate to send the free coupon ***today.***

TROTTER'S

Splendid Way To Reduce Your Weight

There is perhaps no one thing that so plainly shows the passing of our youth as the horrible tendency to put on too much weight after we have reached the age of 25 or 30 years. However young our faces may appear, the sagging, flabby figure and forty inch waist "gives us away."

The cause of this over stoutness is that our stomachs convert the food we eat into fat because there is not enough oxygen in the blood to produce a proper combustion to destroy the excess fatty tissue. Fat people will be pleased to learn of a simple home method that is wonderfully efficient in reducing weight quickly and easily without a starving diet, violent massage or strenous exercise. Go to any drug store and get a box of Phynola; take five grains after each meal and at bed time. This treatment will often give quick relief from overburdening fat. Phynola taken at meal times assists the stomach in giving you the benefit of the food you eat; at the same time dissolves the fatty tissue from any part of the body where there is excessive fat. By this method many have reduced their weight a pound a day and there is no flabbiness left. Chas. T. Larkins can supply you with the genuine Phynola at a small cost.

Are You Blind In One Eye?

Many persons have been blind in one eye for years without discovering it until something happened to their good eye.

If one of your eyes is defective the other may have to do all the work and the defective one will waste away and become blind from non-use.

Experiment by covering one eye and then the other. If the vision is not equally good in both eyes you should consult an Eye Specialist.

Vigorous Men and Women are in Demand

If your ambition has left you, your happiness has gone forever unless you take advantage of J. D. Holloway's magnificent offer to refund your money on the first box purchased if Wendell's Ambition Pills do not put your entire system in fine condition and give you the energy and vigor you have lost.

Be ambitious, be strong, be vigorous. Bring the ruddy glow of health to your cheeks and the right sparkle that denotes perfect manhood and womanhood to your eyes.

Wendell's Ambition Pills, the great nerve tonic, are splendid for that tired feeling, nervous troubles, poor blood, headaches, neuralgia, restlessness, trembling, nervous prostration, mental depression, loss of appetite and kidney or liver complaints.

You take them with this understanding that: In two days you will feel better. In a week you will feel fine, and after taking one box you will have your old time confidence and ambition or the druggist will refund the price of the box.

Be sure and get a 50 cent box today and get out of the rut. Remember J. D. Holloway and dealers everywhere are authorized to guarantee them.

PET CORNS

Few Drops of "Freezone," Then Lift Corn Right Off

A tiny bottle of "Freezone" costs so little at anw drug store; apply a few drops upon any corn or callus. Instantly it stops hurting, then shortly you lift that bothersome corn or callus right off with your fingers. Truly! No humbug!

BRINGING UP FATHER BY McMANUS

MANY RECRUITS FOR U. S. NAVY

Clyde S. Call, 1526 Euclid avenue, Steubenville, was the first recruit for the United States navy enlisted through the East Liverpool navy recruiting station to select the San Francisco naval station for his preliminary land training.

Call enlisted here early this week through Chief Water Tended William Small, in charge of the local office, Little building, and was sent to Mare Island training school near San Francisco. He enlisted as an apprentice seaman.

Recruits secured here can ship for any of the following: Great Lakes, Ill.; Newport, R. I.; Norfolk, Va. or San Francisco. Enlistment is now open for two, three or four years.

BRITISH LAND GIRLS DISCARDING THEIR SKIRTS

LONDON—Land girls are discarding their skirts.

The girls have found, and the Board of Agriculture agrees with them that skirts hamper them at work, becoming wet and muddy from stooping.

Therefore the land girls will wear breetches and tunic this Winter, since they have found them warmer than bedraggled skirts.

GUESTS AT RECEPTION IN NEWLYWEDS' HONOR

Mr. and Mrs. J. V. Coen and Charles Stevens, all of Newell have returned home from Steubenville, where they attended a reception given in honor of Mr. and Mrs. Schnocksnider, newlyweds, who were married Tuesday.

The young couple were attended by Miss Eva Sweeles of Bloomingdale and Walter Grimm of Canton, the ceremony being performed by Jusice Downer. Following the marriage the bridal pair were tendered a wedding dinner at the home of Mr. and Mrs. J. M. Skeeles, covers being laid for 16.

Mr. Schnock snider has just been discharged from the army.. He served over seas during the world war with the 66th Coast Artillery. The bride's home is at Unionport, Jefferson county

LARGE CROWDS ATTEND REVIVAL SERVICES HERE

The revival services being conducted at the First Presbyterian church in Newell, continues to meet with success large crowds being in attendance each evening.

Rev. Edwin M. McIlvaine of Meadville, Pa., who spoke Thursday evening used the subject, "What is Conversions?" Special music by a quartette and the large chorus choir featured the service. A duet by Mrs. Patton of East Liverpool and Mrs. Sterling Carson was rendered in connection with Wednesday night's service.

Services will be held Friday evening at ths usual hour, 7:30 o'clock. This will be Rev. McIlvaine's last sermon here. He will leave Saturday morning for Meadvile, Pa., in order to occupy his pulpit at the First Presbyterian church at the regular Sunday services.

MAKING IMPROVEMENTS TO CLAY FORMING PLANT

Improvements costing several thousand dollars are being made to the plant of the Novelty Clay Forming company, at East Palestine O., according to word, which has been received in Newell.

The Novelyt Clay Forming company formerly occupied the two kiln plants in Newell, which has been idle for two years or more. It quit operations here because the quarters were too small to take care of the increasing business. The company when it removed to East Palestine, assumed charge of the old plant of the Ohio China company. Now because of additional business, it has been planned to expand more.

The plant is under the management of Fred Owen, who has added a number of specialties to the plant, since its removal to the Ohio city.

NEW CUMBERLAND PLANT TO OPEN THIS MONTH

Manufacturing of ware at the new plant of the Chelsea China Co. at New Cumberland, W. Va., is expected to commence this month, and if so, shipping of the product will be possible on or about December 1. The plant is controlled by New Cumberland and Wheeling interests and will manufacture an exclusive line of vitreous hotel china. Only plain white will be marketed for the present, but a little later a line of decorated ware will be offered the trade. The company has a favorable amount of business on hand, and it is also the first pottery company in West Virginia to make use of the tunnel kiln. The kiln is now being used for sagger firing and has been found to give excellent results.

Grading Roadway

Workmen are engaged in grading the roadway between the Homer Laughlin China company and the Edwin M. Knowles company plants here. The railroad siding, leading along the southside of the Homer Laughin plant was recently rebuilt and lowered during the same process. The roadway, which is alongside the tracks, was left several feet high by the lowering of the railroad switch and now the road is being graded down to the same level as the tracking. The work will be completed within the next week or ten days.

Building Addition To Plant

The Edwin M. Knowles pottery has started work on the construction of an addition to their Newell plant. The addition, will be located directly in the rear of the office buiding, and will adjoin the packing shed. Evcavation for the new building was started this week. The work will be rushed thru as soon as possible in order that it will be completed before cold weather sets in.

HEAVY SEBRING ELEVEN COMING

Tigers, Who Beat Vets at Home, Will Meet Locals Again Next Tuesday, Armistice Day.

The Veterans of Foreign Wars will be given an opportunity to even scores with the Sebring Tigers on Armistice Day, Nov. 11, when the Tigers come to the Pottery City.

The game will be staged at West End park at 3:30 o'clock in the afternoon and is expected to draw one of the largest crowds of the season. The Tigers defeated the Veterans in their second game of the season and their first struggle off their home grounds, the game being played at Sebring.

In the initial encounter between the two clubs the Veterans looked like winners until the last quarter when the home club began to score. Three times they crossed the East Liverpool team's goal line and kicked goal once, making a total of 19 points, one of the lowest scores up till that period of the season, recorded by the Sebringites. The withdrawal of Fullback Smith and other players from the Vet lineup weakened the locals to some extent, being the main cause for their downfall—that and a couple of lucky breaks for the Tigers.

But the breaks count just as well as anythin gelse in football. The Vets realize this and are not bemoaning their fate. They are happy in the anticipation of a victory over their opponents from Mahoning county next Tuesday afternoon.

The Veteran-Tiger game will be but one event on the program to be carried out by patriotic organizations here on Armistice Day.

All members of the Veterans are requested to report at the post room Friday evening at 7 o'clock for practice.

UNION A C HERE FROM WHEELING

Fast West Virginia Aggregation Will Clash with Grands at West End Park Sunday.

That the Union A. C. of Wheeling, classed among the A1 aggregations in lower West Virginia territory as one of the best in the way of football, will give the Grands a stiff tussle when they meet at West End park next Sunday afternoon is the opinion of Manager John Callahan, who today announced the attraction.

Since their defeat by the Veterans of Foreign Wars the Grands have been working diligently under Coach Osterhouse and expect to smooth out the kinks by Friday evening. No casualties were reported following the game for the championship of the city with the Vets and consequently the Grands expect to be in perfect shape for the engagement.

The Unions have been cutting a wide swath in athletic circles in the lower valley and are in line for championship honors. Their prowess is not known here inasmuch as there are so many teams in the independent class in and about Wheeling that the Unions, according to their management, have been playing the greater part of the season at home. The trip to meet the Grands here Sunday will be the longest of the season, it was announced.

TAD'S TID-BITS

Fight fans, as a rule, pick Jim Jeffries when they talk of the toughest guy Jack Dempsey could have met. Last night at an uptown soda store a bunch of ring followers got into an argument about the pair. One, a great Jeffries admirer, said that Dempsey could not have hurt Jeff and that after eight or nine rounds he would have tired and have been a spread for the boiler-maker.

He said that if hitters like Sharkey, Choynski and Fitzsimmons couldn't feaze Jeff, what chance would Dempsey have had?

The Dempsey man came right back with an answer. He insisted that Jeffries was not a puncher, and mentioned that Choynski, Ruhlin and Sharkey all went the limit with him and were not mussed up much. He added that the only men Jeff ever knocked out were Corbett, Jackson, Goddard and Fitz, when all were past their prime. He couldn't stop Bob Armstrong in ten rounds and had a tough time of it with every young man he ever met.

The Dempsey man then went on to show that every man that Dempsey met was dropped for the count excepting Billy Miske and Meehan.

He figured that if Dempsey could stop Morris, Smith, Brennan, Willard and Levinsky in jig time he'd certainly do the same to Jeffries, who was one of the easiest of the heavies to hit.

It's a hard thing to figure today. Jeff was a marvel in build and weighed about 218 pounds in fighting trim. He stood over six feet and was as strong as a pair of bulls. Dempsey stands over six feet but tips the beam at only around 190 in ring costume. He can hit, though, but whether he could have mixed with the big "bear" Jeffries and lasted a while we can't say.

THE GREATEST FIGHTER HE EVER SAW.

Dear Tad:

Apropos of "The Greatest Fighter I Ever Saw" I respectfully submit the following:

No apology intended, as I've only glimpsed a dozen fights in my life, but I've read of a lot. But to the fighter—that boy was old Leaches Cross. He combined everything that a fighter needs. Here's my dope:

1. He always drew a crowd; half the gang came to see him knocked out; the other half to see him win. As a box office attraction he WAS THERE!

2. His left was a whale, and many a pug who met it hasn't the heart to look a cauliflower in the face yet.

3. He could go the distance, and wasn't afraid of that twenty-round stuff. Look at his record and his go with Dick Hyland.

4. He had science, his footwork was the works. Talking about science—stalling—that's a science of its own! And Leaches could stall; man, he'd look as though the canvas would be his resting place any moment—when suddenly he came to life! Oh! Mommer! That ol' left would shoot out like a 75, and blooie, the house was in an uproar! Thrills—he sure made many! The fans that were present at his fights—none will ever forget him. He was my idea of some fighter.

STATE HUSKIES WORKING HARD TO WIN TITLE

COLUMBUS, Nov. 7. — Determined not to fall by the wayside now that they are out in front of all other Western conference competition, Ohio State's huskies, favored to win the Big Ten title, this week are redoubling their efforts to vanquish Purdue, Wisconsin and Illinois, the three teams remaining on the Buckeye schedule. After being forced to let down somewhat last week by the inclement weather and the fact that there was no game scheduled for the end of the week, the Wilcemen swung into their top stride with the beginning of the week and are working harder than ever.

With the realization that a single defeat may eliminate them from the championship, and with the fate of Chicago and Wisconsin, up to last week undefeated, staring them in the face Captain Harley's players are leaving no stone unturned to prepare in thorough fashion for the remaining foes. All three can rest assured they will more than thave their hands full.

Purdue, contesting with Ohio State for the first time in history for football supremacy, will appear at Ohio field the coming week end. While the Boilermakers have yet to win a Western conference game this fall, reports of Buckeye Scouts indicate that the Lafayette crew is unusually strong and that the local eleven will have to extend itself to wind.

Ohio State, favored for the conference title, is given the edge over the visitors, but no chances are being taken here, and certainly no feeling of over-confidence exists in the Ohio camp. Through preparation for each game being a byword of Wilce-coached elevens the Boilermakers are receiving their full share of attention.

With almost national attention focused upon them, the scarlet and gray players are being worked to the limit. Long sessions daily with the elusive pigskin are in order. Despite the showing made so far regulars are having to fight harder than ever for their jobs, and as usual no one save, perhaps Captain Harley, is absolutely sure of his job.

The line is pretty well set for the remaining three games, unless injuries should occur. Some uncertainty still exists in the backfield as to who will be Captain Harley's running mate for the Purdue game. Bliss, Davies and Taylor so far have been alternating at that niche.

Some of the regulars are still nursing bruises and bumps received in the Michigan game, but Trainer Gurney has his men in fine shape otherwise. They will be fit for the fiercest sort of competition in the three games to come.

Seating arrangements for the Purdue and Illinois games are being enlarged to include the limit of Ohio field's capacity.

EXPECT BIG CROWD AT CASE-MT. UNION GAME

ALLIANCE, Nov. 7.—The Case-Mount Union football contest Saturday afternoon on the local college field will be homecoming day for Mt. Union alumni.

Hundreds of old grads will see Coach O'Brien's moleskin fighters stack up against Case in their twelfth annual game. Football dope puts the teams on an equal footing and a close game is expected by the followers of both schools.

The Methodists are training hard this week. The men hurt in the Oberlin game are fast recovering and the team came out of the Akron fracas in good condition. This week Coach O'Brien dons the moleskins to bolster up the freshman team for stronger opposition in the heavy scrimmage that is putting the Mount varsity in excellent trim for the Cleveland pigskin chasers.

In the previous eleven contests between the two schools Case won 7, Mount Union 4. Many athletes who played against the Cleveland scientifics in former years will see the Saturday game at 2 o'clock.

Asserts New Discovery Brings Blessed Relief To Rose and Hay Fever Sufferers

Can Make It Yourself At Trifling Expense

In spite of all the doubters and scoffers, a man in Kentucky, who changed his annoying and distressing hay fever into less than a mild cold, claims most emphatically that if taken in time hay fever can be conquered or at least made so harmless that it is not even bothersome.

He gave his discovery to scores of other sufferers with the most remarkable results and has recently been prevailed upon to dispense it through pharmacists to all hay fever sufferers who still have faith that nature has provided an effective remedy for this common yet miserable disease.

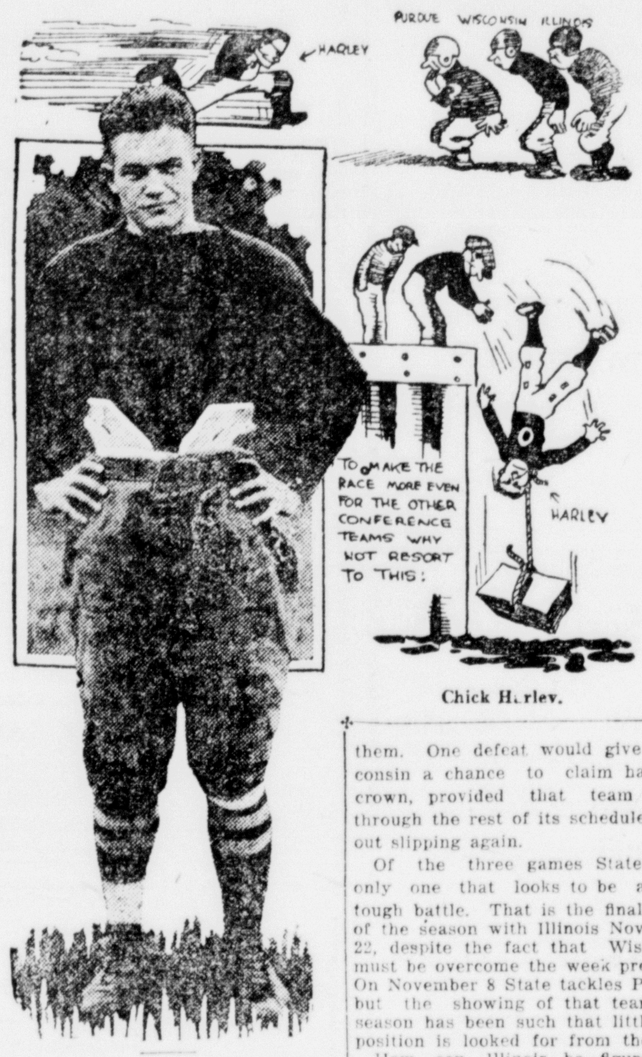
And best of all this remedy costs almost nothing. Get a one ounce bottle of Mentholized Arcine at any drug store, pour the contents into a pint bottle and fill the pint bottle with water that has been boiled.

Then gargle as directed and twice daily snuff or spray each nostril thoroughly.

That's all there is to it; so simple that a lot of people will say that it can't do the work; but oftentimes simple natural remedies are the best as you will find after using.

If you will make up a pint and use it for a week or ten days you need not be surprised if your unwelcome yearly visitor fails to appear.

OHIO STATE IS HEADED FOR GRID TITLE; ONLY UNBEATEN TEAM IN WESTERN CIRCUIT



Chick Harley.

By N. E. BROWN.

Ohio State University is headed toward the western conference grid title and, unless the dope bucket is kicked Hongkong west and crooked, Chick Harley and his fellow gridders will win it.

The battles of November 1 left the State team the only undefeated eleven in the Big Tten. Wisconsin had battled through the early games without losing until they ran up against Minnesota. The Minnesota crew nicked them to the tune of 19 to 7. Chicago had hopes of keeping her slate clean until Illinois put a crimp in it. And so, the list of unbeaten elevens dwindled to one—State.

State has three games yet to play and, to be absolutely sure of a clear claim to the title, must win all of them. One defeat would give Wisconsin a chance to claim half the crown, provided that team went through the rest of its schedule without slipping again.

Of the three games State faces only one that looks to be a real tough battle. That is the final game of the season with Illinois November 22, despite the fact that Wisconsin must be overcome the week previous. On November 8 State tackles Purdue, but the showing of that team this season has been such that little opposition is looked for from them.

How can Illinois be figured as more dangerous than Wisconsin, if Wisconsin has kept its slate clean the longer and has a record as good as Illinois shows, you ask?

Well, for this reason. Wisconsin nosed out a victory over Northwestern University 10 to 6. Michigan, defeated by Ohio State, barely managed to sneak through with a victory over Northwestern, which would make Wisconsin look strong. But, on the other cleated shoe, Chicago swamped Northwestern 41 to 0, and Illinois hung one on Chicago's eye, 14 to 10.

Of course, football figures are the most unreliable little things in the world, but the cold scores are the most definite means of doping out the relative strength of the teams at that.

Looking at the figures from another angle, an easy victory for Illinois over State can be doped out. State defeated Michigan by a score of only 13 to 3. Michigan just nosed out Northwestern, Chicago swamped Northwestern and Illinois swamped Chicago.

This line of dope is weakened by the fact that Northwestern's team had been crippled by Wisconsin and half of the men who played for Northwestern against Chicago were second string men.

Aside from the figures the general team play of the two teams, Illinois and State, gives State the edge. State, lead by Chick Harley, ably assisted by Pete Stinchcomb, has a wonderful machine. The defeat handed Michigan showed State to have one of the most powerful, smoothest working football teams in western conference history.

Women, who have sufferage, in Italy outnumber the male voters.

POTTERIES WILL COMPETE AT Y

West End vs. Klondyke Will Open Season Next Thursday ---Many Events for Contestants.

A series of industrial, social and athletic meets, as planned by John Mylar, assistant physical director at the local Y. M. C. A., promises to bring together on the gym floor, in the swimming pool, in the billiard rooms, some of the best athletic talent in the city during the winter months.

The first event, as announced by Mylar, will take place next Thursday evening, Nov. 13, with the employes of the West End pottery and the Smith & Phillips company of Klondyke as the contesting sides.

An interesting program of events has been prepared for the occasion. The meet will open with a relay race around the gym track. Each side will be limited to six men. This will be followed by a relay race in the swimming pool, beneath the gym. Four men will constitute a side. Six huskies from each pottery will then stage a tug-of-war on the gym floor. The standing broad jump, with four on a side, and the basketball game, with the regulation number of men on each side, will wind up the athletic events.

For the less actively inclined there will be chess, checkers, pocket billiards and carom billiards, each side limited to a man.

The schedule for the season has not yet been definitely dated, but will be arranged in the following order:

Thompson pottery vs. Thomas Porcelain.

Homer Laughlin pottery vs. K. T. & K.

Vodrey's and Hall's against Standard and Dresden.

Edwin M. Knowles vs. Harker's.

SALE OF HAIR TONIC TAKES JUMP IN PORTO RICO

PORTO RICO—Hair tonir has leaped into favor here in Porto Riro. In one week more than 1,350 bottles manufactured by a local firm, under formula registered with the Government, has been sold.

The hair tonic contains 60 per cent alcohol and has been selling for fifteen cents a bottle.

In taste the tonic strongly resembles pure rum.

Within a few weeks 75,000 bottles have been sold.

The police have now stopped the sale and commendered the whole supply.

SPORTING GOSSIP

Behind the recent defeat of Yale by Boston college, made possible by a field goal kicked by Jimmy Fitzpatrick, lies a rather interesting little story. It seems that a couple of years ago, upon graduating from the high school at Meridan, Conn., Jimmy planned to enter Yale and to take part in athletics at that university. Johnny Mack, the Yale trainer, looked the boy over one day, however, and remarked that he would never make an athlete. Mack's hastily rendered judgment caused Fitzpatrick to change his mind about going to Yale, and he entered Boston college. The blow he delivered to the Bulldog's pride the other day, therefore, brought great delight to the heart of the Meridan boy.

Earl Eby, middle distance runner of the Chicago Athletic association, who won the 440 yard run in the A. E. F. games in Paris, has resumed his studies at the University of Pennsylvania. Eby had accepted a position with a Chicago firm and then learned he would be able to graduate next June if he resumed his course at the Quaker institution at once.

The addition of Eby to the Penn track team will undoubtedly make Lawson Robertson's aggregation favorite for honors in the eastern intercollegiate next spring. In addition to Eby, Sherman Landers, another athlete, has returned to Penn and the pair are certain to be point winners in the big eastern meets in addition to scoring heavily in other events during the winter.

The Philadelphia Racquet club will be the scene of the open court tennis championship of America, between Jay Gould, the amateur champion, and Walter Kinsella, the professional title holder, December 2, 4 and 6. Four sets will be played December 2 and 4 and the remaining five sets December 6. In the event of Kinsella winning, he will receive a purse of $2,500, while should Gould triumph, he will be given a silver cup.

It is estimated that the Cincinnati Reds played to more than a million fans during the championship series, thus shattering the attendance record for major league ball clubs. The total attendance at their home games was greater than that at the games they played on the road, yet they helped draw two crowds of 40,000 each at the Polo grounds during the great series played at New York in August. Another big crowd that turned out to see them in hostile territory packed the Phillies park one day late in August, when the potential champions were on their last eastern trip.

The records prove that the Giants were easily the best drawing card at Redland field this summer, as they usually are everywhere. The largest crowd ever drawn by the Reds at home saw Moran's men and the Giants play on Sunday, August 3. The paid attendance that day was 32,121.

Racing and personal liberty are the attractions in Cuba for the coming winter. It is said that 40,000 passports to the Cuban capital have been issued within the last six weeks, and that the demand is steadily increasing.

The promoters of the race meeting at Oriental park are preparing to transport more than 1,000 horses. Many stables will be shipped across the Gulf of Mexico from New Orleans. One of the biggest hotels in Havana has been purchased by Americans who intend to run it on modern lines. In other words, Cuba seems destined to enjoy record breaking popularity during the next four months.

LA FRANCE CO. GETS CONTRACT FOR TRUCK

The American La France Fire Apparatus company was awarded the contract for furnishing the city's new combination fire truck at a meeting of the board of control Thursday afternoon.

The new truck will cost the city $7,650 delivered. Two other bids were submitted by the La France company, two by the Travelers' Garage company from the Mack Motor company and one each from the White Auto and the Seagrave companies.

George Peabody, founder of Peabody's institute, was offered the title of baron by Queen Victoria, but declined it.

PLAN TO ENLARGE ICE CREAM PLANT

Plans for enlarging the plant of the Crystal Ice Cream and Bottling works have been drawn by Arthur N. Evanitzky, manager of the concern. Mr. Evanitzky is now attending a meeting of the Bottlers' Association of America in Chicago. While in that city he will purchase new machinery for the plant. He plans to manufacture ice for his own use and possibly a surplus for the general public.

BOATS DELAYED BY HIGH RIVER

River packets navigating the upper Ohio river which have been greatly delayed because of the high stage of the river are again operating nearly on schedule.

The three packets of the Liberty Transit company, plying between Pittsburg, Cincinnati and way points, were delayed several hours on their upriver trips. The steamer General Wood, which has the longest run between Pittsburg and Cincinnati, is now en route up river.

Practically no water fell over the watersheds of the Allegheny and Monongahela rivers Thursday and the Ohio river is continuing to fall. Officials at government lock No. 8, near here, are awaiting orders to raise the wickets and close the beer traps.

FEAR REVOLUTIONARY TREND IN STRIKE

PARIS, Nov. 7.—Fears were expressed today that the proposed general strike of railway workers may take a revolutionary trend. The leaders of the movement declined to say whether it would be confined to a ninety minutes' cessation of work to commemorate the establishment of soviet rule in Russia or would extend into "a revolutionary general strike."

Free Yourself of Rupture Without Pain, Operation or Loss of Time

FOR the benefit of our readers we take pleasure in publishing the Brooks offer to save all who are ruptured from wearing painful makeshift trusses that do not cure.

The Brooks Appliance Co. gladly sends their remarkable patented Appliance ON TRIAL to prove that it holds the rupture back, keeps it in place, prevents it coming down or slipping out and finally assists Nature to heal up the rupture.

No man or woman ever can look and feel his or her best while suffering the torment, pain and discomfort of rupture.

Every day that you suffer from rupture—every hour of truss torture that you endure—after you read this page *is your own fault.*

For many years we have been telling you that no makeshift truss will ever help you. We have told you about the harm ill-fitting trusses are doing. We have told you that the only truly comfortable, sanitary and scientific device for holding rupture is the Brooks Rupture Appliance.

Now we offer to prove it to you, entirely at our risk. We will send you a Brooks Rupture Appliance *on trial.* If you really want to be rid of your rupture fill out the coupon below and mail it today.

Instead of wearing a steel spring or inflexible harness, try the *velvet-soft* Brooks Appliance.

Instead of the old hard or stuffed pad, use the *soft rubber automatic air-cushion* of a Brooks Appliance.

The Brooks Appliance clings to you without force and you are hardly conscious of its presence. But above all else, it *HOLDS always.*

Within an hour after you receive the Brooks Appliance, if you take advantage of this remarkable trial offer, you will throw away your truss forever.

Over 685,000 People Have Accepted This Offer. Why Not You?

Doesn't that prove that the Brooks Appliance is not an experiment but a positive success—that it does all we claim for it? Among these 685,000 men, women and children there must be *hundreds whose condition was identical with yours.* Can you afford not to investigate and satisfy yourself when it costs you nothing to prove what the Brooks Appliance will do for *you?*

This wonderful device is a triumph of scientific and mechanical genius, the outcome of more than 30 years experience

Mr. C. E. Brooks, Inventor of the Appliance. Mr. Brooks cured himself of rupture over 30 years ago and patented the Appliance from his personal experience. If ruptured, write TODAY to the Brooks Appliance Company, Marshall, Michigan.

and the results accomplished by its use are little short of miraculous.

Many hundreds of physicians and surgeons recommend the Brooks Appliance and condemn makeshift trusses as more harmful and dangerous than any other method of retaining and treating rupture. Thousands of people have written us testifying to the amazing results they have secured from this great invention. Many of these people live right in your vicinity and we will be glad to send you copies of their thankful letters if you will ask for them when you write.

Men, Women and Children Find the Brooks Appliance Equally Effective.

No matter if your rupture is old and and severe or only recently developed, no matter if you are young or old, you should not fail to profit by this ***No-Risk Trial Offer.***

No other rupture support, truss, lock, device, pad or plaster is offered to the public under so broad a guarantee of satisfaction.

If for any reason whatever you do not wish to keep the Brooks Appliance after you try it, send it back. You don't have to give any reason. You are to be the sole judge. There will be no argument, no dispute or misunderstanding.

Ten Reasons Why You Should Accept This Offer.

1. It is absolutely the only Appliance embodying the principles that inventors have sought after for years.

2. The Appliance for retaining the rupture cannot be thrown out of position.

3. Being an air cushion of soft rubber it clings closely to the body, yet never blisters or causes irritation.

4. Unlike ordinary so-called pads, it is not cumbersome or ungainly.

5. It is small, soft and pliable, and positively cannot be detected through the clothing.

6. The soft, pliable bands do not give the unpleasant sensation of wearing a harness.

7. Nothing to get foul; it can be washed without any injury.

8. There are no metal springs in the Appliance to torture one by cutting and bruising the flesh.

9. All materials are the very best that money can buy, making it a durable and safe Appliance to wear.

10. Our reputation is so thoroughly established and our prices so reasonable, our terms so fair, that you should not hesitate to send the free coupon ***today.***

TROTTER'S

Splendid Way To Reduce Your Weight

There is perhaps no one thing that so plainly shows the passing of our youth as the horrible tendency to put on too much weight after we have reached the age of 25 or 30 years. However young our faces may appear, the sagging, flabby figure and forty inch waist "gives us away."

The cause of this over stoutness is that our stomachs convert the food we eat into fat because there is not enough oxygen in the blood to produce a proper combustion to destroy the excess fatty tissue. Fat people will be pleased to learn of a simple home method that is wonderfully efficient in reducing weight quickly and easily without a starving diet, violent massage or strenous exercise. Go to any drug store and get a box of Phynola; take five grains after each meal and at bed time This treatment will often give quick relief from overburdening fat. Phynola taken at meal times assists the stomach in giving you the benefit of the food you eat; at the same time dissolves the fatty tissue from any part of the body where there is excessive fat. By this method many have reduced their weight a pound a day and there is no flabbiness left. Chas. T. Larkins can supply you with the genuine Phynola at a small cost.

Are You Blind In One Eye?

Many persons have been blind in one eye for years without discovering it until something happened to their good eye.

If one of your eyes is defective the other may have to do all the work and the defective one will waste away and become blind from non-use.

Experiment by covering one eye and then the other. If the vision is not equally good in both eyes you should consult an Eye Specialist.

GUESTS AT RECEPTION IN NEWLYWEDS' HONOR

Mr. and Mrs. J. V. Coen and Charles Stevens, all of Newell have returned home from Steubenville, where they attended a reception given in honor of Mr. and Mrs. Schnocksnider, newlyweds, who were married Tuesday.

The young couple were attended by Miss Eva Sweeles of Bloomingdale and Walter Grimm of Canton, the ceremony being performed by Jusice Downer. Following the marriage the bridal pair were tendered a wedding dinner at the home of Mr. and Mrs. J. M. Skeeles, covers being laid for 16.

Mr. Schnock snider has just been discharged from the army.. He served over seas during the world war with the 66th Coast Artillery. The bride's home is at Unionport, Jefferson county

LARGE CROWDS ATTEND REVIVAL SERVICES HERE

The revival services being conducted at the First Presbyterian church in Newell, continues to meet with success large crowds being in attendance each evening.

Rev. Edwin M. McIlvaine of Meadville, Pa., who spoke Thursday evening used the subject, "What is Conversions?" Special music by a quartette and the large chorus choir featured the service. A duet by Mrs. Patton of East Liverpool and Mrs. Sterling Carson was rendered in connection with Wednesday night's service.

Services will be held Friday evening at tha usual hour, 7:30 o'clock. This will be Rev. McIlvaine's last sermon here. He will leave Saturday morning for Meadvile, Pa., in order to occupy his pulpit at the First Presbyterian church at the regular Sunday services.

MAKING IMPROVEMENTS TO CLAY FORMING PLANT

Improvements costing several thousand dollars are being made to the plant of the Novelty Clay Forming company, at East Palestine O., according to word, which has been received in Newell.

The Novelyt Clay Forming company formerly occupied the two kiln plants in Newell, which has been idle for two years or more. It quit operations here because the quarters were too small to take care of the increasing business. The company when it removed to East Palestine, assumed charge of the old plant of the Ohio China company. Now because of additional business, it has been planned to expand more.

The plant is under the management of Fred Owen, who has added a number of specialties to the plant, since its removal to the Ohio city.

NEW CUMBERLAND PLANT TO OPEN THIS MONTH

Manufacturing of ware at the new plant of the Chelsea China Co. at New Cumberland, W. Va., is expected to commence this month, and if so, shiping of the product will be possible on or about December 1. The plant is controlled by New Cumberland and Wheeling interests and will manufacture an exclusive line of vitreous hotel china. Only plain white will be marketed for the present, but a little later a line of decorated ware will be offered the trade. The company has a favorable amount of business on hand, and it is also the first pottery company in West Virginia to make use of the tunnel kiln. The kiln is now being used for sagger firing and has been found to give excellent results.

Grading Roadway

Workmen are engaged in grading the roadway between the Homer Laughlin China company and the Edwin M. Knowles company plants here. The railroad siding, leading along the southside of the Homer Laughin plant was recently rebuilt and lowered during the same process. The roadway, which is alongside the tracks, was left several feet high by the lowering of the railroad switch and now the road is being graded down to the same level as the tracking. The work will be completed within the next week or ten days.

Building Addition To Plant

The Edwin M. Knowles pottery has started work on the construction of an addition to their Newell plant. The addition, will be located directly in the rear of the office buiding, and will adjoin the packing shed. Evcavation for the new building was started this week. The work will be rushed thru as soon as possible in order that it will be completed before cold weather sets in.
